

TAYLOR

University

Fort Wayne Campus
2002 - 2003

Taylor University operates undergraduate liberal arts programs on two campuses, one in Upland, Indiana, and the other in Fort Wayne, Indiana. Together with the Student Life Handbook, which is published annually, this catalog is the official bulletin of Taylor University.

A separate catalog describing the programs offered at Taylor University Upland is available. The traditional program offers bachelor of arts, bachelor of music, bachelor of science, and associate of arts degree programs. The College of Lifelong Learning offers credit and noncredit courses as well as an on-line associate of arts degree program, which primarily serve adult learners through continuing and distance education offerings.

A HERITAGE EXCEEDING 150 YEARS

The year 2002 marked the 156th anniversary of the founding of Taylor University in 1846. During the year of 1846, the United States annexed New Mexico as a territory, admitted Iowa as the 29th state in the Union, and declared war on Mexico. Electric arc lighting was introduced in Paris, and Elias Howe in America patented the sewing machine. John Deere constructed the first plow with a steel moldboard. During the same year, an American dentist W. T. Morton introduced ether as an anesthetic. In the literary world, Henry Wadsworth Longfellow published "The Belfry of Bruges" and Herman Melville published "Typee." In London, Charles Dickens introduced the first cheap English newspaper, the Daily News, and the Evangelical Alliance was founded. In Ireland the failure of the potato crop caused a famine, which would send thousands of Irish immigrants to America. Also in 1846, the Smithsonian Institute was established in Washington D.C., and certain political and religious movements in America gained momentum in advocating the emancipation of black slaves and promoting expanded rights for women.

Forged in the fire of intense religious beliefs, Taylor University was destined to become one of the oldest evangelical Christian colleges in America. Conceptualized with the conviction that women as well as men should have an opportunity for higher education, Taylor University began as Fort Wayne Female College in Fort Wayne, Indiana, and then became Fort Wayne College. Following the example of Oberlin College (which became the first coeducational college in America and the first to award college degrees to women in 1841), Fort Wayne College became coeducational in 1855. In 1890, the school merged with the Fort Wayne College of Medicine and changed its name to Taylor University in honor of Bishop William Taylor. In 1893, because of the population boom in the central part of the state, Taylor University moved to Upland, Indiana. Nearly 100 years later in 1992, Taylor University re-established its presence in Fort Wayne by acquiring Summit Christian College. (Summit had started in 1895 with the sponsorship of the Missionary Church Association and the spiritual leadership of Joseph P. Ramseyer and Daniel Y. Schultz.) Since 1992, Taylor University has operated two campuses in Indiana: Taylor University Upland and Taylor University Fort Wayne.

Bishop William Taylor became a symbol of the values and ideals of the college. William Taylor was an energetic missionary evangelist possessed with unusual vitality of commitment and devotion. His voluminous writings including many books on preaching and missions and extensive worldwide missionary endeavors resulted in his being the first lay pastor to be named a Bishop of the Methodist Church.

With this heritage, Taylor University entered the twentieth century. Taylor University's historian, Dr. William Ringenberg, noted, "The intellectual revolution at the turn-of-the-century cracked the spiritual foundations of major universities" in America by challenging the role of the Christian worldview. "This, coupled with the dehumanizing of education" and the unrest caused by "the inability of secular education to guide students in their quest for meaning" helped to further shape, strengthen, and define Taylor's Christian educational mission.

For 156 years, Taylor has been faithful to that mission.

As we enter the next millennium, the institution's administration, faculty, staff, and students stand committed to our heritage of Christian commitment and academic excellence.

A CHRISTIAN LIBERAL ARTS COLLEGE

Taylor University is an evangelical, independent, interdenominational Christian liberal arts college where faith, living, and learning are integrated. The Taylor University Fort Wayne student body consists of approximately 515 men and women.

Academic pursuits at Taylor are rigorous, demanding imagination, dedication, and integrity from both students and faculty. As a Christian institution, Taylor University has concerned, competent faculty who recognize that all truth has its source in God. The students' quest for truth begins with this conviction and relates to all aspects of the liberal arts curriculum.

The Fort Wayne campus of Taylor University, consisting of approximately 32 acres, is located on West Rudisill Boulevard in Fort Wayne, Indiana. The section of the campus on the south side of West Rudisill consists of classrooms, administration, the library, a women's residence hall, the activities center, and studios for WBCL radio. The part of the campus located on the north side of West Rudisill contains men and women's residence halls, the dining commons, the auditorium, Community School of Arts, and a maintenance facility.

MISSION AND PURPOSES

Taylor University is an interdenominational evangelical Christian institution educating men and women for lifelong learning and for ministering the redemptive love of Jesus Christ to a world in need. As a Christian community of students, faculty, staff, administration, and trustees committed to the Lordship of Jesus Christ, Taylor University offers post-secondary liberal arts and

professional education based upon the conviction that all truth has its source in God.

In order to advance this mission, Taylor University is committed to the following purposes:

- To involve students in learning experiences imbued with a vital Christian interpretation of truth and life that foster their spiritual, intellectual, emotional, physical, vocational, and social development.
- To educate students to recognize that all truth is God's truth and that the Christian faith should permeate all learning, leading to a consistent life of worship, service, stewardship, and world outreach.
- To create specific experiences wherein the integrative focus of the Christian liberal arts education is clarified, personalized, and applied.
- To foster a biblical model of relationships that acknowledges both unity and diversity of the followers of Christ and that can be evidenced in a continuing lifestyle of service to and concern for others.
- To contribute to the advancement of human knowledge and understanding, and serve the evangelical Christian church and the larger public community for the glory of God.
- To build maximum program effectiveness by maintaining appropriate support service, by consistently studying and improving all university operations, and by fostering mutually beneficial relationships between and among students, faculty, staff, administration, and trustees.

Core Values Statement

Taylor University is comprised of covenant communities on a journey of Christian discipleship known for our tough minds, tender hearts and hands outstretched in competent, caring service. As covenant communities we work to be Christ-centered, biblically anchored, liberal arts grounded, whole person focused, vocationally equipping, world engaging and servant leadership motivated. The goal of our journey is to produce Christian disciples able to do God's work throughout His creation ministering the redemptive love of Jesus Christ to a world in need through lifetimes of learning, leadership and service.

Implementation of the Mission and Purposes

Taylor University carries out its mission and purposes through the operation of educational programs centered on two campuses. All Taylor University programs hold to a Christian worldview and are characterized by the integration of faith and learning.

Taylor University Fort Wayne uses traditional and alternate delivery systems to serve both traditional students and adult learners in educational programming that results in baccalaureate degrees, associate degrees, departmental certificates of completion, and continuing education. In the nontraditional adult programs, enrollment opportunities are extended to qualified individuals who respect, but may not personally embrace, the university's statement of faith.

Taylor University Upland serves Christian men and women in a community that consists largely of traditional college students living in a residential campus setting and pursuing baccalaureate-level degree programs.

Statement of Faith

Taylor University is firmly committed to evangelical Christianity. To assure the central place of Christian principles in the philosophy and life of the university, the trustees, administration, and faculty believe that

- God is the ultimate creator and sustainer of all things in heaven and on earth;
- The Holy Bible is the inspired, authoritative, written Word of God, progressively revealing God's will for humankind who, though created by God in His image, rebelled and needs redemption;
- Jesus Christ is the Living Word of God, Who made known God's plan for redemption in His virgin birth, sinless life, atoning death, bodily resurrection, and ascension; and Who will return in power and glory;
- The Holy Spirit is God present in the life of the believer, testifying to the Lordship of Christ and enabling the believer to live a godly life; and
- The Church is the community of believers who express their unity in Christ by loving and serving Him, for each other, and for all humankind.

THE LIFE TOGETHER COVENANT

Taylor University is a community of Christians who have joined together for the purpose of academic progress, personal development, and spiritual growth. Participation in the university community is based on the foundation of our commitment to the Lordship of Jesus Christ. Together we seek to honor Him by integrating faith and learning while our hearts and lives reflect the process of maturing in Christ.

The purpose of this covenant is to identify the expectations for participation in our community that assist us in living together and in meeting institutional objectives. We acknowledge that it is impossible to

create a community with expectations that are totally acceptable to every member. Nevertheless, certain expectations must be specified to assure orderly community life. When individuals join the Taylor community, they freely and willingly choose to take upon themselves the responsibilities outlined in this covenant.

Assumptions

Community life at Taylor University is based upon the following beliefs:

1. Loving God and being accountable to Him are the primary motivations for Christian relationships and behavior.
2. The Bible is our authority; it provides the essential teachings and principles for personal and community conduct.
3. God, through the Holy Spirit, places in every believer the inner resources and attributes to minister to others through supportive relationships.

Responsibilities for Relationships

Living in daily fellowship with other Christians is a privilege and an expression of God's grace. In recognition of this privilege, great value is placed on the quality of relationships in our community. We acknowledge that we are living in a fellowship where we are dependent on and accountable to one another. The New Testament word for fellowship is *koinonia*. It is translated as partaker, communion, communication, contribution, or distribution. Members, therefore, are encouraged to seek as many opportunities as possible to demonstrate *koinonia*.

Within our community, the greatest expression of fellowship and the highest principle for relationships is love. As Scripture states: *We should love one another. This is how we know what love is: Jesus Christ laid down His life for us. And we ought to lay down our lives for our brothers . . . let us not love with words or tongue but with actions and in truth. Since God so loved us, we also ought to love one another. Whoever loves God must also love his brother (1 John 3:11, 16, 18; 1 John 4:11, 21 NIV).*

For the purpose of our community we have identified the following specific expressions of love as being among the most desirable in our relationships.

Edification

We expect each member of the community to strive consciously to maintain relationships that support, encourage, and help others. According to Scripture: *We who are strong ought to bear with the failings of the weak and not to please ourselves. Each of us should*

please his neighbor for his good, to build him up (Romans 15:1-2 NIV).

Bearing with One Another

Because of our humanness, difficulties in relationships can occur. In such cases, we are to respond as the Scripture states: *. . . clothe yourselves with compassion, kindness, humility, gentleness and patience. Bear with each other and forgive whatever grievances you may have against one another (Colossians 3:12, 13a NIV).*

Burden Bearing

We are responsible to come alongside those experiencing grief, discouragement, illness, tragedy, or other personal trials. Expressions of bearing one another's burdens include comfort, encouragement, consolation, and intercession.

Speaking the Truth in Love

Speaking the truth to each other with love can strengthen a community such as ours. Problems in relationships and behavior can be resolved constructively by confronting one another in an appropriate spirit. If the welfare of the one being confronted is paramount and if the confronter is acting in love, the process can produce growth.

Reconciliation, Restoration, and Restitution

Healing broken relationships is necessary for a healthy community. When relationships have been harmed, regardless of the reason, individuals are expected to reach out to one another, to forgive one another, to restore relationships, and to make restitution. II Corinthians 5:18-19 NIV states: *. . . and He (Christ) gave us the ministry of reconciliation . . . and He has committed to us the message of reconciliation.*

Implementing the above expressions of love in relationships requires continual effort and sensitivity to others. Relationships of this quality honor God, enrich our lives, and assist in meeting the goals of the university.

Biblical Responsibilities for Behavior and Attitudes

Scripture teaches that certain attributes are available to individuals through the Holy Spirit. These attributes include: *love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. Against such things there is no law (Galatians 5:22-24 NIV).* This "fruit of the Spirit" is to be sought, encouraged, and demonstrated in our relationships.

In contrast to encouraging these positive attributes of the heart, Scripture condemns attitudes such as greed, jealousy, pride, lust, and hatred. Although these attitudes are sometimes difficult to discern, they can hinder relationships with God and others and lead to unacceptable behavior.

Certain behaviors are expressly prohibited in Scripture and therefore should be avoided by members of the university community. They include theft, lying, dishonesty, gossip, slander, backbiting, profanity, vulgarity (including crude language), sexual promiscuity (including adultery, homosexual behavior, and premarital sex), drunkenness, immodesty of dress, and occult practices.

In keeping with scriptural admonitions to bring ourselves under the authority of government, members of the Taylor University community are expected to uphold the laws of the local community, the state of Indiana, and the nation. An exception would be those rare occasions in which obedience to the civil authorities would require behavior that conflicts with the teaching of Scripture. On such occasions, each individual would submit voluntarily to the civil penalty for this behavior. Behavior resulting in civil arrest on or off campus is subject to review within the university's disciplinary procedures.

University Expectations for Behavior and Attitudes

In addition to subscribing to biblical expectations, members of the Taylor University community voluntarily commit themselves to the following standards of behavior. This commitment results from the conviction that these standards serve the good of the individual as well as the institution. These standards are not set forth as absolutes or as an index of Christian spirituality but rather as expectations of this community. Because of the importance of trust in and responsibility to one another, violations of these standards are regarded as a serious breach of integrity within the community.

The following standards apply to students, faculty, and administrators at Taylor University:

1. Members of the community are to observe the Lord's Day (Sunday) as a day set apart primarily for worship, fellowship, ministry, and rest. While activities such as recreation may be a part of the day, "business as usual" relative to university programs and services will not be sanctioned or encouraged except where absolutely necessary.
2. Corporate worship, fellowship, and instruction are essential for our community. Therefore, students, faculty, and administrators are expected to attend chapel. Regular attendance is understood as a mature response to our community goals. The attendance policy is not a voluntary one; it is dependent upon individual honor and allows three or fewer absences each term. In addition, members of the community are encouraged to participate in university-related religious activities as well as those of their own church.
3. The community recognizes the danger to one's physical and psychological well being in the use of certain products. Therefore, members of the community are to refrain from the use of tobacco in any form, alcoholic beverages, hallucinogenic drugs and substances (including marijuana), or narcotics not authorized by a physician. Under no circumstances are the above to be used, possessed, or distributed on or away from campus. Members are expected not to abuse the use of legal substances.
4. Gambling (exchange of money and goods by betting or wagering) is viewed as an unwise use of God-given resources and therefore is not acceptable in any form.
5. In order to enhance and preserve the ethos of Taylor University, social dancing by community members is not permitted on or away from campus. However, acceptable forms of expression by the university may include sanctioned folk dances, ethnic games, and dances that are designed to worship God. The use of choreography in drama, musical productions, and athletic events is also acceptable.
6. Because of our concern for the worth and dignity of persons, each member of the community is expected to be sensitive to special needs existing in our society and on our campus. Therefore, discrimination against others on the basis of race, national origin, sex, or disability is not acceptable.
7. Any kind of demeaning gesture, threat of violence, or physical attack directed toward another person will not be tolerated. Vandalism of property is also unacceptable.
8. The university urges its members to be selective in their choices of entertainment and recreation. Activities and entertainment that are of questionable value or diminish a person's moral sensitivity should be avoided.
9. The pornography industry exploits people. Further, the use of the industry's products is immoral. Therefore, pornographic materials are not to be used, possessed, or distributed on or away from campus.
10. Consideration for others and standards of good taste are important to Taylor; therefore, all activities should be limited by this principle.
11. Members of the community are subject to the demands of academic integrity, such as honesty and giving credit to sources.
12. Compliance with day-to-day policies and procedures of the community is expected from members. These routine items are listed in the Student Life Handbook, the university catalog, and the Taylor University Faculty and Administrative Staff Handbook.

Conclusion

The intent of this covenant is to identify expectations that assist Taylor University in functioning as a Christian community and in achieving its goals as an institution of higher learning. The covenant addresses relationships and behavior; these emphases are parallel and vital to the quality of our experience together. The behavioral portion of the covenant includes standards that are specific to the university. These standards are important to our community and must be consistently maintained to assure a proper climate for learning. Nevertheless, these standards must be kept in perspective with the biblical responsibilities for relationships and behavior.

The book of Colossians provides an appropriate summary of the goals for our community: *Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, humility, gentleness and patience. Bear with each other and forgive whatever grievances you may have against one another. And over all these virtues put on love, which binds them all together in perfect unity. Let the peace of Christ rule in your hearts, since as members of one body you were called to peace...Let the word of Christ dwell in you richly as you teach and admonish one another...And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God...(Colossians 3:12-17 NIV).*

All students (single and married) are responsible for implementing the relational and behavioral expectations listed above when the university is in session (beginning of first semester through the end of second semester and/or summer sessions), when they are part of a university program, and/or when they are living in university-approved housing.

Because the policies of the university are not intended to infringe upon the government of the home, students who are in the presence of their parents/ guardians are assumed to be part of the family unit and under the direction of their parents/guardians. Students who commute from the home of their parents/guardians are expected to abide by these policies except when university regulations conflict with the governance of the home.

Employees of the university are responsible to abide by the Life Together Covenant.

Multicultural Philosophy Statement

We believe in equality of all people as imbedded in biblical teachings and as an integral part of Christian commitment. We acknowledge that this is affirmed in the Constitution of the United States of America. We believe in an environment in which people can live and work cooperatively, valuing the multiple cultures from

which they have come without violating institutional values. We believe in multicultural education as an interdisciplinary effort to prepare graduates who understand, appreciate, and work effectively with those who are different from themselves. We believe in global interdependence, implying the need to graduate individuals capable of functioning as global citizens.

Sanctity of Life Statement

Scripture affirms the sacredness of human life, which is created in the image of God. Genesis 1:27 NIV states: *So God created man in His own image, in the image of God He created him; male and female He created them.* Therefore, human life must be respected and protected from its inception to its completion.

ACCREDITATION AND MEMBERSHIPS

In its academic programs at Fort Wayne and Upland, Taylor University is accredited by The Higher Learning Commission and a member of the North Central Association, the Council on Social Work Education, and the National Council for Accreditation of Teacher Education and the Indiana Professional Standards Board. The music program at Upland is also accredited by the National Association of Schools of Music. Taylor University is also a candidate for accreditation by the Association of Collegiate Business Schools and Programs. All accreditation documents are maintained in the Office of Administration and Planning.

Memberships include the American Assembly of Collegiate Schools of Business, American Association of Colleges for Teacher Education, American Association of Higher Education, American Association of University Women, American Council on Education, Associated Colleges of Indiana, Association of American Colleges and Universities, Association of Governing Boards of Universities and Colleges, Christian Center for Urban Studies, Christian College Consortium, Cincinnati Council on World Affairs, Council for Christian Colleges and Universities, College Board, Council of Independent Colleges, Evangelical Council for Financial Accountability, Higher Education Commission of Christian Holiness Association, Independent Colleges and Universities of Indiana, Indiana Conference on Higher Education, Indiana Consortium for International Programs, NAFSA: Association of International Educators, National Association of Student Financial Aid, National Association of College and University Business Officers, and National Association of Independent Colleges and Universities.

Christian College Consortium

To provide a variety of professional and academic experiences for faculty and students, Taylor maintains membership in the Christian College Consortium that unites thirteen Christian liberal arts colleges with programs similar to those of Taylor. Of special interest to Taylor students are the opportunities for semester visiting-student options on the other campuses and cooperative off-campus/international programs.

Council for Christian Colleges and Universities

Taylor University Fort Wayne has affiliate status with the Council for Christian Colleges and Universities, a Washington, D.C.-based organization founded in 1976. The CCCU's primary focus is to help its member

institutions pursue excellence through the effective integration of biblical faith, scholarship, and service. The council sponsors semester programs for qualified upperclassmen from its member schools. These offerings include the American Studies Program in Washington, D.C.; the China Studies Program; the Contemporary Music Center in Martha's Vineyard, Massachusetts; the Latin American Studies Program based in San Jose, Costa Rica; the Los Angeles Film Studies Center; the Middle East Studies Program in Cairo, Egypt; the Oxford Honours Programme; the Russian Studies Program in Moscow, St. Petersburg, and Nizhni Novgorod; and the Summer Institute of Journalism in Washington, D.C.

CAMPUS FACILITIES

The Taylor community provides a variety of living arrangements, the new Student Commons, and easily accessible academic buildings. The following facilities are part of the Taylor Fort Wayne campus:

Ada M. Smith Hausser Hall: Soon after the completion of the S.A. Lehman Memorial Library, initial planning began regarding the building of a women's residence hall to provide for increased student enrollment. Ground was broken in the winter of 1964, and because of a few delays, the building was not ready for occupancy until January 1965. The two-story building houses 100 women. Restrooms, laundry facilities, and a lounge fill the center spaces. Two apartments house the resident director and women who are upperclassmen. Initially named Lexington Dorm, from its location on Lexington Avenue, the name changed to Hausser Hall in May 1995 in honor of Ada M. Smith Hausser's 53 years of dedicated service to her alma mater.

Bethany Hall: Bethany Hall was named after Bethany Home and Bible Institute, the antecedent for Fort Wayne Bible Training School in Bluffton, Ohio. The hall was constructed in 1929-30 after crowded conditions in all departments of the school program demanded a second building. The two-story brick building provided residence hall space, a large reception room on the first floor, three large classrooms, and several utility rooms in the basement.

Bethany Hall was considered a women's dormitory until the summer of 1949 when the administrative offices were moved from Schultz Hall to occupy the first floor. The middle classroom on the basement level was converted into the college bookstore and mail-distribution room; the college print shop was located across the hall.

After the completion of S.A. Witmer Memorial Hall in 1970, the administrative offices and all other services were moved to the new building. Bethany Hall reverted in its entirety to a women's residence and remains a women's residence today.

Clyde W. Taylor House: In winter 1996-97, the house located at 909 W. Rudisill was purchased by the university and became the first home to the office of correspondence studies, now known as the College of Lifelong Learning.

Originally known simply as the brick house, it was renamed the Clyde W. Taylor house in 1999 in honor of Clyde W. Taylor's dedication to missions and service to the university. Taylor traveled to more than 100 countries and their mission fields and pastored several

churches. He also holds the longest tenure - 39 years - on the university's governing board.

Eicher Student Commons/Lehman Memorial Library Expansion: The Commons, completed in fall 2000, houses a cafeteria, student lounge, recreation area, prayer room, post office, bookstore, campus safety, student development offices, career services, conference rooms, workroom, and student government.

Founders Memorial Hall: Due to the growth of the music department, private lessons, and equipment, plans for a music hall were completed in 1938. In August 1941, the original plans were revamped and a much larger building was approved. The building was completed in 1942 and was named Founders Memorial Building in honor of the six who, through a cooperative vision and effort, became the co-founders of the Fort Wayne Bible Institute.

Today, Founders Memorial Hall houses the Community School of the Arts and the music department. Founders Hall includes 25 practice rooms, four studios, three large classrooms, and piano labs. The building also holds Ramseyer Chapel, a chapel/auditorium that seats over 400.

In the fall of 1999, the Hoosier College Preparatory Program moved into the lower level of this building.

Gerig Activities Center: Construction of the activities center began August 1988 and was dedicated September 23, 1989. The multipurpose building houses a gymnasium/convocation area that has been heavily utilized by campus and community athletics, concerts, banquets, and seminars. The facility is named after Dr. Jared Gerig, Dr. Ira Gerig, Dr. Wesley Gerig, Miss Joy Gerig, Dr. Donald Gerig, Rev. William Gerig, and other Gerig family members who have demonstrated commitment to the institution through leadership, instruction, example, and spiritual direction.

Oakwood Apartments: There are ten apartments in this complex. Due to increased enrollment, this facility is serving in a dual capacity. Four apartments are dedicated to married students. The balance is dedicated to housing for twenty-four single women. This will continue to transition to housing for single women as the need dictates.

Reynolds Building: Edison Reynolds, for whom the building is now named, foresaw the need for a physical plant building. Reynolds served the campus for 33 years as director of physical plant. The University purchased the materials to assemble the main structure while his mother supplied the financial gift to provide air conditioning for the office. Completed in 1979, the

CAMPUS FACILITIES

Reynolds building has kept up with modernization and has served the university well.

S.A. Lehman Memorial Library: The S.A. Lehman Memorial Library, built and occupied in 1960, is situated on the south campus.

The library houses over 74,000 volumes and subscribes to 500+ periodicals and newspapers. Its online catalog is part of the shared library catalog of the Private Academic Library Network of Indiana (PALNI). One of the library's special collections is the Instructional Materials Center with curriculum materials to support the Christian ministries and elementary education programs.

Research databases, available at Lehman Library Online (<http://www.tayloru.edu/fw/academics/library/>), provide support for all areas of research and study and include many full-text resources. Interlibrary loan and various consortial arrangements give access to the resources of other libraries. The Lehman Library works in cooperation with the Zondervan Library on the Taylor University Upland campus.

Reference services include consultation with librarians at the Reference Desk, a special program of library instruction for freshmen, and course-integrated instruction across the curriculum.

S.A. Witmer Memorial Hall: Witmer Hall was dedicated on October 25, 1970. This four-story building houses administrative and faculty offices, 16 class and seminar rooms, a lecture hall, science laboratory, computer labs (Mac and PC).

Schultz Hall: A simple groundbreaking service was held on September 5, 1904, for Schultz Hall, then known as Fort Wayne Bible Training School Building (BTS), the center of school life in its entirety from 1904-1930. It

was self-contained as a three-story brick building with classrooms, dining hall, kitchen, library, laundry, chapel, offices, reception room, and forty dormitory rooms equipped for two occupants each. Today Schultz Hall serves as the residence for men.

WBCL Radio: In 1976, a Christian radio station began in Fort Wayne under the ownership of the then Fort Wayne Bible College. What started as an 18-hour-day station with two full-time employees has grown to a ministry of over 20 employees, broadcasting the love and hope of Jesus Christ to thousands of listeners 24 hours a day. In 1992, ownership of WBCL was transferred to Taylor University through a merger of the two educational institutions.

In 1992, WBCL also began broadcasting on WBCY at 89.5 FM in Northwest Ohio. With tower and transmitter in Archbold, the quality Christian programming is simulcast from the Fort Wayne studios to an area that extends even into Michigan.

In 1997, WBCJ became a reality in West Central Ohio at 88.1 FM. With tower and transmitter in Spencerville, Ohio, the simulcast programming reaches Lima, Celina, Wapakoneta, and St. Marys.

Wiebke House: Built in 1882 in the middle of the Wiebke farm, this house became part of campus property when the remaining eight acres of Wiebke property were purchased in 1958. A life-lease on the house was a condition of the purchase, as Miss Emma Wiebke, one of the four Wiebke children, continued to reside in the house. After failing health caused her to be moved into a nursing home in 1959, the property was released from the life-estate condition. Modernization of the house was completed in 1966 when it was made into a men's residence. Today it serves as a residence for women.

ACADEMIC REGULATIONS

Academic policies and regulations are developed and approved by the faculty of the university and are administered by the Academic Affairs and Registrar’s Offices. Intended to be rigorous and challenging, these policies and regulations are administered with individualized attention and concern for the educational advantage and well-being of each student.

ACADEMIC CALENDAR

Taylor University’s academic year consists of fall and spring semesters, a January interterm, and summer sessions. Under this schedule, the fall semester activities, including examinations, are concluded prior to the Christmas recess. Classes are conducted in each semester for a period of fifteen weeks, including a four-day examination period. The typical class period for one semester hour is fifty minutes. The January interterm provides students an intensive period of study in a single course or opportunities to study in off-campus centers in the United States and international locations. In addition, three summer sessions are available to enhance and supplement the students’ educational programs and meet special program requirements. (For actual calendar dates, see the College Calendar section.)

ADVISEMENT AND REGISTRATION

Faculty Advisors

The Registrar’s Office assigns academic advisors to all students in their area of academic interest. Advisors are provided to assist students in planning their academic programs. Advisors are authorized to communicate the established policy of the university. Students are expected to assume responsibility for obtaining academic advising after enrolling at Taylor, to keep informed about general education and major requirements by consulting the catalog and program curriculum guides, to initiate and be prepared for conferences with assigned advisors, and to be aware of published academic deadlines and regulations as stated in the schedule of classes, the published calendar, and the catalog. While Taylor University publishes program information and materials and assigns advisors, the student is solely responsible for assuring that his or her academic program complies with the policies of the university. Any advice that is at variance with established policy must be confirmed by the Registrar’s Office.

Academic Load

Registration for 12 or more hours during fall or spring semester constitutes full-time standing. A normal

academic load is 14 to 16 hours per term. Students with at least a 2.00 grade point average (gpa) may take 17 hours. A 3.00 gpa is necessary to carry 18 hours, 3.30 for 19 hours, and 3.60 for 20 hours. An additional charge exists for each semester hour over 17.

Registration for three to four hours is considered a normal load for interterm. Five hours is the maximum load for this 17-day term and requires a 3.00 gpa. An additional charge exists for the fifth hour.

The first summer session is a full term lasting the entire summer (approximately 12 weeks) in which all practicums, independent studies, and directed research studies are offered. A normal academic load for the second summer session (18 days) is three to four hours; a 3.00 gpa is necessary to carry five hours. A normal academic load for the third summer session (24 days) is three to six hours; a 3.00 gpa is necessary to carry seven hours, a 3.60 gpa is necessary for eight hours. Registration for 12 hours over all three summer terms constitutes full-time standing.

Classification of Students

Matriculated students are those students who have fully met all requirements for admission and have enrolled in courses to meet undergraduate degree requirements. Matriculated students are classified as follows:

Class	Total Cumulative Credits
Freshmen	0.00-30.99 credits
Sophomores	31.00-60.99 credits
Juniors	61.00-94.99 credits
Seniors	95+ credits

Advance Registration

Advance registration provides an opportunity for both new and continuing degree-seeking students to register in advance for courses during the upcoming semester(s). Registration priority for classes is determined by cumulative earned hours with priority given to students with the most hours. Students who do not register in advance will lose their priority position during the advance registration process. It is the responsibility of each student to follow directives relating to student housing, billing, payment of bills, registration, and financial aid that are published annually and sent to all students by the President’s Office.

Change of Registration

The student is held responsible for each course in which he or she officially registers. Changes of registration begin in the Registrar’s Office and require the approval of the advisor and the registrar. Courses may be added during the first week of classes; however, each missed

ACADEMIC REGULATIONS

class that week counts as an unexcused absence. Courses dropped during the second and third weeks of the term appear on the student's transcript with a grade of withdrawn (W). Students dropping a course after this period and up to one week after midterm receive either a grade of withdrawn/passing (WP) or withdrawn/failing (WF). When a course is dropped later than one week beyond midterm, the grade automatically is WF. The effect of WF on the gpa is the same as that of a full-term failing grade. Discontinuance of attendance does not automatically constitute a withdrawal from a course. Students failing to file a proper drop/add form by the appropriate deadline must complete classes for which they are registered or receive a grade of F.

University Withdrawal

A student who finds it necessary to withdraw from all credit classes must apply for formal withdrawal through the Office of Student Development. If a student withdraws from the university he/she will receive a WP for a course he/she was passing and a WF for a course he/she was failing. If this procedure is not followed, failing grades may be assigned. Failure to complete the term does not cancel the student's obligation to pay tuition and other charges. For specific details on refunds and adjustments, refer to the Finance section in this catalog.

Audit Registration

Audit registration occurs only through the first week of classes. Courses taken for audit receive no credit or grade. Students must attend at least half of the class meetings as verified by the professor in order for the courses to appear on the transcript with a grade of AUD. Students requesting a course for credit (grade or pass/fail) are given priority in registering for a course. Some courses are not available for audit credit such as private lessons, music ensembles, studio art courses, physical education skills courses, laboratory courses, practicums, and internships. Students should request permission from the Registrar's Office and the instructor to enter a course as an auditor.

Pass-Fail Registration

Students should request permission from the Registrar's Office to take a course pass-fail. The pass-fail option can occur only through the first week of classes and is subject to the following guidelines:

- A pass grade represents work completed at C- or above.
- This option is open only to second-term sophomores or above with at least a 2.30 gpa; the exception is the practicum, which is open to all qualified students.
- No course in the major or minor field (except the practicum) and no general education course may be

taken pass-fail until all requirements in those areas are met.

- No course needed for teacher certification may be taken pass-fail.
- The choice to take a class pass-fail must be declared by the end of the first week of classes.
- Pass-fail courses do not affect the gpa if passed, but they do affect the gpa if failed.
- Pass-fail courses are limited to one course per term and a total of 13 credit hours including the practicum if this is taken pass-fail. Courses available only on a pass-fail basis are not included in this total.

Repeat Registration

A student may repeat any course at Taylor University. All attempts in a course are reflected on the student's transcript, and the cumulative gpa will reflect the most recent grade in the repeated course. Duplicate credit hours are not awarded when repeating a course.

Independent Study and Tutorial Registration

An independent study is an individualized, directed study involving a specific topic. The student is required to meet with the professor to plan a schedule of reading and study. Assignments and tests are scheduled by appointment or by special arrangement. No student who is on academic probation may register for an independent study unless repeating a course. No student may complete more than 12 hours of independent study. Independent study requires the consent of the instructor and the approval of the advisor, course department chair, and Office of Academic Affairs.

A tutorial course is classroom-based, individualized instruction scheduled to meet on campus at a time that is mutually convenient for the student and the professor. The contact hours for this course must meet the standard set by the Office of Academic Affairs. Any course listed in the catalog may be taught as a tutorial course with the consent of the instructor and approval of the advisor, course department chair, and Office of Academic Affairs.

Registration forms are available in the Registrar's Office or at <http://online.tayloru.edu/admin/registrar/forms.asp>

Experiential Education

Experiential education includes internships, practicums, and field experiences that provide students with the opportunity to integrate theoretical learning in a major field of study with actual work experience in a variety of nonclassroom settings. Students should consult with departments and supervising faculty for guidelines and responsibilities.

An internship is an advanced-level, discipline-related, culminating field experience directed towards preparing students for professional licensure or entry-level positions. Internship placements should be substantive, new, and educationally rewarding, rather than a continuation of a prior work experience. Completed under the direction of a faculty advisor and an employer supervisor, students are required to complete a minimum of 40 clock hours of work experience for each academic credit earned. Students may earn a maximum of 16 hours of credit, subject to departmental requirements, toward graduation requirements through the internship experience. Internships are usually completed during a regular semester. Usually, internships require students to devote their full time, effort, and attention to completing internship requirements. Therefore, it is recommended that students not enroll in additional courses during the term when internships are being completed.

A practicum course is a significant applied-learning experience with a meaningful, supporting component that enables students to observe, apply, and better understand previously studied theory. Individual practicums can be done for one to four hours of credit. Students can earn a maximum of eight hours of credit towards graduation requirements through practicum experiences, subject to departmental requirements. Completed under the direction of a faculty advisor and an employer supervisor, students are required to complete a minimum of 40 clock hours of work experience for each academic credit earned. Students usually complete practicum experiences during the summer session. Registration forms are available in the Registrar's Office or at <http://online.tayloru.edu/admin/registrar/forms.asp>.

Field experiences are usually a component of a regular course and provide students opportunities to learn, observe, and assist professionals with selected tasks in an off-campus setting related to a career or program goal. Students are placed, supervised, and evaluated by the faculty responsible for the course. Assignments related to field experiences become part of the overall course evaluation.

GRADES

Grading System

The following grades and quality points are assigned to undergraduate students at Taylor University in calculating the gpa:

Grade Meaning	Quality Points	Calculated in GPA
A Superior	4.00	Yes
A-	3.67	Yes
B+	3.33	Yes
B Good	3.00	Yes
B-	2.67	Yes
C+	2.33	Yes
C Satisfactory	2.00	Yes
C-	1.67	Yes
D+	1.33	Yes
D Minimally acceptable	1.00	Yes
D-	.67	Yes
F Failing	0	Yes
P Pass (C- or above)	0	No
CR Credit	0	No
W Withdrawn	0	No
WP Withdrawn/passing	0	No
WF Withdrawn/failing	0	Yes
INC Incomplete	0	No
NR Grade not reported	0	No
NC No Credit/failing	0	Yes
AUD Audit	0	No

The unit of credit is the semester hour. Grade point average (gpa) is calculated by dividing quality points by gpa hours. Grade point hours include only Taylor University courses taken for a grade.

Incomplete and Not Reported Grades

All work for credit is expected to be completed within the term it is attempted. An incomplete grade (INC) may be given when an emergency prevents a student who has been passing the course from completing some crucial portion of the required work, but not to complete extra work to raise a grade. Incompletes must be authorized by the Office of Academic Affairs before they are submitted to the Registrar's Office. Incompletes should be translated to grades and reported to the Registrar's Office by the date approved by the Office of Academic Affairs. The last possible date for approval is the week before final examinations of the following full term.

The Registrar's Office will record an NR (not reported) when grades are unavailable, such as receipt of transcripts for off-campus study programs or faculty emergencies.

If no change has been made by the instructor by the approved due date, the registrar is authorized to change the INC or NR to an F.

ACADEMIC REGULATIONS

Grade Reports

Students may view midterm and final grades through TOWER (Taylor Online Web Enabled Records). Mid-term grades are only entered if they are below C-. Mid-term grades are not recorded on the student's record in any way. Allow approximately one week after the last final exam for calculating and posting of final grades. Grades will not be mailed to degree seeking students. For information on accessing TOWER, go to http://online.tayloru.edu/admin/tower/tower_for_students.htm.

Grade Changes

All requests for change of grade (except from an INC or NR) are initiated by the student with the professor of record and then must be approved by the Office of Academic Affairs. Questions regarding the grade should be directed to the professor within two weeks after being posted on TOWER. Such a change is permitted only before the end of the next term after the original grade was awarded.

Dean's List

Full-time students are named to the Dean's List when they have earned a 3.60 or better gpa for the term and when at least 12 hours carry quality point values.

Eligibility for Intercollegiate Athletics

For participation in intercollegiate athletics, students must be enrolled full time, carrying at least 12 credit hours. In addition, they must be students in good standing, not on probation, and meet the requirements of the United States Collegiate Athletic Association.

Academic Progress

A student who meets the minimal grade point average requirements as indicated below is considered to be a student in good academic standing. A student who falls below the minimum required grade point average is placed on academic probation and enters a special advisement program under the direction of the Learning Support Center and the academic advisor.

Cumulative Earned Hours	Minimum Required GPA
00.00-12.99	1.60
13.00-30.99	1.70
31.00-44.99	1.80
45.00-60.99	1.90
61.00 +	2.00

The grade point average of each student is reviewed twice annually to determine whether action needs to be taken with respect to probationary status. The first such review takes place after fall semester for all students except first-time freshmen who are reviewed after

interterm. Athletes in play across three terms are also reviewed after interterm. At the end of the spring semester, grade point averages for all students are reviewed for the same purpose.

For students placed on probation, failure to reach the minimum requirements within one semester results in suspension from the university, unless during that semester at least a 2.30 term grade point average is earned. Students who earn a 2.30 term gpa may be placed on "extended probation" and are not eligible to receive financial aid. First-time suspension is for one semester; a second-time suspension is for one year. A student may apply for readmission after the suspension period. Readmission is not automatic and requires the approval of several offices on campus.

Placement on academic probation carries related consequences. Eligibility for financial aid continues for one semester only. No student on academic probation is allowed to hold a university student leadership position until such time as he/she qualifies for acceptable academic standing. Similarly, university policy does not permit athletic participation by students who are on academic probation. No student on academic probation may register for distance learning courses or independent study courses unless repeating a course. No academically suspended student may be enrolled in any Taylor courses including those offered by Taylor University's College of Lifelong Learning (CLL). In some cases, it may be advisable for a suspended student to enroll in courses at another institution in order to make a better case for readmission to Taylor. Such students should consult with the Registrar's Office in advance of such enrollment.

Additional information concerning academic probation and suspension is available from the Registrar's Office.

GENERAL ACADEMIC POLICIES

Graduation

A student may complete graduation requirements at the end of any of the university's instructional terms that conclude in December, January, May, or August. However, commencement ceremonies are held only in May at the end of the spring term. Diplomas for December, January, and May graduates are awarded at commencement. Participation in commencement is open to those students who have completed all degree requirements by May or have an approved plan whereby all requirements will be met by the end of the summer session following commencement.

Candidates for graduation must complete an application for graduation. This form is available when registering for the fall semester one year prior to participating in

commencement. The application begins the degree audit process. Prior to their senior year, students should check the schedule of classes and registration procedures to determine the deadlines for submitting the application for graduation. While the registrar will conduct degree audits on behalf of the university, students are responsible to ensure that all graduation requirements are met.

Attendance at commencement is required unless a written request to be absent is filed with and approved by the Registrar's Office.

A candidate for graduation must fulfill all financial obligations to the university before he or she receives a diploma.

Honors at Graduation

Honors are designated at commencement only for those students who have fully completed all course work and requirements for their degrees before commencement. In recognition of superior scholarship, the university awards three levels of honors at graduation: *cum laude*, *magna cum laude*, and *summa cum laude*. *Cum laude* is awarded those students with a gpa of at least 3.50. *Magna cum laude* is awarded those students with a minimum gpa of 3.70. *Summa cum laude* is awarded those with a minimum gpa of 3.90.

Graduation honors are computed on Taylor University credit hours only; fifty percent of the minimum degree hours must be completed at Taylor University.

Final Examinations

Students must take their final examinations at the assigned hours listed in the schedule of classes that is distributed at the time of registration. Exceptions are made only because of serious illness or death of an immediate member of the family. Reasons such as plane schedules, availability of flights, and rides leaving early are not acceptable exceptions. Students scheduled to take more than two final exams on the same day may, with written permission from a faculty member, reschedule an exam(s) to maintain a minimum of no more than two exams per day. Students should contact the Registrar's Office to begin the rescheduling process.

Class Attendance

Students are expected to attend all sessions of classes for which they are registered. Any necessary deviations from this expectation must be reported by the student to the professor of the class to be missed. Excused absences (with permission to make up work) are only granted in the cases of (1) admittance to a hospital, (2) serious emotional illness (verified by the associate vice president for student affairs/dean of students); (3) athletic events approved by the faculty athletic committee or group absence for approved academic

events (students must make prior alternate arrangements with the professors whose class(es) they will miss); (4) death or hospitalization of an immediate family member (mother, father, brother, sister, or grandparent); or (5) very unusual circumstances as evaluated by the professor.

Unexcused absences, without permission to make up work, must not exceed one per credit hour of the course. The penalty for excessive unexcused absences is communicated in each course syllabus. Unexcused absences could be used for situations such as travel difficulties, bad weather, conflicting schedules, oversleeping, minor sickness, doctor or dentist appointments, and job interviews. When courses are added after the first class meeting, each session missed should be considered an unexcused absence.

Academic Dishonesty

Academic dishonesty constitutes a serious violation of scholarship standards at Taylor that can result in substantial penalties, including denial of credit in a course as well as dismissal from the university. Any act that involves misrepresentation regarding the student's academic work or that abridges the rights of other students to fair academic competition is forbidden. Academic dishonesty includes, but is not limited to, cheating on assignments or exams, plagiarizing (misrepresenting another's work as one's own original creation), submitting the same (or substantially the same) paper in more than one course without prior consent of all instructors concerned, depriving others of necessary academic sources, sabotaging another student's work, and using without attribution a computer concept or program. All acts of academic dishonesty are reported to the Office of Academic Affairs. (The university statement on plagiarism is available from that office.)

Academic Grievance

To assure an open atmosphere in academic endeavors, procedures have been established to provide fair process of any academic complaint registered by a student. A detailed description of the informal and formal academic grievance procedures is available to students upon request to the Office of Academic Affairs. The procedures are part of the university's commitment to maintaining a climate of openness and justice in all areas of academic life. The objective is to provide fair treatment of both any student who registers an academic complaint and any faculty member, or any other academic staff member, who is accused of unfairness toward a student.

The first step for students who believe unfair treatment has occurred in their academic experience is to make an appointment and meet and discuss the issue with the respective faculty member or academic staff person.

ACADEMIC REGULATIONS

Then, if necessary, the student should discuss, by appointment, the issue with the faculty member's department chair (or division associate dean if the faculty member involved is a department chair), or the supervisor of the academic staff member. If necessary, a third informal step can be taken by the student, that being a conference with the associate vice president for academic affairs. If the issue is still not resolved, a formal grievance process can be initiated as prescribed in the policy statement available from the Office of Academic Affairs.

Academic Exceptions

Students requesting exceptions to approved academic policy must submit an academic petition, available from the Registrar's Office. The student's advisor and the registrar must review the petition before action is taken on the academic petition by the Office of Academic Affairs and/or the Curriculum Management Committee.

Advanced Placement and Credit by Examination

Students may qualify for advanced placement and college credit by satisfying the standards set by individual departments to pass the College Board Advanced Placement Examinations (AP), the College Level Examination Program (CLEP), the Taylor University Modern Language Test (see Language Requirement for Bachelor or Arts Degree), the International Baccalaureate (IB) credit at the higher level, and Cambridge General Certificate of Education Advanced Level Examinations (GCE A-Level).

All students are expected to complete the expository writing requirement by the end of their first year at Taylor. If the AP or CLEP exam for expository writing is passed and approved by the Office of Academic Assessment, the fee for posting credit to the transcript must be paid prior to second semester preregistration. The student is responsible to verify that scores are received in the Office of Academic Assessment. The CLEP exam for expository writing must be taken and passed by October 15 for students entering in the fall semester and March 15 for students entering in the spring semester. Students not completing all requirements by the appropriate date must register to take ENG 110 during their second semester.

Prior to entering Taylor, students interested in AP or CLEP testing credit should contact the Office of Academic Assessment to request information regarding testing policies, fees, deadlines and limitations.

IB is a rigorous pre-university course of study that leads to examinations. For a student to obtain IB credit, the courses must be at the higher level (HL), scores must be 5 or higher, courses for the major are subject to departmental review, and transcripts should come from the IB office and not the high school.

GCE-A Level credit may be awarded with a grade of D or higher. Students must submit to the Registrar's Office a certified copy of the examination certificate and examination syllabus. Credit will not be awarded on the basis of a results slip. The affected departments must approve credit for exams.

See Alternate Delivery Methods for maximum number of hours that can be taken through credit by exam.

Alternate Delivery Methods

Beginning fall 2002, students entering the university may use the following alternative delivery methods to earn credit toward their degrees:

- All students may earn up to 30 hours of distance learning credits. Up to 12 hours of independent study may be included in this 30-hour maximum for distance learning.
- Students may earn up to 30 hours of prior learning assessment (PLA). CLEP, AP, IB, and GCE A-Level credit are included in this 30-hour maximum for prior learning assessment. Enrollment in IAS 103E is required to receive PLA credit. PLA is primarily for adult learners and limited to students 25 years or older.
- A combined maximum total of 50 hours is allowed for distance learning and prior learning assessment.

Distance Learning Policy

The guidelines listed below for accepting transfer credit are also used in evaluating distance learning courses taken at other accredited universities. Courses taken prior to entering Taylor University require approval by the registrar. After enrolling at Taylor, a student must complete a transfer approval form signed by the academic advisor, the department chair, and the registrar prior to taking the course(s). In some instances, the course department chair's signature may be required. Students should request that transcripts be sent directly to the registrar before the next enrollment period.

Courses taken through Taylor University's College of Lifelong Learning (CLL) require the approvals stated above. Grades earned affect the cumulative grade point average. These courses are not considered part of the academic load for enrollment verification or financial aid purposes. No student on institutional academic probation is permitted to register for courses through CLL unless repeating a course. No academically suspended student may be enrolled in any Taylor courses, including those offered by CLL. Candidates for graduation must complete all distance learning course work and exams by the date specified by the registrar, but no later than one month prior to the graduation completion date.

See Alternate Delivery Methods for maximum number of hours that can be taken through credit by distance education.

Transfer Credit Policy

To receive credit for course work earned at other accredited universities, new students should request that transcripts be sent directly to the Admissions Office at Taylor University. These transcripts are forwarded to the Registrar's Office for an evaluation. A copy of this evaluation is sent to the student. The registrar evaluates courses for general education and elective credit; however, it is the student's responsibility to meet with the appropriate department chair to have major or minor courses evaluated and notification sent to the registrar by the department chair. Course descriptions and syllabi may be required in order to evaluate courses.

After enrolling at Taylor, students who plan to take courses at another university during the summer or during a semester's absence and wish to transfer credits to apply toward a degree must complete a transfer approval form signed by the student's academic advisor, the department chair, and the registrar prior to taking the course(s). In some instances, the course department chair's signature may be required. Students should request that transcripts be sent directly to the registrar before the next enrollment period.

The guidelines for accepting transfer credit are as follows:

- Taylor University reserves the right to accept or reject courses for transfer credit. Remedial or vocational courses are not transferable.
- Accepting courses for transfer and applying them toward degree requirements are separate considerations. Courses that transfer as elective credits may not be applicable to specific requirements.
- Only course work with a grade of C- or better is accepted. Courses taken for a grade mode of pass, credit, or satisfactory do not transfer unless the transcript indicates that the grade is equivalent to at least a C-. Although a minimum grade is required, grades do not transfer. Grade point average is computed only on work offered by or through Taylor University.
- Degree residency requirements: (1) students must complete fifty percent of the minimum degree hours at Taylor University (i.e., 64 of the minimum 128 hours required for the baccalaureate degree; 32 of the minimum 64 hours required for the associate degree); (2) students must complete fifty percent of the major or minor hours at Taylor University; (3) at least 22 of the last 30 hours must be taken at Taylor University.

- A maximum of 64 hours of credit may be transferred from an accredited two-year college. These courses are not given upper-division credit.
- The director of teacher certification must approve courses that apply toward teacher certification.
- CLEP and AP credit recorded by a specific course on an official transcript must meet Taylor standards in order to be accepted as transfer credit. Procedures for acceptance of credit may be obtained from the Office of Academic Assessment. Departmental challenge exams from other institutions are not transferable.
- Graduation honors are computed on Taylor University work only.

Transfer Policy for Non-Articulated Study Abroad Programs

Students wishing to receive credit from a study abroad program not offered through Taylor University are responsible for initiating the approval process, which begins with their academic advisor and department chair. Students must comply with the following guidelines:

- Taylor University will not enter into a consortium agreement, for the purposes of study abroad, with any foreign or domestic college/university or study abroad agency.
- No financial aid (federal, state, or institutional) will be awarded to students participating in non-articulated study abroad programs.
- Study abroad programs must be sponsored by other regionally accredited colleges/universities. Transfer credit will be accepted only if prior approval has been granted by the department, the director of general education, and the registrar. The sponsoring college/university grants the credit. Upon completion of the approved courses, an official transcript from the sponsoring college/university should be sent to the registrar.
- Be aware that course offerings and schedules are subject to change, and we cannot guarantee that course changes will be accepted without the appropriate approvals.
- Students must meet the following policies as they plan their study abroad:
 1. Twenty-two (22) of the last 30 hours must be completed at Taylor University.
 2. Fifty percent of the degree hours must be completed at Taylor University
 3. Fifty percent of the major/minor hours must be completed at Taylor University.

ACADEMIC REGULATIONS

- Taylor University recommends that students begin the program and course approval process one year prior to their anticipated enrollment in any study abroad program. All course approvals must be finalized by March 1 (for the summer or fall) and October 1 (for the spring).
- No more than 17 hours will be approved for semester-long programs. No more than 12 hours will be approved for a summer term.

Stop-Out Policy

A student who finds it necessary to leave Taylor University temporarily with the firm intention to return may apply for stop-out status during the advance registration period. This status, which is open to students in good academic standing, is limited to one academic year, requires a definite return date, and enables students to return without formally applying for readmission through the Admissions Office. Students unable to return at the designated return date will be required to go through the formal readmission process. The stop-out option is not available to students who find it necessary to withdraw from the university after the term begins. It is the responsibility of students on stop-out to follow directives relating to student housing, billing, payment of bill, registration, and financial aid that are published annually and sent to all students by the President's Office. The stop-out application process begins in the Registrar's Office and requires approval by the student advisor and the registrar. A student planning to take courses at another institution during the stop-out period must submit transfer credit request forms to the Registrar's Office before the stop-out status will be approved. Failure to do so will require re-admittance through the Admissions Office.

Transcript of Academic Record

In accordance with the Family Educational Rights and Privacy Act of 1974, transcripts may not be released without the written consent of the student. Students should submit a "Transcript Request Form" available in the Registrar's Office, have it signed by the cashier, and return the completed form to the Registrar's Office for processing. No transcript is issued unless all financial obligations to the university are current according to an agreement with the Business Office. For more information on requesting official transcripts go to <http://online.tayloru.edu/admin/registrar/transcripts.asp>

You may view your course abstract, an unofficial copy of your academic transcript, online. This abstract is only useful for you and your advisor. Go to http://online.tayloru.edu/admin/tower/tower_for_students.htm for more information about accessing TOWER.

You must contact the Registrar's Office if you need an official transcript.

DEGREE REQUIREMENTS

Taylor University offers programs leading to the bachelor of arts degree, bachelor of science degree, bachelor of business administration degree, and the associate of arts degree.

All degrees require students to fulfill general education, major field, and elective courses. Students must declare a major by the time they reach junior status (61 hours). Students must also demonstrate proficiency in essential skill areas, i.e. reading, math, and writing.

In view of occasional curricular changes, continuously-attending students may elect to meet the graduation requirements that were in effect at the time they entered Taylor University. Otherwise, they must meet current graduation requirements. In situations where curricular changes must be made in compliance with new licensing or credential requirements, students will be required to comply with new requirements.

While there is no official time limit for the completion of a degree for continuously attending students, students who interrupt their enrollment for more than two full semesters must apply for readmission and meet the degree requirements current at the time of readmission.

Baccalaureate Degree Requirements

A baccalaureate degree is an award that requires the completion of at least four academic years of college-level work or the equivalent in an academic field of study and that meets the institutional standards for satisfying the requirements of this degree level. Only one degree is awarded for each major.

The bachelor of arts degree centers on courses of study in the arts and sciences. It is likely to include more elective courses in the major field of study. Candidates for the bachelor of arts degree must demonstrate the equivalent of two years in one foreign language. The degree may be combined with curriculum requirements in education or systems analysis.

The bachelor of science degree requires more upper-division courses, fewer electives, and a practicum or internship experience. Bachelor of science degrees are often awarded to students preparing for professional fields. Students usually specialize more in the natural and social sciences than in the humanities. Most bachelor of science degree programs are only available when combined with curriculum requirements in education or systems analysis.

The bachelor of business administration degree is designed for students with work experience desiring to continue learning opportunities leading to a degree in

business. This degree is designed for students preparing for career advancements and transitions.

Students must make application and receive approval of both departments before adding concurrent majors or a second minor. Students adding a third major or minor are required to obtain departmental and Curriculum Management Committee approval. Students pursuing concentrations and/or minors may not double count more than fifty percent of the required course hours.

The following requirements apply to the baccalaureate program:

- Minimum of 128 semester hours.
- The residency requirement for the awarding of a Taylor University degree is fifty percent of the minimum degree requirement.
- At least 22 of the last 30 hours earned towards the degree must be taken in residence at Taylor University.
- Completion of all general education requirements.
- Cumulative grade point average of 2.00. (Higher grade point averages are required in certain curricula. See, for example, education and social work.)
- Passing grade in all hours for graduation.
- Minimum of 42 semester hours of upper-division (300-400 level) courses.
- Candidates for two degrees must complete a minimum of 158 semester hours and meet requirements for two different majors.
- Students desiring to complete the requirements for two degrees must make application and receive approval from both departments and the Curriculum Management Committee.

Major

The major is the principal field of study usually consisting of twenty-five percent or more of the total hours required in an undergraduate curriculum. At Taylor University, typical fields of study require students to earn a minimum of 30 hours of credit. The following requirements apply to the major:

- A 2.30 grade point average in the major field is required. (Higher grade point averages are required in certain curricula.)
- Courses earning a grade below C- may not be counted toward the required number of hours for the major and must be repeated.
- No course taken pass-fail may be included in the major.

- One-half of the hours in the major field must be earned at Taylor University.
- A comprehensive examination in the major field of study must be successfully completed.
- Students must make application and receive approval of both departments before adding concurrent majors. Students adding a third major are required to obtain departmental and Curriculum Management Committee approval.

Concentration

A concentration is an intensive study of a subject within a major field of study consisting of at least thirty percent of the major requirements. At Taylor, concentrations are specialized areas within the major field and include tracks, application fields, supporting areas, areas of emphasis, and cognates. There is a range of required hours that are determined by standards within the field along with requirements established by the department. Students pursuing concentrations may not double count more than fifty percent of the required course hours.

Minor

The student's field of secondary emphasis is usually, but not always, outside the major field. The minor normally consists of fifteen percent or more of the total hours required in an undergraduate curriculum. At Taylor, students are required to complete approximately one-half of the total hours required for a major to earn a minor area of specialization. Minors are intended to complement the major and/or provide a greater breadth to liberal arts education. The following requirements apply to the minor:

- A 2.30 grade point average in the minor field is required.
- Courses earning a grade below C- may not be counted toward the required number of hours in the minor.
- No courses taken pass-fail may be included in the minor.
- One-half of the hours in the minor must be earned at Taylor University.
- Students must make application and receive approval of both departments before adding a second minor. Students adding a third minor are required to obtain departmental and Curriculum Management Committee approval. Students pursuing minors may not double count more than fifty percent of the required course hours.

Language Requirement for Bachelor of Arts Degree

Candidates for the bachelor of arts degree must demonstrate the equivalent of two years of one foreign

ACADEMIC REGULATIONS

language for graduation. Those students who enter with a year or more of high school foreign language study must take the University of Wisconsin Foreign Language Placement Tests that are administered at Taylor University. Students are then placed in language classes at the level indicated by these tests. Those who place beyond the intermediate level of the language are considered to have fulfilled the language requirement and may be eligible to receive six hours of credit for intermediate language by further testing. Students placing into 202 may receive credit for 201 if the grade earned in 202 is a C or higher. Taylor University offers language instruction in French, Spanish, and New Testament Greek.

Students of a language other than those offered at Taylor University may choose to meet the language requirement by demonstrating proficiency equivalent to two years of college study of that language. The request should be initiated with the chair of the modern languages department. No academic credit will be awarded.

English/Writing Proficiency and Requirements

All incoming students who have attained SAT verbal scores of 550 or above or ACT English scores of 24 or above are exempt from taking the writing proficiency test.

New students who have not fulfilled the writing proficiency requirement by meeting the SAT/ACT standards are required to take an essay placement test. This includes both first-time freshmen and transfers with potential writing courses, which have not been evaluated and confirmed by the registrar. Those who show an acceptable level on the essay test continue fall or spring with ENG 110 Expository Writing. Those who demonstrate weaknesses must enroll fall semester in ENG 100, College Writing Fundamentals. Students completing ENG 100 with a C- grade or above earn admission into ENG 110. Students not meeting the C- requirement must meet with the writing specialist to discuss options. (Students enrolling other than the fall will be advised individually.)

ENG 110 Expository Writing or its equivalent is required for graduation at Taylor, followed by two WR courses, typically in a student's major. All students are expected to complete ENG 110 by the end of their first year.

Writing courses transferred from other institutions to meet ENG 110 must represent the total writing requirement at that university (the last course in a sequence if more than one semester is offered). The course should include process writing, finished essays, and a research paper. The Registrar's Office (in consultation with the English department at Taylor University) must approve transfer courses.

Students wishing to attempt CLEP credit must have scores at or above SAT verbal 660 or ACT English 27. Passing the objective portion at 80% qualifies a student to write the essay for evaluation by the English department at Taylor University. The CLEP exam for expository writing must be taken and passed by October 15 for students entering in the fall semester and March 15 for students entering in the spring semester. (Students not completing all requirements by the appropriate date must register for ENG 110 during their second semester.)

An AP score of 5 qualifies for credit, while a score of 4 requires evaluation of the essay by the English department of Taylor University. The AP process must be completed with the Office of Academic Assessment by November 1 of the student's first semester. It is the student's responsibility to verify that AP scores are received in the Office of Academic Assessment prior to enrollment at Taylor.

If the AP or CLEP exam for expository writing is passed and approved by the Office of Academic Assessment, the fee for posting credit to the transcript should be paid by the end of the first semester at Taylor.

Reading and Math Proficiencies

All new students, both first-time freshmen and transfers, must demonstrate proficiency in reading and math. Proficiency tests are administered before the start of classes in the fall. Students enrolling for the first time during the spring semester will receive information from the Office of Academic Assessment concerning proficiency testing.

Students may fulfill the proficiency requirements for reading and math in one of the following ways:

- In reading, attain SAT verbal score of 540 or above or ACT English score of 23 or above. In math, attain SAT math score of 550 or above or ACT math score of 24 or above. Scores must be official reports from The College Board or The American College Testing Program and are required for both first-time freshmen and transfer students.
- Pass Taylor University proficiency testing in reading and math.
- Enroll in IAS 180 Applied Learning Techniques-Verbal and IAS 185 Applied Learning Techniques-Math.

Senior Seminar

Senior Seminar is an integrative, interdisciplinary general education requirement. Students will register for it during either the fall or spring semester of their senior year.

Senior Comprehensive Examination

A candidate for a baccalaureate degree must pass a comprehensive examination in the major field of study. This examination is given during the senior year. A student is allowed a maximum of three attempts to pass the comprehensive examination in any single major. If a student intends to graduate with more than one major, a comprehensive examination is required for each. The examinations are to be marked superior, pass, or fail.

Associate of Arts Degree

An associate degree is an award that requires the completion of at least two academic years of college-level work or the equivalent in an academic or occupationally specific field of study and that meets institutional standards for satisfying the requirements for this degree level.

The associate of arts degree requires general education and major area courses along with demonstrated proficiency in essential skill areas. At Taylor University, most of the degree programs are designed to prepare students for occupational-specific fields as well as preparation for matriculation to baccalaureate degree programs. An associate of arts degree must be completed and awarded one calendar year before a baccalaureate degree from the same department can be awarded. The associate of arts in liberal arts is not to be taken with or awarded with any of the three baccalaureate degrees.

The following requirements apply to the associate's degree:

- Minimum of 64 semester hours.
- The residency requirement for the awarding of a Taylor degree is fifty percent of the minimum degree hours.
- At least 22 of the last 30 hours in residence at Taylor University.
- Cumulative grade point average of 2.00.
- The following general education courses: IAS 101, 110; ENG 110; CAS 110 or 120; PHP 100 and 200x (1 hour); BIB 110 and 210; COS 104 or 106; one social science or history course; HUM 230 or a literature course from ENG 230, 233, 240, or 250; one science or math course. The AA degree in liberal arts requires HUM 230, a literature course, one science course, and one math course in addition to the courses listed above.
- Demonstrate proficiency in writing, mathematics, and reading.
- Fulfill all major area requirements. (Refer to Business Administration, Early Childhood Education, Liberal Arts, Computing and Information Applications and Music for detailed listing.)

THE TAYLOR PROGRAM

Taylor University offers programs leading to the bachelor of arts degree, bachelor of science degree, bachelor of business administration degree, and associate of arts degree. Each student selects a major and meets the requirements for the chosen course of study. In addition, every student meets general education requirements and may select from electives to complete his or her studies. Two years of one foreign language are required of students pursuing the bachelor of arts degree program. The bachelor of arts degree may be combined with curriculum requirements in systems analysis. Most bachelor of science degree programs are only available when combined with curriculum requirements in systems analysis.

Departmental certificate programs are offered within specific baccalaureate programs. Each program is described within the program listings of the sponsoring department. These certificates are awarded by the sponsoring department and do not include a transcript entry.

Taylor University reserves the right to withdraw a course or a program or to limit its enrollment when for any reason it becomes impractical to offer it as previously scheduled.

OBJECTIVES OF THE ACADEMIC PROGRAM

Taylor University's academic program

- requires students to demonstrate depth of learning in an academic major,
- structures the general education experience for the dissemination of the liberal arts heritage,
- fosters the capacity for making sensitive, value-oriented judgments,
- engages students and faculty in and encourages research,
- prepares students for conscientious and creative leadership in a technological world,
- establishes foundations for graduate study,
- shares intellectual expertise with the larger geographical, scholarly, and faith communities,
- anchors specific career preparation for a variety of professions in a foundation of appropriate academic experiences, cultural breadth, and Christian perspectives,
- prepares students to meet external certification and licensing requirements, and
- provides preprofessional preparation.

GENERAL EDUCATION

All students at Taylor University share certain common educational requirements. Known as general education, this program grows out of the purpose of the university as expressed in its Christian beliefs, mission statement, and academic objectives.

In seeking to integrate faith and learning in the Christian university environment, the general education program recognizes that all truth is God's truth in the special revelation of the inspired Scriptures and in the accumulated knowledge of human experience. The Christian faith permeates all learning. This idea means that (1) faith is the foundation for our learning in the academic disciplines, and (2) the academic disciplines are important for informing our faith and transforming our world.

Christian worldview assumptions provide the foundation for the learning process and infuse the liberal arts and the academic majors with direction, meaning, and motive for application. Such interaction of faith and learning transforms general education courses in terms of subject selection, interpretation of information, the search for meaning in information, the application of knowledge, a model for living and learning, and an enthusiastic appreciation for knowledge. The liberal arts enhance the study of the student's major and support preparation for the world of work as well as civic, social, and personal responsibilities.

Representing nearly half of the baccalaureate programs, general education is liberating education in that it frees Christians to think and deal with the entire range of knowledge. The faculty of Taylor University affirms that general education is intended to develop students who evidence the following characteristics of mature and intellectual Christians:

Spiritual Activity: Students who are spiritually active have developed an intellectual and experiential understanding of the Christian heritage enacted in a consistent lifestyle of study, worship, service, stewardship, and world outreach.

Critical Thinking: Students who are critical thinkers have learned the intellectually disciplined process of conceptualizing, quantifying, analyzing, synthesizing, and evaluating information gathered from or generated by observation, experience, reflection, reason, or communication as a guide for action or belief.

Competent Communication: Students who are competent communicators have developed understanding and skill in the nature and practice of private and public discourse as instruments for creating,

ACADEMIC PROGRAMS

interpreting, and evaluating beliefs, attitudes, policies, and values in the context of various communities.

Scientific Literacy: Students who are scientifically literate have understood and employed the scientific method as a means of inquiry, are familiar with basic subject matter in representative areas of the natural sciences, understand foundational connections among the various areas of science and mathematics, and are able to relate scientific principles to human affairs.

Aesthetic Literacy: Students who are aesthetically literate have developed knowledge of the unique epistemology represented by the arts, including a discerning awareness of the language and literature of diverse art forms.

Civic Mindedness: Students who are civic minded have attained systematic knowledge of the structure and processes of domestic and international cultural, economic, political, and social systems and value participation in those structures and processes.

Responsible Stewardship: Students who are responsible stewards have developed an understanding of God's command to be good caretakers of His creation and practice individual accountability in managing spiritual, intellectual, personal, physical, and economic resources.

Lifelong Learning: Students who are lifelong learners are committed to learning as a means of continuous growth and development, which expresses itself in ministry and reverence toward God in an ever-changing world.

General Education Requirements

No single general education course may meet two separate general education requirements (except CC, WR and SP). Students should refer to the General Education Handbook for specific requirements and information.

COURSE INFORMATION

Lower-division courses, typically courses numbered at the 100 and 200 level, are introductory and foundational courses designed for freshmen and sophomore-level students. Upper-division courses, numbered at the 300 and 400 level, build upon higher knowledge and principles and usually require junior and senior-level students to demonstrate an advanced level of independence, writing ability, and critical thinking skills in learning difficult content material within various academic disciplines.

Some curricular courses or course components listed in this catalog include physical or off-campus activities for which students must sign a waiver of liability as a precondition of participation.

The following courses are offered in many departments with descriptions for these courses being the same for all departments. Descriptions are provided here, but these courses carry department prefixes. Registration forms are available in the Registrar’s Office or <http://online.tayloru.edu/admin/registrar/forms.asp>

170/370 **1-4 hours**

Selected Topics

A course offered on a subject of interest but not listed as a regular course offering. May count toward the departmental major and meets general education requirements.

360 **1-4 hours**

Independent Study

An individualized, directed study involving a specified topic.

393 **1-4 hours**

Practicum

Supervised learning involving a first-hand field experience or a project. It is offered primarily during summer. Generally, one hour of credit is awarded for a minimum of 40 hours of practicum experience.

450 **1-4 hours**

Directed Research

Investigative learning involving closely directed research and the use of such facilities as the library or laboratory.

480 **1-4 hours**

Seminar

A limited-enrollment course designed especially for upper-class majors with emphasis on directed readings and discussion.

490 **1-2 hours**

Honors

Individualized study or research of an advanced topic within a student’s major. It is open to students with at least a 3.00 gpa in the major field.

BUSINESS AND ECONOMICS

The business division seeks to prepare students to demonstrate excellence and Christian values in the competitive, global environment of business, nonprofit organizations, professional services, and to enter graduate studies.

As an expression of Taylor's multi-dimensional education philosophy, the business division offers an associate degree with a major in business administration. Baccalaureate degrees are available with majors in international business, management and marketing. Minors are available in, human resource management, marketing, and management.

All business division curriculum courses combine theory, principles, techniques, and practical applications to enhance graduates' employment opportunities and serve as a solid groundwork for graduate studies. The

relevance of Christian faith to current, real-world situations is emphasized in classes, and field trips and expert guest lecturers are used. Team development and business projects are available in selected business courses, and a practicum experience is required of all business division students. Development of communication skills, both written and oral, is emphasized. Many classes give attention to problem solving and relevant business experiences.

Graduation requirements in the baccalaureate majors include passing all core courses with grades of C- or better. Additionally, a grade of C- or better must be achieved as a condition for taking subsequent or sequential courses for which the core courses are a prerequisite. Seniors must pass a senior comprehensive examination in their major.

The business division is a member of the Association of Collegiate Business Schools and Programs (ACBSP).

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

International Business

The bachelor of arts degree with a major in international business requires two years of one foreign language and 67-71 hours including ACC 241, 242; ECO 211, 212, 411, 442; FIN 361; ITB 375, 393; MGT 311, 352, MKT 231, 380; one semester aboard or ITB 381 and 393 or 360; a minimum of four international business electives (one course must be from the BAE division) from the following: any non-US history course; PHI 322 or 323; GEO 210 or 220; SOC 200 or 220; ITB 381; MGT 442; MKT 345. Bachelor of Business Administration

The bachelor of business administration (BBA) is designed for the student with work experience who desires to complete a business degree. It is expected that students enrolled in the BBA program will already have significant business, organization, and service experience. This degree program will allow students to enhance their educational backgrounds through Saturday and evening formats, online education, intensive terms, and other flexible methods of course scheduling.

In order to receive the BBA students must complete 128 total hours, all general education requirements, 42 upper division hours, pass a comprehensive exam, and 58 hours in the major. Students may obtain a maximum of 30 hours of credit for prior learning assessment, 30 hours of distance learning credit, but the combined total is not to exceed 50 hours.

The required major courses are ACC 241, 242, ECO 211, 212, MKT 231, MGT 311, 352, 393, FIN 361. Students may select four courses (12 hours) from one or more of the following areas to receive a concentration elective: international business – ITB 375, 381, ECO 411, 442, MKT 380; management – MGT 381, 420, 422, 442, 452, HRM 362, 462; marketing – ITB 381, MKT 312, 313, 345, 380, 410, 412, 460; additional elective courses to total 58 hours.

Associate of Arts in Business Administration

An associate of arts degree in business administration is offered for students who want to prepare themselves for entry-level positions in business. This program also allows students to proceed to a bachelor's degree in business administration in a normal sequence. This degree includes: IAS 101, 110, ENG 110, BIB 110, 210, PHP 100, 200 (1 hour), HUM 230 or ENG 230 or 240 or 250, CAS 110 or 120. Also required are the following core requirements and cognate courses: ACC 241, 242, MKT 231, MGT 311, 352, ECO 211, 212, MAT 110 or

151, 210, SYS 200, COS 104 or 106 and enough electives to total at least 64 hours. Recommended electives include ENS 231, PHY 121, POS 100, MGT 333, PSY 200. For those students planning to proceed to a baccalaureate degree, MAT 110 will not meet the systems requirement for the baccalaureate degree.

Accounting Courses

ACC 241 3 hours Accounting Principles I

An introduction to the language of business. Financial transactions are analyzed, recorded, summarized, and reported in a meaningful manner to management. Also studied are basic financial statements and the various accounting and internal control procedures for recording and protecting assets. *Offered fall semesters.*

CHRISTIAN MINISTRIES

Biblical and theological studies constitute a foundational part of a Christian liberal arts education. The Christian faith is considered to be worthy of study in itself as well as relevant to all areas of human knowledge. For that reason, Taylor University includes within its prescribed general education curriculum four courses that introduce the student to biblical studies in the Old and New Testaments and historic and contemporary Christian belief. The Christian ministries department also offers elective courses for students pursuing majors in other fields.

The Christian ministries department offers studies designed to help students who are interested in preparation for vocational ministry. The curriculum is designed to give the student a foundational understanding of the Bible and Christian theology, knowledge and skills required for serving in a church or parachurch setting, and academic preparation for graduate studies.

Five majors are offered through the Christian ministries department. Each major includes a department core of 20 hours in addition to 21-39 hours of designated studies. The departmental core emphasizes those areas that are germane to all ministries and includes the following courses: BIB 272, 462, CMI 100, 122, 262, 451 and PHI 262.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Biblical Studies

The biblical studies major is designed for students who desire a working knowledge of the Scriptures. Combined with studies in biblical languages, this major provides foundational preparation for those who plan to teach the Bible, enter graduate school, or serve in the church.

The bachelor of arts degree with a major in biblical studies requires two years of Greek and 41 hours in the major. The 41-hour major consists of a 20-hour Christian ministries core and an additional 21 hours including BIB 320, 330, 341; 12 BIB elective hours.

Biblical Studies/Systems

The bachelor of science degree with a major in biblical studies/systems consists of two years of Greek, the 41-hour major requirement, and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394,

401; BIB 393 (3-4 hours). All systems curriculum courses must be completed with a C- or better.

Christian Ministries/Christian Education Concentration

The bachelor of arts degree with a major in Christian ministries and a concentration in Christian education requires two years of one foreign language and 44 hours in the major. The 44-hour major consists of a 20-hour Christian ministries core and an additional 24 hours including CED 235, 351, 352, 371, 393 (2 hours); PSY 250; six hours of BIB elective hours.

Christian Ministries/Systems/Christian Education Concentration

The bachelor of science degree with a major in Christian ministries/systems and a concentration in Christian education consists of the 44-hour major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; CMI 393 (3-4 hours). All systems curriculum courses must be completed with a C- or better.

Pastoral Ministries

The bachelor of arts degree in pastoral ministries requires two years of one foreign language and 51 hours in the major and is designed for the student planning to enter pastoral ministry. The 51-hour major consists of a 20-hour Christian ministries core and an additional 31 hours including PMI 111, 241, 252, 361, 372, 393 (4 hours); CED 371; nine BIB elective hours.

The bachelor of science degree in pastoral ministries requires 69 hours and is designed primarily for the nontraditional student planning to enter pastoral ministry. The 69-hour major consists of a 20-hour Christian ministries core including BIB 272, 462; CMI 100, 122, 262, 451; PHI 262; and an additional 34 hours including PMI 111, 231, 241, 252, 361, 372, 393 (4 hours); CED 371; nine BIB elective hours. Also required, but not counted in the major grade point average, are 15 hours of approved electives in CMI or a related field.

Intercultural Studies

The major in intercultural studies is designed to provide the foundation for understanding the thinking, practices, and development of minority and non-Western cultures; and it provides a base for working among various ethnic cultures.

The bachelor of arts degree with a major in intercultural studies requires two years of one foreign language and 52 hours in the major. The major consists of a 20-hour Christian ministries core and a 14-hour intercultural core including BIB 330; CAS 340; CMI 393 (2 hours); SOC

200; one three-hour BIB elective; and 18 hours in one of the two concentration areas:

Cross Cultural Studies (18 hours): GEO 220; PHI 322 or 323; REL 311, 391, 432; one three-hour BIB elective.

Urban Studies (18 hours): CED 371; SOC 210, 220; UMI 200, 362, 380.

Intercultural Studies/Systems

The bachelor of science degree with a major in intercultural studies/systems consists of the 52 hour major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401, CMI 393 (3-4 hours). All systems curriculum courses must be completed with a C- or better.

Youth Ministries

A bachelor of arts degree with a major in youth ministries requires two years of one foreign language and 53 hours in the major. The 53-hour major consists of a 20-hour Christian ministries core and 33 additional hours including YMI 200, 210, 220, 310, 320, 393 (2 hours); CED 352; PSY 250, 340; six hours of BIB electives.

Youth Ministries/Systems

The bachelor of science degree with a major in youth ministries/systems consists of the 53-hour major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; YMI 393 (3-4 hours). All systems curriculum courses must be completed with a C- or better.

Christian Ministry Minors

Minors are designed to serve the needs of students who wish to study in greater depth in one of the areas in the department. Christian ministry minors are especially helpful to pre-seminary students majoring in other departments. Minors are offered in biblical literature and Christian education and intercultural studies/missions.

A minor in biblical literature requires 15 hours of credit beyond the general education required courses of BIB 110 and 210. For this minor, two courses in Old Testament and two courses in New Testament are required, plus one other BIB, CED, or REL elective (excluding REL 313).

A minor in Christian education consists of at least 18 credit hours including CMI 100, 262; CED 351, 352, 371; and BIB 272. Two semesters of involvement in an approved ministry are also required to fulfill the field ministry competency for the minor.

A minor in intercultural studies/missions prepares students for effective and committed service in cross-cultural ministry or missions mobilization. This minor is available to students in any baccalaureate major program. Students are required to complete 20 hours including BIB 330, REL 311, 391, 432, PHI 322 or 323, and SOC 200. In addition, the student must complete a cross-cultural experience that may or may not be for credit. Suggestions include involvement in Taylor World Outreach/Lighthouse, a semester abroad, Christian Center for Urban Studies, and REL 393 practicum. Approval is to be secured in advance from the department through the program director. The final course must enhance the purpose for selecting the minor program and may be selected from a number of course offerings throughout the university. This course must be approved by the program director. Previous selections have included courses in mass communication/journalism, environmental science, biblical literature, linguistics, or history and geography of a particular region.

Certificate in Missions

The Christian ministries department awards a certificate in missions to students in any baccalaureate major program. Students are required to complete 14 hours including REL 311, 391, 432, and PHI 322 or 323. In addition, the student must complete a cross-cultural experience that may or may not be for credit. Suggestions include involvement in Taylor World Outreach/Lighthouse, a semester abroad, Christian Center for Urban Studies, and REL 393 practicum. Approval is to be secured in advance from the department through the department chair. The final course must enhance the purpose for selecting the minor program and may be selected from a number of course offerings throughout the university. This course must be approved by the department chair. Students desiring to work for the missions certificate must complete an application, which is available through the department. The student will be responsible for demonstrating his or her completion of the certificate requirements by submitting a completed application along with a copy of his or her transcript to the department chair no less than thirty days prior to graduation. Work in progress will be accepted. This certificate is awarded by the department and does not include a transcript entry.

Biblical Languages Courses

Primarily, these courses enable one to read and study the Bible in the original languages. Enrichment of historical concepts of communication, depth and breadth of Christian perspective, and cultural appreciation of the biblical world are secondary concerns of biblical

ACADEMIC PROGRAMS

language studies. In addition, the two-year Greek sequence meets the bachelor of arts language requirement for graduation and satisfies or exceeds language entrance requirements for most seminaries.

Urban Ministries Courses

UMI 200 **3 hours**
Introduction to Urban Ministry
 A preparatory course that focuses on the basic principles of ministering in an urban context from a sociocultural perspective while examining successful urban ministry models.

UMI 362 **3 hours**
Urban Systems and Structures
 This course focuses on the development of the city and its interconnected subsystems while using an ecological approach to explore a city's functions and structures.

UMI 380 **3 hours**
The Theology of the City
 This course takes a look at the city from the perspective of the Scriptures and acquaints the student with the historical relationship between the city and God.

Youth Ministries Courses

YMI 170/370 **1-4 hours**
Selected Topics

YMI 200 **3 hours**
Ministry to Youth
 A general introduction to youth ministry, including an overview of the needs of youth and programs designed to meet their needs in both church and parachurch settings.

YMI 210 **3 hours**
Philosophy of Youth Ministry
 This course examines the foundational principles of youth ministry and guides students in the formation of their own philosophy of youth ministry.

YMI 220 **3 hours**
Recreational Ministry
 A course that explores the various means of integrating recreation and ministry through both church and parachurch agencies. Principles and techniques receive attention as students examine ways to build well-rounded programs.

YMI 310 **3 hours**
Contemporary Youth Culture
 This course provides an exploration into the culture of the adolescent. It stresses exposure to, and understanding

ACADEMIC PROGRAMS

of the popular culture and examines the unique function that popular culture plays in adolescence.

YMI 320 **3 hours**

Youth Guidance

This course examines common problems of adolescence and works toward building meaningful bridges between the young person and the caring adult.

YMI 360 **1-4 hours**

Independent Study

YMI 393 **1-4 hours**

Practicum

A practical, supervised involvement in ministry after a student's junior year.

COMMUNICATION ARTS

Within the contexts of a Christian worldview, the liberal arts, and professional education, the purpose of the communication arts department is to develop students' abilities to think, listen, speak, and write clearly, analytically, critically, and creatively. Students develop the communication knowledge and skills needed for careers in public relations, print and broadcast media, advertising, business communication, and a variety of Christian ministries. In a rapidly changing communication dominated world, a need exists for Christian communicators who can become the healing presence of Christ. The department offers a major and minor in public relations, a minor in communication studies, and an optional concentration in journalism for majors in public relations, English studies, and professional writing.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Public Relations

The bachelor of arts degree with a major in public relations requires two years of one foreign language and a minimum of 49 hours including CAS 110, 120; CAM 150, 320, 332; CAP 112, 220, 320, 393 (4 hours), 402, 420, 492 (8 hours); plus nine additional elective hours from CAS 201, 340, 370, 372; CAP 370; CAM 240, 250, 343, 361, 383; ENG 333, 460; MKT 231. Public relations majors are required to work with approved campus media at least three semesters; however, the hours do not count in the major hour requirement or the major grade point average.

A minor in public relations requires 21 hours including CAP 112, 220, 320; CAM 150; plus nine additional elective hours from CAP and CAM courses.

Public Relations/Systems

The bachelor of science degree with a major in public relations/systems consists of the 49 hour major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; CAM 393 (3-4 hours).

Communication Studies Minor

A minor in communication studies requires 21 hours including CAS 110, 120, 201; a minimum of 12 additional hours from CAS 340, 370, 372; CAP 112; CAM 250.

Journalism Concentration

Journalism is an optional concentration that complements a major in public relations, English studies, or professional writing. The concentration may not be added to any other major. The journalism concentration requires 25 hours including CAM 150, 240, 250, 300 (at least three semesters), 320, 332, 343, 393 (4 hours).

Major and Minor Concentration Combinations

Public relations majors are encouraged to choose a minor within or outside of the communication arts department. Students who major in public relations and minor in communication studies may count a total of ten hours toward both.

Students seeking a public relations major and a journalism concentration may not count CAM 240, CAM 250, or CAM 343 as elective credit toward a public relations major. CAM 393 may be substituted for CAP 393. Media Laboratory may fulfill the media participation requirement for both programs.

Public Relations Courses

CAP 112 **3 hours**

Public Relations I: Theory and Practice

A survey of public relations and its function in corporate, nonprofit, government, and ministry organizations. Special emphasis is placed on the application of theory to public relations planning and practice.

CAP 220 **3 hours**

Public Relations II: Writing and Production

Focuses on the development and application of writing and media production skills for public relations message dissemination. *Prerequisite: CAP 112.*

CAP 320 3 hours
Public Relations III: Research and Evaluation
 Formal and informal research strategies and techniques for planning and evaluating public relations programs.
Prerequisite: CAP 220.

CAP 360 1-4 hours
Independent Study
Prerequisite: Approval of the program director of communication arts.

CAP 370 1-4 hours
Selected Topics
 Courses offered on topics of special interest.

CAP 393 1-4 hours
Practicum
Prerequisite: Approval of the program director of communication arts. Pass-fail only.

CAP 402 1 hour
Career Communication
 A working seminar for graduating public relations students taught concurrently with CAP 420. Topics focus on career communications, including interview skills, resume design, and portfolio development.

CAP 420 3 hours
Public Relations IV: Campaigns and Cases
 Analysis, planning, and implementation of public relations campaigns and cases involving private and public, profit and nonprofit organizations. *Prerequisite: CAP 320.*

CAP 492 4-8 hours
Internship
 A professional, supervised internship in a work setting related to the major field of study. *Prerequisites: Completion of departmental and major core courses and approval of the program director of communication arts.*

Communication Studies Courses

CAS 110 3 hours
Public Speaking
 Concentrates on the development of public speaking skills including audience analysis, library research, organization, the use of evidence to support a point of view, delivery, and listening. *Meets general education speaking requirement.*

CAS 120 3 hours
Interpersonal Communication
 The study of self-esteem, empathic listening, emotion, language, nonverbal behavior, conflict, and ethics in interpersonal relationships. *Meets general education speaking requirement.*

CAS 201 3 hours
Corporate Communication
 Focuses on the application of business communication skills. Business letters, memos, and a formal report are assigned. Five videotaped presentations are required: an oral report, team presentation, employment interview and sales presentation. *Not recommended for freshmen.*

CAS 340 3 hours
Intercultural Communication
 The study of the complex process of intercultural communication. The course seeks to create an awareness of culture-bound assumptions and ways to communicate more effectively with persons from other cultures.

CAS 360 1-4 hours
Independent Study

CAS 370 1-4 hours
Selected Topics
 Courses offered on topics of special interest.

CAS 372 3 hours
Communication for Change
 A study of communication as an agent for change in various social contexts. Focuses primarily upon the skills, methods, and ethics of persuasion.

Journalism Courses

CAM 150 3 hours
Basic Reporting for the Media
 A beginning course in covering beats, reporting, and writing news through the use of an electronic journalism laboratory. *Prerequisite: ENG 110.*

CAM 240 3 hours
Photojournalism
 Focuses on the uses of photography in print media. Students learn to compose, take, process and caption photographs for use in journalism and public relations. *Students must provide their own SLR 35mm cameras.*

CAM 250 3 hours
Mass Media
 Examines the role of mass media in society and its impact upon education, religion, business, and politics. *Prerequisite: ENG 110.*

CAM 300 1-2 hours
Media Laboratory
 One or two hours of credit may be earned for work on campus media positions approved by the director of communication arts on the Fort Wayne campus. A maximum of six hours may count toward graduation. Media laboratory credit hours do not meet the major requirements in the communication arts department.

ACADEMIC PROGRAMS

Prerequisite: Permission of the communication arts program director.

CAM 320 **3 hours**

Advanced Reporting

An advanced course that emphasizes in-depth reporting. A practical hands-on course focusing on interviewing techniques, research methods, Internet resources, the Freedom of Information Act, and other investigative tools for today's journalist. *Prerequisite: CAM 150.*

CAM 332 **3 hours**

Desktop Publishing

This course exposes students to design principles and the latest trends in desktop publishing. In addition to learning the basics of design, students will learn how to use relevant software packages.

CAM 343 **3 hours**

News Editing

Focuses on the discipline of copy editing to ensure consistency, accuracy and clarity of language. Among other topics, students will be exposed to style manuals used within the industry. *Prerequisite: CAM 150.*

CAM 361 **3 hours**

Publication Design

Examines the layout and print production process for newspapers and magazines. Special consideration is given to photo enhancement and color design and production. *Prerequisite: CAM 332.*

CAM 370 **1-4 hours**

Selected Topics

Courses offered on topics of special interest.

CAM 383 **3 hours**

Broadcast News

Provides students with practical experience in covering, writing, and editing news for radio and television. Allows students to develop skills in both studio and field news production. *Prerequisite: CAM 150.*

CAM 393 **1-4 hours**

Practicum

Prerequisite: Approval of the communication arts program director. Pass-fail only.

Theatre Arts Courses

CAT 200 **3 hours**

Oral Interpretation of Literature

Study and practice of personal-spiritual involvement with literature through the application of basic techniques of literary analysis and oral reading. *Meets general education literature requirement.*

COMPUTING AND SYSTEM SCIENCES

The purpose of the computing and system sciences department is to assist in the education of men and women so that upon graduation they are committed Christians, eager to serve Christ, conversant with all areas of knowledge included within the liberal arts, well-trained and experienced in computer information systems and systems analysis, and highly motivated to contribute to society.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Computer Information Systems

The bachelor of arts degree with a major in computer information systems requires the completion of two years of one foreign language and 52 hours including COS 106, 120, 230, 240, 250, CIS 311, 341, 364, 393, 440, 460; MAT 210; SYS 200, 310, 390, 392, 394; MGT 352.

Enrollment in this major is limited to qualified students at the time of application. Majors must have a 2.20 cumulative grade point average by the time they reach sophomore status, a 2.30 by the time they become juniors, and a 2.40 when they obtain senior standing.

Majors are required to pass a comprehensive examination during their senior year. This examination consists of two parts: a programming project and an oral examination. Majors are also required to develop a portfolio of outstanding projects over their years in residence.

Computer Information Systems/Systems

The bachelor of science degree with a major in computer information systems/systems consists of the 52-hour major requirement and curriculum requirements in systems analysis including IAS 330, MAT 151, 382, SYS 401. The systems curriculum courses must be completed with a grade of C- or better.

Enrollment in this major is limited to qualified students at time of application. Majors must have a 2.20 cumulative grade point average by the time they reach sophomore status, a 2.30 by the time they become juniors, and a 2.40 when they obtain senior standing.

Majors are required to pass a comprehensive examination during their senior year. This examination consists of two parts: a programming project and an oral examination. Majors are also required to develop a

portfolio of outstanding projects over their years in residence.

Systems

The purpose of the systems curriculum, combined with the courses in his/her major and the general education curriculum, is to prepare a student to acquire the knowledge and skills of a systems analyst. A systems analyst attempts to help an organization solve a problem, take advantage of an opportunity, or follow a directive coming from upper management, ownership, or the government in an effective and efficient manner. Analysts play a significant role in organizational development and operation of systems. In order to do so, they assist and frequently lead the effort to plan, analyze, design, implement, and support the systems and improvements to them.

Systems analysts are required to know about information technology and its uses, how and why the organization functions, and the environment in which the organization carries out its mission. Analysts must also possess skills that allow them to speak and write effectively, work with others in projects, and be able to solve problems both in an individual and group setting.

Systems may be combined with any baccalaureate major. Graduates have used what they have learned in systems in a variety of arenas, including those work-related and those of further formal education. For example, computer information systems graduates have designed computer-related solutions to take advantage of the interconnectiveness of businesses that the Internet allows; business administration graduates have analyzed companies for their roles in the global business environment to determine if investment in them is wise for their clients; and accounting graduates have assisted organizations and individuals in making intelligent, systematic decisions regarding federal, state, and local taxes. Others have used their systems knowledge in their endeavors in graduate school. For example, psychology graduates have used what they learned in advanced statistics to conduct their graduate statistical studies regarding human behavior; chemistry and physics majors have designed research projects more efficiently; and mathematics majors have applied their knowledge in studies of actuarial science.

Students choosing a career in systems analysis may combine any baccalaureate major with the systems analysis curriculum. The systems curriculum requirements are COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; 393 (3 to 4 hours in the major). All courses required by the systems curriculum must be completed with a grade of C- or better.

Associate of Arts Degree in Computing and Information Applications

An associate of arts degree with a major in computing and information applications requires a minimum of 64 hours and must include BIB 110, 210; CAS 110 or 120 or 201; COS 104 or 106; ENG 110; HUM 230 or a literature course from ENG 230, 240, or 250; IAS 101, 110; PHP 100, 200 (1 hour); MAT 110, COS 120, 250, SYS 200, 310, COS 240 or CAM 332; and a 12-hour concentration in one of the following areas:

Business: ACC 241, 242, MKT 231, MGT 311.

Criminal Justice: JUS 100, 120, and six hours of criminal justice electives that must be approved by both the computing and system sciences and justice education departments.

For those students planning to proceed to a baccalaureate degree, MAT 110 will not meet the systems requirement for the baccalaureate degree.

Computer Science Courses

COS 104 2 hours Computing and Information Concepts

An introduction to computing issues and information technology designed to provide a foundation for future course work directly related to the student's major. Topics discussed include hardware and software, operating systems, graphical user interfaces, data storage technologies, local and network information access, spreadsheets, and ethical issues. The course is designed for those with little or no previous computer experience. Credit may not be earned in both COS 104 and COS 106. Two hours of lecture and one hour of lab. *Meets general education requirement.*

COS 106 2 hours Computing and Information Concepts

An introduction to computing issues and information technology designed to provide a foundation for future course work directly related to the student's major. Topics discussed include hardware and software, operating systems, graphical user interfaces, data storage technologies, local and network information access, advanced spreadsheets, and ethical issues. The course is designed for those with significant previous computer experience. Credit may not be earned in both COS 104 and COS 106. Two hours of lecture and one hour of lab. *Meets general education requirement.*

COS 120 4 hours Introduction to Computer Information Systems

Problem solving and computer programming are stressed. Algorithms for text processing, information retrieval, mathematical manipulation, sorting, file handling, and introductory data structures are presented.

ACADEMIC PROGRAMS

Good algorithm design, style, program structure, documentation, code reading, and introductory software engineering techniques are emphasized. Three hours of lecture and two hours lab hours per week. *Prerequisite: COS 106. Does not count as a general education requirement.*

COS 230 **2 hours**

Missions Technology

A survey and in-depth study of technology applied to Christian missions. Theory and issues in application are developed. Field trips to observe and interact with mission organizations may be included as well as a project orientation. *Prerequisite: One course in computer science.*

COS 240 **3 hours**

Business Application Programming

The file types and data structures typically found in business information systems are investigated. Students are given the opportunity to implement various solutions using structured concepts in business application programming exercises. Maintenance is stressed. Most commonly used features of the COBOL language along with GUI capabilities are presented and practiced. *Prerequisite: COS 120.*

COS 250 **4 hours**

Data Structures

Sorting algorithms and computational complexity are introduced. Data structures such as linked lists, stacks, queues, and trees are studied. An object-oriented programming approach is taught. The C++ language is used with the UNIX operating system. Three hours of lecture and two hours of lab per week. *Prerequisite: COS 120.*

Computer Information Systems Courses

CIS 311 **1 hours**

Computer Ethics and Security

A study of the ethical implications of computers in society and the role of Christians as computer professionals. Several of the major ethical issues in the field such as privacy, piracy, liability, and computer security are explored. The ethical concerns of computer science and systems analysis and their relationship to one's faith are an integral part of this course.

CIS 341 **3 hours**

Database Design and SQL Programming

The design of database structures is investigated. Students create logical designs of relational structures and verify design stability through normalization methods. Physical database design concepts are introduced including data distribution, physical storage

design, indexing, stored procedures, and database triggers. Skills are developed in SQL programming and tuning, including interaction with SQL optimizers through explain plan utilities. Popular database management systems are used. Other topics include data warehousing and decision support. *Prerequisite: COS 250.*

CIS 364 **3 hours**

Web Application Development

Design and implementation of web-based software applications are studied. Topics include client/server architectures, web servers, client-side programming, server-side programming, database access, and GUI design. Languages and tools used include XHTML, JavaScript, XML, VBScript, ASP, Perl, and PHP. Includes project orientation that may include development work on "live" projects. *Prerequisite: COS 250.*

CIS 360 **1-4 hours**

Independent Study

CIS 370 **1-4 hours**

Selected Topics

CIS 393 **4 hours**

Practicum

Grade only.

CIS 440 **3 hours**

Computer Architecture

An introduction to the hardware and architectural models of the modern computer system, along with basic communications issues relating to hardware and telecommunications infrastructure. Topics include processor structures and organization, memory systems, I/O, peripherals, data interfaces, and telecommunications protocols. *Prerequisite: COS 250.*

CIS 450 **1-4 hours**

Directed Research

CIS 460 **3 hours**

Computer Networking

A study of computer networking methods and protocols in use today. Fundamental concepts of network types, protocols, transmission media, and basic network components are studied. Practical applications of networking concepts, network operating systems, and network management are demonstrated through lab projects and configuration of basic computer networks. *Prerequisite: CIS 440.*

CIS 490 **1-2 hours**

Honors

Systems Courses**SYS 200 3 hours****Basic Systems**

An introduction to systems concepts and the basic tools of systems analysis and design. Topics include the system development life cycle, decision-making, project planning and control, philosophical foundations, and selected applications of systems techniques in the student's major, including cost benefit analysis.

SYS 310 3 hours**E-Commerce**

This course examines the development of and future prospects for electronic commerce. It focuses on the use of electronic transmissions to engage in exchange of products and services. Students will consider the emerging changes in business brought on by e-commerce. They will explore the dynamics of technical innovation as well as the organizational and societal consequences of moving commerce electronically. They will also evaluate the operations of a variety of web-based businesses. Guest speakers from industry will lecture regarding the technical, economic, and political/regulatory aspects of e-commerce.

Prerequisites: SYS 200, COS 120 and 240 or 250.

SYS 360 1-4 hours**Independent Study****SYS 370 1-4 hours****Selected Topics****SYS 390 3 hours****Information Systems Analysis**

Development of knowledge and skills needed to conduct the planning and analysis phases of the software development life cycle. Information gathering, data and process modeling, and specification of system requirements using a business event methodology are emphasized along with project management techniques. A corporate-like project is begun in this course and completed in SYS 394. *Prerequisites: COS 120 and SYS 200.*

SYS 392 1 hour**Systems Seminar**

The integration of systems topics with an emphasis on current development in many disciplines. Guest, faculty, and student presentations plus occasional panel discussions provide the format. May be taken twice.

SYS 394 3 hours**Information Systems Design**

This course explores how to construct an information system to best satisfy the documented requirements. All required inputs, software programs, outputs, and files as well as manual procedures are designed using a business

event methodology. Internal and external system controls are defined to assure system reliability. Management and end-user involvement and design documentation are emphasized. The project begun in SYS 390 is designed and implemented using a three-tier client/server architecture. *Prerequisite: SYS 390.*

SYS 401 4 hours**Operations Research**

Examination of mathematical techniques used in systems analysis including mathematical programming, probability models, optimization, and statistical techniques with an emphasis on applications using computer assisted instruction. *Prerequisites: The following courses (or their approved substitutes) must have been completed with a grade of C- or better: SYS 200; COS 120, 240 or 250; MAT 151, 210, 382.*

EARTH AND ENVIRONMENTAL SCIENCE**Environmental Science Courses****ENS 200 4 hours****Environment and Society**

Introduction to ecological principles and the impact of man on the environment. Issues studied include population dynamics, food and agriculture, natural resources, pollution problems, and environmental ethics. Laboratory time is divided between experiences in ecology and environmental education and small group discussions of current environmental issues. *Meets the general education life science requirement.*

EDUCATION**Introduction**

The Indiana Professional Standards Board has redesigned the teacher education standards in Indiana. Thus, Taylor's teacher education programs will change. Please be advised that these changes will become effective during the next two years; therefore, specific programs in teacher education may change.

Taylor University seeks to develop competent, caring, and reflective teachers prepared for world service. The belief that teachers who have experienced a vigorous professional preparation within the framework of evangelical Christian values will have a profound influence on the students they teach in public, private and/or overseas schools pervades the education program approach. A comprehensive liberal arts curriculum provides the foundation for subject matter competence as well as lifelong learning, leadership, and continued

ACADEMIC PROGRAMS

growth in the teaching profession. The department of education cooperates with other departments to ensure the development of high quality general education and major fields of study. Taylor University's teacher education program is accredited by NCATE (the National Council for Accreditation of Teacher Education) and the Indiana Professional Standards Board. Admission to, retention in, and completion of an approved teacher education program at Taylor University is coordinated by the director of teacher education.

Students seeking teaching certification may fulfill the requirements while earning either a bachelor of arts or bachelor of science degree. The bachelor of arts degree requires the completion of two years of one foreign language. The bachelor of science degree must be combined with curriculum requirements in education.

Advisement

Students wishing to explore or prepare for the teaching profession should become involved in the teacher education program as early as possible in their college careers. It is advised that initial steps be taken as an entering freshman or as soon as possible after entering Taylor. Upon declaring a major area of study (elementary or secondary), the student is assigned an academic advisor. This academic advisor continues to advise the student throughout the entire program. However, by use of the curriculum guide for the chosen area of study, much of the student's planning may be self-directed. Curriculum guides containing course requirements for all teacher education programs offered at the university may be obtained from the department of education. The Teacher Education Program Student Handbook includes a four-year program time line and course sequence for general education and major and professional education courses that assist the students in planning their teacher education program.

Admission to the Teacher Education Program: Step One

There is a formal admission procedure to the teacher education program. A student is admitted to the program upon completion of an official application form (initiated through the office of the director of teacher certification) and favorable action by the Teacher Education Committee. The application should be completed during the first term of a student's sophomore year. Students are formally admitted to the teacher education program after completing three terms of college work, one of which must have been at Taylor. The Teacher Education Committee has established standards that students must meet in order to be admitted to and remain in the program. Factors encompassed by these standards are scholastic performance, communication skills, portfolio requirements, state qualifying scores for the Praxis I exam, and

departmental recommendation. Detailed explanations of these standards may be obtained from the Department of Education.

Admission to Supervised Internship (Student Teaching): Step Two

Subsequent to admission to the program, there is a formal admission procedure to student teaching. The application is initiated and facilitated through the office of the director of field experiences and should be prepared and ready for consideration (by the Teacher Education Committee) by the beginning of the sixth term. The factors considered by the Teacher Education Committee include (1) successful completion of prerequisite courses, (2) departmental recommendation, (3) portfolio requirements, and (4) scholastic performance. Detailed explanations of these standards may be obtained from the Department of Education.

Scholastic Performance

Teacher education program standards include students passing all education (EDU prefix) courses with grades of C- or better. Also, a grade of C- or better in education courses must be achieved as a condition for taking sequential courses for which the course is a prerequisite.

Transfer of Credit from Other Institutions

Students seeking admission to the Taylor teacher education program through transfer from another institution must meet the standards required of regularly enrolled students. Credits are assessed by the registrar. The director of teacher certification, after consultation with the appropriate department chair, will accept transfer credit when the courses taken are equivalent to requirements on a designated major curriculum guide.

Field Experiences and Student Teaching

Field experiences with children and youth, with strong emphasis on multicultural education, are considered a vital part of the preparation of the teacher. Beginning with the first professional education course and continuing through the senior year, such experiences are required for each prospective teacher. The culmination of these professional experiences occurs during the senior year with full-time student teaching. During this final experience a student is expected to assume as much as possible the total responsibilities of a teacher. Student teaching is a 16-week fall or spring term activity. Students must complete major and minor courses prior to being approved to student teach in these areas. See specific department requirements. Opportunities are provided for overseas student teaching. After completing a ten-week experience stateside, students may teach for six or more weeks in an overseas setting. Application for overseas student teaching must be submitted during the sophomore year.

Applications are available in the Department of Education.

TEACHER EDUCATION PROGRAMS

The Indiana Professional Standards Board has redesigned the teacher education standards in Indiana. Thus, Taylor's teacher education programs will change. Please be advised that these changes may become effective fall 2002.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major and/or minor may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Fields of Study

Curricula that meet the licensing standards of the Indiana Professional Standards Board are listed on the curriculum guides available to each student. Preparation for standard teaching licenses in the following fields is provided at Taylor University Fort Wayne.

Elementary Education (Kindergarten Through Sixth Grades)

The bachelor of science degree in elementary education requires a minimum of 128 hours. Students are required to complete an elementary education core, professional education courses, general education courses and electives. Courses in the elementary education core and those denoted by an asterisk in the professional education will be counted toward the elementary education major grade point average.

Elementary Education Core: ENG 210, EDU 371, PHY 121, HIS 120, MAT 201, 202, ART 300, MUS 301, PHP 250, EDU 242 or 243.

Professional Education: EDU 150, 200, 260, 320, 350*, 351*, 353*, 410, 421, PSY 240.

General Education: CAS 110, ENG 110, 230, BIO 100, ENS 200, GEO 220, SOC 220, HUM 230 or 330, 250, PHP 100, 200, IAS 101, 110, BIB 110, 210, REL 313, PHI 413, COS 104/106 (for students selecting EDU 243 in elementary education core.)

Associate of Arts Degree in Early Childhood Education

In addition to the baccalaureate degree programs maintained by the department, a two-year curriculum in early childhood education is offered for students who wish to qualify for leadership positions in day care centers, Headstart, and preschool programs. This program blends a series of liberal arts courses with practical experiences in field centers and professional

content to prepare early childhood workers. The program includes two curriculum workshops that integrate the early childhood curriculum in the liberal arts with a multicultural/multiethnic emphasis, experience at field-based centers, and a core curriculum. The student will spend at least three hours weekly in a field-based center (selected day care, preschool, or Headstart facilities).

This degree requires 68 hours including ART 300; BIB 110, 210; CAS 110; COS 104 or 106, EDU 223 (taken each intertem), 280, 290, 300, 320; ENG 110; PHP 100, 200; HUM 230 or ENG 230; HUM 250; IAS 101, 110; MUS 301; PSY 240; SOC 220, 381; and a math or science course.

Certification

The elementary education program has been designed to meet Indiana certification requirements and have been approved by the Indiana Professional Standards Board. Students who meet graduation requirements, complete an approved teacher education program, successfully complete student teaching, and meet the Indiana qualifying scores on the required Praxis tests will be eligible for Indiana certification (a teaching license). The teacher certification office is responsible for verifying to the Indiana Professional Standards Board that all requirements for certification have been met and for processing all applications for certification.

Indiana has an Interstate Agreement Contract with many states (reciprocity). However, additional requirements may need to be met in order to receive permanent certification in these states. Students who plan to teach outside of Indiana should obtain a current description of certification requirements from each state where they plan to teach because requirements often change from year to year. Addresses and telephone numbers for every State Department of Education are available in the teacher certification office.

Accreditation

The teacher education programs are accredited by the National Council for Accreditation of Teacher Education and the Indiana Professional Standards Board.

Elementary Education Comprehensive Exam Requirement

All elementary education majors are required to take the Elementary Education: Curriculum, Instruction, and Assessment Specialty Area Test (Praxis II) and score 143 or above. Any elementary education major who does not successfully pass is provided opportunity to participate in a tutorial guided instruction program under the direction of the ACE to prepare for retaking the test.

ACADEMIC PROGRAMS

Practicum

Opportunities for practicums in rural, urban, and overseas settings are available. A practicum is supervised learning involving a firsthand field experience or a project. It is offered primarily during interterm and summer with the consent of a supervising professor and the approval of the department chair. Under certain conditions a practicum may be required to demonstrate readiness for student teaching. In order to receive a grade, the experience or project must be supervised.

Education Courses

EDU 150 3 hours

Education in America

A study of the historical, philosophical, and sociological foundations of education. The organization and role of the public school, P-12, in a multicultural society are examined. An analysis of teaching is made, including implications of some court cases related to teaching, concepts of teaching and leadership roles. The course includes a study of multicultural and ethnic differences among students and the resulting effect on the teacher's role. Includes a field experience lab.

EDU 200 3 hours

Introduction to Early Childhood Programs

This course deals with the history of early childhood education and also takes an in-depth look at the qualities needed to become an effective early childhood teacher. Students study the professional aspects of developing appropriate curriculum and physical settings for the preschool and kindergarten classroom. Methods that meet the physical, emotional, social, mental, and spiritual developmental growth of young children are explored. Includes weekly observation of and participation with children in preschool, kindergarten, and Headstart programs. *Prerequisite: EDU 150.*

EDU 223 4 hours

Supervised Field Experience in Early Childhood Education

A full-time, four-week participation experience in a preschool, day care center, or Headstart. The student assumes a position of leadership with children under the supervision of qualified early childhood teachers. Students pursuing the AA degree complete this interterm course two times, once in a day care center or Headstart and once in a preschool. *Prerequisite: EDU 280 or 290 or permission of instructor.*

EDU 242 3 hours

Microcomputers in Educational Settings

Key concepts of learning theory that have a direct bearing upon using microcomputer software are reviewed. Students become aware of a variety of

software and hardware and its application to classroom instruction. Opportunities to develop word processing and programming skills are provided in the ACE computer lab. *Meets the general education computer literacy requirement.*

EDU 243 1 hour

Computer Applications in Elementary Education

The course includes topics of CAI, hypermedia - multimedia development, distance learning, and educational simulations. The course examines the pedagogical value of computers. EDU 243 fulfills the one hour of computer application general education requirement for elementary education majors. *Prerequisite: COS 104 or 106.*

EDU 260 3 hours

Educational Psychology

The study and application of learning theories and psychological concepts and principles to the teaching-learning process. The teacher's responsibility to all types of special needs students is explored. Cognitive, affective, and psychomotor aspects of the teaching-learning process are considered. Other topics included are statistics, tests and measurement, motivation, and classroom management. Includes a field experience lab. *Prerequisite: EDU 150.*

EDU 280 4 hours

Communications and Language Arts in the Preschool and Kindergarten

This course deals with the many areas involved in developing positive forms of communicating with emphasis on nonverbal and listening skills and examines the many facets of the language arts curriculum in public/private preschools and kindergartens. These include language development (ethnic, cultural, and disability awareness), teaching strategies and techniques utilizing a variety of visuals, reading readiness programs, and evaluation forms for children. Weekly observation of and participation with children in preschool, kindergarten or Headstart help students become aware of the wide abilities within these classrooms.

EDU 290 4 hours

Social Studies, Science, and Mathematics in the Preschool and Kindergarten

The many areas of the child's immediate world including development of positive self-concepts, which are then broadened to a worldview, are studied in this course. Various teaching approaches are utilized to help children become aware of the home, family, and aspects of cultural and ethnic influence within their communities and how these affect values, standards and morals within their homes and schools. The past, present, and future areas of science and mathematical readiness are all viewed as aids in developing this worldview. Weekly

observation of and participation with children in preschool, kindergarten, and Headstart help students become aware of meaningful teaching modes and methods of the areas covered in this course.

EDU 300 **4 hours**
Teaching the Young Child in the Preschool and Kindergarten Classroom

This course deals with the history of early childhood education and also takes an in-depth look at the qualities needed to become an effective kindergarten and preschool teacher. Students study all the professional aspects of developing appropriate curriculum (including the ethnic, cultural, and special needs of children) and the desirable physical setting. Methods that meet the physical, emotional, social, mental, and spiritual developmental growth of young children are explored. These include nutrition, health, safety, creative movement, art, music, discipline approaches, and identification of the various types of child abuse. On-site visitation, interviewing teachers and resource people, discovering appropriate media, and reading assignments aid in developing skills and materials needed to teach kindergarten, preschool, or Headstart in public or private schools.

EDU 320 **3 hours**
Exceptional Children

This course is designed to prepare the teacher for the challenge of meeting the needs of exceptional children in the regular classroom. A general study of exceptional children focuses on mainstreamed and included special education students. Various topics included are identification of exceptional children, their characteristics and special needs, delivery of services, instructional methods and techniques, and evaluation. *Prerequisite: EDU 150. Offered interterm and spring semesters.*

ENGLISH

The English department offers courses intended to help students write clearly and effectively and to read literature with critical appreciation. All students take courses in expository writing and selected literary works.

Students may select a major in English studies or professional writing, an optional journalism concentration, and an English minor. Students may not major in both English studies and professional writing but are encouraged to complement either with the journalism concentration.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

English Studies

A major in English studies provides students with a strong liberal arts preparation for a variety of careers including business, law, ministry, research, library science, civil service and administration, as well as writing, editing, and publishing.

The English studies major is designed to be pragmatic. While retaining the essential components of a traditional English major, it seeks to prepare students for professions that require strong communication skills, proficiency in written and spoken English, and the ability to think critically.

The bachelor of arts degree with a major in English studies requires two years of one foreign language and a minimum of 35 hours in addition to ENG 110. Required courses are ENG 212, 302, 333; CAM 332; two

literature survey courses from ENG 230, 240, either 250 or 233; one communications course from CAS 201, 340, 372; one upper-division writing course from ENG 320, ENG 321, ENG 472, CAM 320, CAM 343; two literature upper-division courses from ENG 361, 362, 370, 371, 373; one upper-level ENG elective (3-4 hours).

English Studies/Systems

The bachelor of science degree with a major in English studies/systems consists of the 35 hour requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; ENG 393 (3-4 hours).

English Studies/Journalism Concentration

A major in English studies with a concentration in journalism consists of the 35-hour major and 25 hours in journalism including CAM 150, 240, 250, 300 (at least three semesters), 320, 332, 343, 393 (4 hours). Students may not select CAM 320 or 343 to fulfill the upper-division writing course in the English studies major.

Professional Writing

The professional writing major focuses on the development of practical writing skills students need for careers as freelance writers, book and magazine editors, novelists, and short story writers. The aims of the program are to teach students how to write in a contemporary style that will be marketable to a contemporary audience, to teach students how to market their manuscripts, to make students knowledgeable about all business aspects of writing, and to expose students to the wide range of professional writing opportunities. Professional writing majors are required to develop a portfolio of published credits.

The bachelor of arts degree in professional writing requires two years of one foreign language and a minimum of 37-39 hours including ENG 212, 321, 333, 393 (4 hours), 460 (must be taken twice for a total of six hours), 472; CAM 150; one course from CAM 320, CAM 343, CAP 220, ENG 320; two literature courses (one must be upper-division) from ENG 230, 233, 240, 250, 361, 362, 370, 371, 373.

Professional Writing/Systems

The bachelor of science degree with a major in professional writing/systems consists of the 37-39 hour major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; ENG 393 (3-4 hours).

Professional Writing/Journalism Concentration

A major in professional writing with a concentration in journalism consists of the 38-40 hour major and 25 hours in journalism including CAM 150, 240, 250, 300 (at least three semesters), 320, 332, 343, 393 (4 hours). Students may not select CAM 343 to fulfill an elective toward the major.

English Minor

An English minor is appropriate for students who wish to supplement any major, but is particularly recommended for students studying law or communications or for students intending to attend law school or seminary.

The English minor consists of at least 16 hours in addition to ENG 110 and may not be combined with any other English program. Required courses are ENG 212; at least one course from ENG 230, 233, 240, 250, 370 (when applicable) and three additional ENG courses of at least three credit hours each.

GOAL-ORIENTED MAJOR

The goal-oriented major recognizes that departmental majors may not meet the unique needs of some students who attend Taylor University. This major allows a student (with faculty guidance) to design from existing courses a program of study that is valid academically and meets personal and/or professional goals.

It is expected that the major will be thoughtfully and carefully designed. Therefore, a student should have some college experience before applying for a goal-oriented major and should not begin the application process prior to the second semester of the sophomore year. The student should also seek advice from at least two faculty advisors from different departments that most closely fit the needs of the goal-oriented major. Consultation from literature or an individual within the field of interest is also a prerequisite. Finally, the student should make an appointment to discuss his/her plans with the chair of the goal-oriented major subcommittee. The curriculum management committee will make final approval of the application.

A grade point average of 2.80 or above is required to be admitted into the program. As with all majors, a

minimum of 128 hours is necessary for graduation, but at least 48 of these hours must be completed after the approval of the application. The application deadline is April 15 of each academic year.

The bachelor of arts degree program requires completion of two years of one foreign language and a minimum of 46 hours in the major. A bachelor of science degree in the goal-oriented major requires a minimum of 60 hours in the major, including a minimum three-hour practicum. The bachelor of science degree requires 46 hours if combined with curriculum requirements in systems analysis. The required senior comprehensive exam will be a paper (3,000 words or more) that integrates the several components of the major. All general education, degree, and major requirements listed in this catalog must be fulfilled.

JUSTICE EDUCATION

The objectives of the department of justice education are (1) to prepare students for professional service in the multifaceted and challenging arena of the American justice system; (2) to strategically position students for graduate work in law, the behavioral sciences, chaplaincy, or justice education; and (3) to provide maximum flexibility for students in the liberal arts, by offering three distinct programmatic alternatives.

Students will pursue either a bachelor of arts or a bachelor of science degree in one of the following majors: criminal justice, law and justice, or justice and ministry. The bachelor of arts degree requires two years of one foreign language. The bachelor of science degree must be augmented with 12 additional hours from the sciences, business, or psychology.

All three majors share a common core curriculum of justice courses that embody (1) the historical development, organization, and administration of the courts, corrections programs, and law enforcement; (2) a theoretical, philosophical, and substantive analysis of law, justice, and the causes and effects of both juvenile delinquency and adult crime; and (3) comparative strategies for preventing, controlling, and treating criminal behavior.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore,

these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Criminal Justice

The criminal justice major is designed for individuals who are interested in administration, leadership, and service with either juvenile or adult offenders or other at-risk populations. The academic program professionally equips students to function in offender-based agencies and organizations, whether in law enforcement, the courts, corrections, or chaplaincy. Moreover, this major is a potential choice for persons seeking a double major in preparation for graduate work in another behavioral science, such as psychology or graduate work in criminal justice. A double major might require an additional semester.

The bachelor of arts degree with a major in criminal justice requires two years of one foreign language and 53 hours in the major including a 44-hour core and a nine-hour concentration in one of two areas. The 44-hour core requires JUS 100, 120, 230, 240, 300, 321, 342, 353, 420; SOC 220, 355. The requirements for the nine-hour concentration includes:

Enforcement: JUS 210, 315; select one course from 340, 350 or 370.

Corrections: JUS 200, 310; select one course from 305, 350 or 370.

The bachelor of science degree with a major in criminal justice must be augmented with 12 additional hours beyond the 53-hour major from courses in the sciences, business, or psychology.

A minor in criminal justice requires 20 hours including JUS 100, 230, 342, 393, and nine additional hours from the approved curriculum in criminal justice.

Criminal Justice/Systems

The bachelor of science degree with a major in criminal justice/systems consists of the 53-hour criminal justice major requirement and curriculum requirements in systems analysis including COS 120, 240 or 250; IAS 330; MAT 151, 210, 382; SYS 200, 310, 390, 392, 394, 401; JUS 393 (3-4 hours).

Law and Justice

Law and Justice is the major of choice for prelaw students. It has a strong interdisciplinary liberal arts curriculum specifically designed to meet the expectations articulated by law schools throughout the United States. Moreover, this academic major provides excellent preparation for individuals who seek only an undergraduate degree, but who desire to serve in court administration or in some other professional legal environment.

ACADEMIC PROGRAMS

The bachelor of arts degree with a major in law and justice is a unique blend of courses in justice education, English, political science and philosophy. This major requires two years of one foreign language and 59 hours including JUS 100, 120, 220, 230, 240, 300, 315, 342, 353, 370; SOC 355; ENG 212, 302; POS 385, 386; PRL 441; PHI 201, 262.

The bachelor of science degree with a major in criminal justice must be augmented with 12 additional hours beyond the 59-hour major from courses in the sciences, business, or psychology.

A minor in law and justice requires 20 hours including JUS 100, 230, 342, 393, and nine additional hours from the approved curriculum in law and justice.

Justice and Ministry

For students who desire to serve in a ministry to offenders or other at-risk populations, the justice and ministry major integrates justice studies with courses in Christian ministry and the behavioral sciences. Some are called to be chaplains; others are motivated to serve as program administrators or specialists in parachurch organizations and in public or private agencies.

The bachelor of arts degree with a major in justice and ministry requires two years of one foreign language and 56 hours including JUS 100, 200, 230, 240, 321, 342, 350, 353, 420; UMI 200 or CED 371; PSY 310; SOC 220, 355; PMI 122; select one course from PSY 461, JUS 310 or 370.

The bachelor of science degree with a major in justice and ministry must be augmented with 12 additional hours beyond the 56-hour major from courses in the sciences, business, or psychology.

A minor in justice and ministry requires 20 hours including JUS 100, 230, 342, 393, and nine additional hours from the approved curriculum in justice and ministry.

Justice Education Courses

JUS 100 3 hours **Introduction to Criminal Justice**

A survey of the organization, administration, and function of law enforcement, the courts, and corrections in an historical, legal, and contemporary context. Emphasis is placed on both offenses and offenders at each stage of the process. *Meets general education civic engagement or general social science requirement. Offered each semester.*

JUS 120 3 hours

American Policing

An introductory course on legal, theoretical, historical, and organizational foundations of law enforcement in the United States with a critical assessment of alternative police policies and practices. *Prerequisite: JUS 100 or permission of instructor. Offered spring semesters.*

JUS 170/370 1-4 hours

Selected Topics

JUS 200 3 hours

Correctional Chaplaincy

An overview of correctional chaplaincies as they function in jails, prisons, and community-based settings. Federal, state, and county models of chaplaincy will be examined, both at a systemic and localized level of operation. Some attention will also be given to potential future developments in correctional chaplaincy. Students will be encouraged to develop a chaplaincy approach based on an analysis of their individual gifts.

Prerequisite: JUS 100. Scheduled as needed. Offered spring semesters of even years.

JUS 210 3 hours

Criminal Investigations

A study of investigative techniques and procedures in law enforcement, focusing on the rules of evidence applicable at each stage of the process. *Prerequisites: JUS 100 and 120. Offered fall semester of odd years.*

JUS 220 3 hours

Judicial Systems

A study of the major structures, processes, and dynamics that underlie the judiciary, the problems and issues, with emphasis on the relationships of the actors, recent changes and reforms. Court simulations (mock courts) and observations are part of the structure of the course. *Scheduled as needed.*

JUS 230 3 hours

Restorative Justice

A study of a biblical model of justice and how it can be applied to the current criminal justice system, focusing on the restoration of harms caused by crime to the victims, community, and offender, examining the responsibilities of each in the restorative process and the role of the Christian community in implementing changes. *Prerequisite: JUS 100. Offered fall semesters.*

JUS 240 3 hours

Corrections

A study of the organization and administration of the adult correctional and community corrections systems with special emphasis on the incarceration and release of offenders. Correctional theories, policies, and practices are considered in an historical and contemporary

context. *Prerequisite: JUS 100 or permission of instructor. Offered spring semesters.*

JUS 300 **3 hours**

Criminal Law

A study in substantive criminal law and how the courts apply constitutional and statutory principles in the appellate process. An examination of the historical foundations of the substantive law, the legal elements of culpability, and the limitations of that law in its application to the adjudicatory process. *Prerequisite: JUS 100, or permission of instructor. Offered fall semesters.*

JUS 305 **3 hours**

Comparative Criminology

A course designed to acquaint students with crime and criminal justice systems in various countries. The course is expected to help students in developing an appreciation for diversity in cultures, religions, politics and other external factors that affect the criminal justice systems of the world. The course outlines international issues including the drug trade, terrorism, political corruption and the role of international organizations. It examines the work of the church within these countries and its impact on justice issues. Particular emphasis is given to comparisons of developed, developing, and underdeveloped countries. *Prerequisite: IAS 120. Scheduled as needed.*

JUS 310 **3 hours**

Correctional Treatment

A review and analysis of various treatment modalities and interventions that are practiced with offenders, utilizing both process and outcome data from contemporary research projects. *Prerequisites: JUS 100 and 110. Offered fall semester of odd years.*

JUS 315 **3 hours**

Criminal Procedures

A study of procedural criminal laws that govern policing based primarily on the United States Constitution, Supreme Court cases and state statutory requirements. An examination of legal liabilities that impact law enforcement agencies, and procedural requirements from arrest to sentencing. *Prerequisite: JUS 100, and JUS 120 for law enforcement concentrations. Offered spring semesters.*

JUS 321 **3 hours**

Juvenile Delinquency

An exploration of the juvenile justice system and process with an in-depth analysis of the moral, social and psychological antecedents of juvenile crime and delinquency. An examination of serious crime by juveniles, focusing on both prevention and treatment. *Prerequisite: JUS 100 or permission of instructor. Offered spring semesters.*

JUS 340 **3 hours**

Crime Prevention and Control

A comprehensive review and analysis of various crime prevention and control strategies and projects including a critical examination of specific techniques, technologies, and methodologies. *Prerequisites: JUS 100 and 120. Offered fall semester of even years.*

JUS 342 **3 hours**

Criminology

An interdisciplinary approach to the analysis of individual and group behaviors that result in delinquency and criminal conduct with an opportunity for each student to develop and defend a unified theory of criminal behavior. *Prerequisite: JUS 100. Offered fall semesters.*

JUS 350 **3 hours**

Seminar in Correctional Chaplaincy

A course in contextual ministry within criminal justice settings. Students will learn the theoretic concepts and ministry skills necessary to effectively support institutional chaplaincy programs and community-based ministries directed toward at-risk groups. Lectures and discussions will be led by successful practitioners of correctional ministry programs. *There is an introductory and advanced seminar. Justice and ministry majors are required to take the advance course. Offered every summer.*

JUS 351 **3 hours**

Law Enforcement Chaplaincy

An overview of chaplaincy as administered through law enforcement agencies. Ministry to officers and their families, as well as to the larger community is examined. The focus is on providing competent and compassionate pastoral services to all who are impacted by crime, accidents, and natural disasters. Specific topics include such issues as ethical leadership, stress factors in policing, crisis response and death notification. *Scheduled summers as needed.*

JUS 353 **4 hours**

Social Research Methods

A study in the principles of research in the social sciences. The course introduces research methodologies and provides opportunities for application in community settings. *Prerequisite: junior standing. Offered spring semesters.*

JUS 393 **1-4 hours**

Practicum

Prerequisites: JUS 100 and 120, 220, or 240 or permission of instructor.

ACADEMIC PROGRAMS

JUS 420 12 hours

Internship in Criminal Justice

A semester of academically and professionally supervised work in a criminal justice agency or an offender-based social service program. *To be taken upon completion of core JUS courses and scheduled during junior or senior year, with approval of faculty.*

LIBERAL ARTS PROGRAM

The associate of arts degree in the liberal arts is offered for students who desire a two-year program that emphasizes a breadth of knowledge. It is not to be taken with or awarded with any of the three baccalaureate degrees.

A 42-43 hour core of courses from a variety of academic disciplines is combined with 14 hours from the student's choice of concentration area and elective hours to total 64 credit hours. Core requirements include IAS 101, 110; ENG 110; CAS 110 or 120; PHP 100, 200x (one hour); BIB 110, 210; REL 313; COS 104 or 106; one science course; one history course; HUM 230; one literature course from ENG 230, 240, 250; one social science course; one math course; and one cross-cultural course. The area of concentration (or a combination of related areas if sufficient offerings are not available in one selected field of study) excludes existing associate degree programs (accounting, business administration, computing and information applications, early childhood education, and music) and must be approved by the associate vice president for academic affairs.

MATHEMATICS

Mathematics Courses

MAT 100 1 hour

Mathematics Fundamentals

A study of the basic arithmetic operations, exponents, ratios, linear and quadratic equations, graphics, and story problems. This course is specifically designed to assist those students who need help for the mathematics proficiency examination. *May be taken pass-fail only.*

MAT 110 3 hours

Finite Mathematics

A study of selected topics from set theory, matrices, systems of linear equations and inequalities, linear programming, counting and probability, statistics, and mathematics of finance. *Prerequisite: A good understanding of algebra. Does not count towards a*

math major or minor. Meets general education mathematics requirement.

MAT 120 3 hours

Investigations in Mathematics

A course designed to engage students in relevant college-level mathematics from a problem-solving perspective. Students will experience interesting problems and real-life applications of mathematics from a variety of contexts while using appropriate technology. Emphasis will be on thinking, reasoning, and exploring patterns as well as communicating mathematical ideas. Topics will be chosen from data analysis, modeling, probability, statistics, mathematics of finance, logic, infinity, geometric applications, and fundamentals of problem solving. Meets (proposed) mathematics general education requirement. Does not count towards a mathematics major or minor. *Meets general education mathematics requirement.*

MAT 140 3 hours

Fundamental Calculus for Applications

An introductory study of derivatives, series, and integrals with a wide range of applications including maximum and minimum problems. *Prerequisite: MAT 110 or permission of instructor. Meets general education mathematics requirement.*

MAT 151 4 hours

Calculus with Analytic Geometry I

A study of functions, including algebraic and trigonometric functions. An introduction to the algebraic approaches to calculus including limits, continuity, derivatives, integrals, and applications. *Meets general education mathematics requirement.*

MAT 201 4 hours

Mathematics for Elementary Teachers I

First of a two-course integrated content-methods sequence for elementary teacher preparation. This course is a study of the number system through the real numbers with special reference to teaching aids, laboratory methods, pedagogy, and appropriate technology. Includes field experience lab. *Open to majors in early childhood and elementary education. Eight hours of MAT 201 and 202 meets the general education mathematics requirement.*

MAT 202 4 hours

Mathematics for Elementary Teachers II

The second of a two-course integrated content-methods sequence for elementary teacher preparation with emphasis on geometry, problem-solving, and small-group projects. Each student is responsible each week for a mathematics class in local schools, grades K-6. Includes field experience lab. *Open to majors in early childhood and elementary education. Eight hours of*

MAT 201 and 202 meets the general education mathematics requirement.

MAT 210 4 hours

Introductory Statistics

A study of basic statistical methods for describing data, counting outcomes and probability, probability distributions, sampling distributions, confidence intervals, tests of hypothesis, linear regression, and correlation. *Meets general education mathematics requirement.*

MAT 382 3 hours

Advanced Statistics

A study of regression analysis including multiple and nonlinear regression; correlation analysis, including multiple and partial correlation; analysis of variance; and nonparametric statistics. This course also includes selected topics from calculus and matrix theory required for the study of these topics. *Prerequisite: MAT 151, 210.*

MODERN LANGUAGES

The Department of Modern Languages provides the opportunity for students to develop their communication skills in another language in order to gain linguistic, cultural, and literary understanding and to interact meaningfully with people from other cultures. The department prepares students for the future whether that means sharing their faith, conversing with a neighbor whose first language is not English, or performing a job in the professional realm.

A nonteaching minor in Spanish consists of a minimum of 17 hours above SPA 101 and 102. Course requirements include SPA 201, 202; a semester through the Semester in Spain program (15-16 hours) and SPA 393 (3 hours) following the Semester in Spain program. Credit for SPA 201 and 202 may be earned through the testing for credit program that should be completed by the end of the sophomore year.

French Courses

FRE 101, 102 4 hours

Elementary French I, II

Stresses reading and the use of spoken language including the essentials of grammar and offers an introduction to French culture. Includes coordinated laboratory activities. *FRE 101 is prerequisite to FRE 102.*

FRE 201, 202 3 hours

Intermediate French I, II

Continues and builds upon the approach of FRE 101 and 102 through grammar review and intensive reading. Language laboratory activities are provided to promote oral communication. *FRE 201 is prerequisite to FRE 202.*

Spanish Courses

SPA 101, 102 4 hours

Elementary Spanish I, II

The skills of listening, speaking, reading, and writing are taught in the context of daily happenings in the Spanish-speaking world. The essentials of grammar are studied. Laboratory activities are provided. *SPA 101 is prerequisite to SPA 102.*

SPA 201, 202 3 hours

Intermediate Spanish I, II

Emphasis is placed on the conversational approach with additional reading and writing. *SPA 201 is prerequisite to SPA 202.*

SPA 393 3 hours

Practicum

MUSIC

The purpose of the music department is to prepare all students to value music as an important part of culture and the development of the whole person, as an essential part of their expression of faith and Christian worldview, and as a creative means to express their ideas, thoughts, and feelings. It is also the purpose of this department to prepare majors with knowledge, skills, and values in music and musicianship for entrance to graduate studies and for careers in music and music-related fields.

Taylor University makes music an integral part of the overall program, serving the needs of the liberal arts student within the context of Christian higher education. For the music major, the department provides the bachelor of arts degree, bachelor of science degree, and associate of arts degree programs. A Handbook for Music Majors, outlining the program requirements, is available from the music department.

The music department also provides a music minor, ensemble opportunities open to all students, private lessons on all instruments, service and employment opportunities in music and music-related fields, and instruments, equipment, and facilities to enable the student to fulfill the stated goals of the department.

ACADEMIC PROGRAMS

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Community School of the Arts

The Community School of the Arts (CSA) is the outreach service of the department and provides instruction, performance, and services to people of all ages in the home, school, church, and community. While offering services to the Fort Wayne community, further arts experiences and instruction for the university student can be received through this noncredit source. Many of CSA's activities are an extension of the music department and its facilities, faculty, and students.

Music

The bachelor of arts degree with a major in music requires completion of two years of one foreign language. It is designed for the student who is primarily interested in a liberal arts degree program with a focus in music. This broadly based degree program has as its foundation the study of music, history, theory, and literature. The program prepares students for diverse career opportunities in keeping with the liberal arts tradition of Taylor University. This major consists of 59 hours including ten hours of MUS 100, 200, 300, 400 (applied major), two hours of 100, 200, 300, 400 (applied electives), eight hours of ensembles, MUS 120, 123, 131-132, 201, 223, 241, 242, 343, 361, 371, 372, 472; and four hours of music concentration electives. Also required is successful completion of a piano proficiency exam and a half-hour recital or project to be presented at the end of the final semester of study.

The music minor for non-music majors consists of 24 hours including four hours of MUS 100, 200, 300, 400 (applied major), two hours of MUS 100, 200, 300, 400 (applied electives), MUS 120, 123, 131, 132, 201, 361; and four hours of ensembles.

Music/Elective Studies Concentrations

The department offers a bachelor of science degree in this music major with elective study concentrations in business, Christian ministries, human resource management, information applications, public relations, recording and sound, and synthesis and keyboard performance. It is designed for those who plan to enter a career that integrates music with another discipline. This major provides the student with a curricular balance between knowledge and practice.

Distinctives of this major program are practicum experiences under faculty supervision and preparation in an associated field that gives the graduate an edge in the marketplace after graduation. Interested students need to

have some background and skills in music and have some competency in piano or voice.

The bachelor of science degree with a major in music with an elective study concentration requires the completion of 74-76 hours in the major including a 55-hour core and a 19-21 hour elective study area from one of eight concentration areas. The 55-hour core requires eight hours of MUS 100-400 (applied major), eight hours of ensembles, MUS 120, 123, 131-132, 201, 223, 241, 242, 343, 361, 371, 372, 393 (4 hours), 472. The requirements for the 19-21 hour elective study concentration include the following:

Business (19 hours): ACC 241, 242; MKT 231; MGT 352; HRM 462; COS 120.

Christian Ministries (21 hours): BIB 272, 462, CMI 100, 122, 262; six hours of electives from BIB 350, MUS 350, PMI 111, or other course listed under Christian ministries; by permission.

Human Resource Management (20 hours): MGT 311, 350; HRM 362, 462; CAS 201; PSY 140.

Information Applications (18 hours): COS 120; MAT 140, 210; SYS 200, 390, 392.

Journalism (19 hours): CAM 150, 250, 320; MKT 231; nine hours of electives from CAM 240, 332, 343, 361, 383.

Public Relations (20 hours): CAP 112, 220, 320; CAS 110 or 220; nine hours of electives from CAM 150, CAS 201, CAP 420, CAM 240, CAM 250, CAM 332, CAM 343, MKT 231.

Recording and Sound (22 hours): MUS 292, 353, 354, 392, 492; PHY 120.

Synthesis and Keyboard Performance (20 hours): MUS 221, 292, 355, 356, 392, 393 (in addition to the core practicum), four hours of MUS 400 (applied major).

Associate of Arts Degree in Music

An associate of arts degree in music is offered for students who wish to pursue post-secondary training in music. This program also allows students to proceed to a baccalaureate degree in music. This degree program requires a minimum of 64 hours and must include BIB 110, 210; COS 104; ENG 110; HUM 230; IAS 101, 110; PHP 100, 200 (1 hour); one social science or history course; one math or science course; MUS 120, 123, 131, 132, 204, 241, 292; four hours of MUS 100, 200, 300, 400 (applied major); two hours of MUS 100, 200, 300, 400 (applied electives); four hours of ensemble; three hours of music electives from MUS 100, 210, 223, 292, 343, 350, 371, 372; and general electives to total 64 hours.

Music Ensembles

All college students are invited to participate in the various musical organizations. Students are encouraged to structure their schedules so that ensembles may be taken for credit. Humanities 250 credit may be obtained by participation in an ensemble. Auditions are held for freshmen and transfer students during the days of orientation at the beginning of the semester. For those students previously enrolled at Taylor University, auditions are arranged through the individual ensemble conductors.

Choral Ensemble Courses

MUS 240CE/340CE 1 hour

Choral Ensemble

This ensemble performs a wide variety of choral literature, normally rehearsing twice a week. Performance on campus is in chapels, recitals, and concerts. Other choral ensembles are derived from this group - chamber ensemble, women's ensemble, men's ensemble, touring group, etc., depending on interest. *Audition required.*

MUS 210AN/310AN 1 hour

Ars Nova

This choral chamber ensemble performs choral literature of early, Renaissance periods, normally rehearsing twice a week. Performance on campus is in chapels, recitals, and concerts. *Audition required. Member in Choral Ensemble.*

MUS 210GC/310GC 1 hour

Gospel Choir

The Gospel Choir is an auditioned choir open to all students. It performs a variety of gospel music and presents concerts on and off campus including gospel music festivals.

MUS 210PC/310PC 1 hour

Fort Wayne Philharmonic Chorus

Through special arrange with The Fort Wayne Philharmonic. Schedule of performances and certain fees may extend beyond university schedules. *Audition and transportation required.*

Instrumental Ensemble Courses

MUS 280WE/380WE 1 hour

Wind Ensemble

Open to all wind and percussion players. It performs the classic band repertoire as well as transcriptions and other band literature. *Audition required.*

MUS 210JE/310JE 1 hour

Jazz Ensemble

Open to all wind and percussion players. It performs

contemporary stage band literature as well as the jazz classics. This ensemble performs a concert each semester and chapels. *Audition required.*

MUS 210CC/310CC 1 hour

Chamber Ensemble

String, wind, mixed, or other ensembles possible according to interest and ability of interested students. *Prerequisite: 210CE or 310CE or permission of the instructor.*

MUS 210BE/310BE 1 hour

Community Brass Ensemble

This multigenerational brass ensemble plays a variety of brass ensemble music. On campus and community concerts. *Audition required.*

MUS 210OR/310OR 1 hour

Orchestra

Through special arrangement with Indiana University-Purdue University Fort Wayne-Community Orchestra. Schedule of performances and certain fees may extend beyond university schedules. *Audition and transportation required.*

MUS 210FC/310FC 1 hour

Flute Choir

The Flute Choir consists of a selected group of flute students. The students are auditioned by the flute instructor and explore flute chamber literature. This choir performs one concert each semester.

MUS 210WE/310WE 1 hour

Woodwind Ensemble

Applied Music

Private lessons are required of all music majors and are available for non-majors. All students taking applied music for the first time register for the 100 level. (Exceptions for transfer students are determined by an examination.) Advancement from one level to another is on the basis of proficiency, examination, or consent of the instructor. The course numbers represent lower- and upper-division credits. Normally freshmen and sophomores register for the 100-200 level and juniors and seniors register for the 300-400 level. Students not majoring in music may enroll for applied lessons as described above, or elective applied lessons whichever is best suited to their background and goals. For those students desiring to study privately in voice, keyboard, or instrumental areas, auditions are set up through the music office by the first week of each semester. See the music secretary for further details about registration and lesson fee information.

Private music lessons may be taken for one to two credit hours. This credit may meet the Participation in the Arts

ACADEMIC PROGRAMS

(HUM 250) general education requirement. Additional fees are required for private lessons and applied classes.

MUS 100, 200, 300, 400 1-2 hours

Applied Performance

Learning practice methods, building good techniques, acquiring sufficient repertoire, gaining a broad knowledge of literature and composers, and achieving performance skills. May be taken a maximum of four semesters, a minimum of one semester.

MUS 105 1 hour

Applied Music/Non-Majors

Instructor and student agree by contract on the content of each semester's study which could include learning practice methods, building good techniques, acquiring sufficient repertoire, gaining knowledge of literature, and achieving performance skills.

Music Courses

MUS 111V, 112V 1 hour

Voice Class

Applied class instruction for students with little or no previous training. Development of techniques with repertoire appropriate to the elementary level. *Admission to any applied class requires the approval of the instructor.*

MUS 111P, 112P 1 hour

Piano Class

Applied class instruction for students with little or no previous training. Development of techniques with repertoire appropriate to the elementary level. *Admission to any applied class requires the approval of the instructor.*

MUS 111G, 112G 1 hour

Guitar Class

Applied class instruction for students with little or no previous training. Development of techniques with repertoire appropriate to the elementary level. *Admission to any applied class requires the approval of the instructor.*

MUS 111EK, 112EK 1 hour

Electronic Keyboard Class

Applied class instruction for students with little or no previous training. Development of techniques with repertoire appropriate to the elementary level. *Admission to any applied class requires the approval of the instructor.*

MUS 120 3 hours

Music Theory

A comprehensive, practical introduction to the essentials of music theory: rhythm, intervals (diatonic and chromatic), scales (major and minor - all forms), key

signatures, circle of 5ths, triads and chords, terms, and tempo markings. Class instruction as well as computer lab work includes singing, ear training, and keyboarding.

MUS 123 3 hours

Harmony I

A study of basic fundamentals and structural elements of tonal music. Principles of part-writing, elementary forms, and melodic and rhythmic concepts are learned through written analytic and keyboard experience. Areas covered include diatonic triads, diatonic seventh chords, and secondary functions. *Prerequisite: MUS 120. Offered every spring. Recommended to take MUS 241 in conjunction with this course.*

MUS 131 1 hour

Introduction to Music I

An introductory course exploring careers in music, the elements of music, basic music forms, styles, and an overview of the history of Western music. The course is designed for the music major, music minor, and other interested students. *Offered every fall.*

MUS 132 2 hours

Introduction to Music II

A continuation of MUS 131. *Prerequisite: MUS 131. Offered every spring.*

MUS 170/370 1-4 hours

Selected Topics

MUS 201 1 hour

Computers, Technology, and Music

This is a preliminary-level instructional course designed to train the music major in the knowledge and applications of computer and MIDI systems as used in the music profession. Emphasis is placed on acquiring basic knowledge and skills in MIDI and hardware systems, synthesizer performance, sequencing, and desktop publishing. Dominant use is on Macintosh systems. Basic keyboard skills are essential. This course along with the two hour COS 104 or 106 course meets the computer literacy requirement. Includes a supervised lab each week. *Prerequisites: MUS 120, COS 104 or 106, or permission of the instructor. Offered every fall.*

MUS 223 3 hours

Harmony II

A continuation of Harmony I. Intermediate and advanced work in the following areas: chromaticism and modulations, diminished and half-diminished seventh chords, and doubly augmented sixth chords. Also included is an introduction to binary and ternary forms and late-nineteenth century tonal harmony as well as an introduction to twentieth century practices. An original composition is required as a final project. *Prerequisite: MUS 123. Offered every fall. Recommended to take MUS 242 in conjunction with the course.*

MUS 241 2 hours

Sight Singing and Ear Training I

Skill development is stressed in the areas of sight-singing (the ability to read/interpret musical symbols), ear-training (both written and aural skills), and rhythmic responsiveness accomplished through class performance and the use of the computer lab. *Prerequisite: MUS 120. Recommended to be taken with MUS 123. Offered every spring.*

MUS 242 2 hours

Sight Singing and Ear Training II

Continuation of MUS 241. Intermediate and advanced level work is in the areas of sight-singing, dictation (intervallic, melodic, and harmonic), rhythm (irregular meter), and analysis (small forms). *Prerequisite: MUS 241. Offered every fall. Recommended to be taken with MUS 223.*

MUS 292 3 hours

Introduction to Electronic Music

An introduction to the aesthetics and types of electronic music. Emphasis is placed on working with synthesizers, tape recorders, computers, sequencers, signal processors, and splicers with the objective of creating an electronic composition as a final project. Outside reading on the subject is required as an adjunct part of the course. *Prerequisite: MUS 201. Offered interterms on every other year cycle - 2004.*

MUS 301 4 hours

Music in the Elementary Classroom

This course consists of three components: (1) an overview of the basics of music (rhythm, melody, harmony, form, tone color); (2) an introduction to musical skills (singing, playing a recorder, guitar, autoharp, conducting, rhythm band instruments); and (3) methods and materials for teaching music (especially those related to the Kodaly and Orff methodologies). *Offered every fall.*

MUS 323 1 hour

Functional Keyboard Skills

The facilitating of practical keyboard skills including scales, chords, arpeggios, sight reading, and harmonization of melodies at sight. In addition, students complete the requirements needed for transcription, score reading, and accompanying in order to pass the Piano Proficiency.

MUS 343 3 hours

Music and World Cultures

An investigative study of selected non-Western cultures and the role of music within the cultures. Three components are basic principles of culture and basic principles of music, Japanese culture and music, and African culture and music (East Africa and West Africa). This cross-cultural course is open to all

students. Upper division credit requires a paper pertaining to music and a culture of the student's choice. *Offered interterms on every other year cycle - 2002*

MUS 350 3 hours

Music and the Church

A study of the organization, administration, and operation of the church music program. Areas of study include the multiple church choir program (preschool - grade 9), handbells, instruments, adult choirs, rehearsal techniques, vocal pedagogy, worship planning, song leading, and hymnody. *Offered spring on every other year cycle - 2004.*

MUS 353 2 hours

Recording Techniques

The acquiring of knowledge, the development of concepts, and the application of skills necessary for the operation of equipment and the running of recording sessions in the recording studio and the preparation of the recording master for production. *Prerequisites: MUS 292 or by permission of the instructor. Offered fall on every other year cycle - 2002.*

MUS 354 2 hours

Sound Reinforcement

The acquiring of knowledge, the development of concepts, and the application of skills necessary for the operation of equipment and the organization and set up for a live program or performance. *Prerequisites: MUS 292 or by permission of the instructor. Offered spring on every other year cycle - 2003.*

MUS 355, 356 2 hours each

Keyboard Improvisation I, II

The synthesis of improvising skills at the keyboard with sufficient proficiency to accompany songs or create new accompaniments. *Prerequisites: for MUS 355, MUS 223 or by permission of the instructor; ;for MUS 356, MUS 355 or by permission of the instructor. OFF-CAMPUS/INTERNATIONAL STUDIES PROGRAMS

Program Coordinator, Deborah Kim

One of Taylor University's objectives is to prepare students for a variety of professions on a foundation of appropriate academic experiences, cultural breadth and Christian perspectives. In order to keep within its mission, Taylor University offers many opportunities for students to earn undergraduate credit for a semester, January interterm or summer in an environment of total academic and cultural immersion.

Off-campus study programs challenge values and stimulate critical thinking whether they take place in the United States or abroad. Many students return home from their off-campus experience with new perspectives, new questions and a deeper hunger to learn more about their own society. For additional information, refer to the Off-Campus Study Program guide, available in the Office of Academic Affairs, and/or the web: <http://www.tayloru.edu/taylor/offcampus>.

Students interested in participating in any of these programs should consult with the coordinator of off-campus programs located on the Taylor University Upland campus. As a general rule, the application process is limited to students who have completed their freshmen year; transfers must complete one semester at Taylor prior to applying to an off-campus program. All courses taken through off-campus programs must be taken for a grade, and may not be audited or taken pass-fail. Transfer credit only is given for Daystar University, Hong Kong Baptist University, Huron University USA in London, Oregon Extension, Orvieto Semester and semesters spent at Consortium schools. Students must earn a C- or above in order for transfer credit to be accepted.

In order to participate in any semester off-campus program, students must obtain approval from the faculty/campus liaison, their advisor, the Office of Student Affairs, the Business Office, the Office of Off-Campus Programs/Academic Affairs and the registrar. Course approvals and applicability to a major and/or minor are determined in coordination with the department after acceptance to a program.

Since most off-campus programs are independent organizations or universities not operated by Taylor University, students should understand that not every course will fulfill a Taylor requirement, and due to international registration procedures some students may not receive every class for which they register. Upon their return, students are responsible for any graduation requirements missed during their time overseas/off-campus.

American Studies Program

The American Studies Program (ASP), located in Washington, DC, is sponsored by the Council for Christian Colleges and Universities. ASP is an intensive fall or spring semester, blending seminars and hands-on internships. Combining theory with practice, each of the three seminar classes focuses on specific domestic and international policy topics.

Creative internships are individually arranged to be pre-career work experiences to accommodate diverse majors or areas of interest. Sixteen hours of credit are earned through this interdisciplinary program that is designed for juniors and seniors.

ASP 300 8 hours
American Studies Seminar in Washington, DC

A series of three seminars permits a variety of approaches to public policy issues in American government and politics, thus giving participant students an opportunity to utilize the national capital's unique array of human and organizational resources. The seminars are organized into two five-week public policy units and one four-week foundations study unit.

ASP 310 8 hours
American Studies Internship in Washington, DC

An internship experience for participants in the American Studies Program that challenges each student to integrate faith with practice in a professional setting.

China Studies Program

Students are offered an opportunity to discover the richness of China through a unique living/learning semester abroad sponsored by the Council for Christian Colleges and Universities. The China Studies Program (CSP) encourages students to wrestle with the critical issues facing China in the light of biblical truth. Students explore the complex past of one of the world's oldest cultures; experience the economic, political, and social realities of contemporary China; and study China's challenges as a rapidly emerging world power. Students live in the beautiful seaside port of Xiamen, and the curriculum incorporates travel and visits to well-known sites throughout the country, such as Beijing, Fujian, Shanghai, Xi'an, and Hong Kong.

CSP 100 3 hours
Chinese Language

A course designed to help students gain an appreciation for the richness of the spoken national language of China. Emphasis is placed upon acquisition of the basic facility in the dialect and on the spoken form.

CSP 310 3 hours
Chinese History, Geography and Culture

CSP participants begin with this introductory seminar, covering the history of China from its earliest

beginnings up to the present. Students become familiar with the major dynasties of China and their characteristics. Topics include Chinese philosophy, classics, history and geography. On study tours students visit many of the most famous Chinese sites of historical and religious interest.

CSP 311 3 hours
Contemporary Society and Public Policy

This course focuses on the upheavals that have transformed society since the Reform Policies of 1979. Topics include changes in the educational system, religious policy, population control, ethnic minorities legal reforms, Taiwan and Tibet, and China-US relations. Students also study religious traditions and life in China through lectures and visits to temples and monasteries.

CSP 312 3 hours
Modernization and Economic Development

Students examine economic changes in China since the late 1970s. Areas such as foreign exchange, private enterprise, the stock market, rural development and the shift from state-owned enterprise to private enterprise are covered.

CSP 314 3 hours
Intercultural Communication

This seminar emphasizes the parallels in learning a language and learning a culture, and how the two experiences inform each other.

CSP 320 1 hour
Local Art and Culture

This is an independent study in which students individually explore aspects of Chinese arts (such as acupuncture, calligraphy, painting and poetry) and make oral presentations to the class, sharing what they have learned.

CSP 321 1 hour
Tai Chi

Taiji, a gentle and stylized form of self-defense, tones the body and concentrates the mind. Students learn the techniques, postures and routines of taiji from a Chinese master.

Christian Center for Urban Studies

Taylor University is affiliated with the Christian Center for Urban Studies (CUS) that serves as a cooperative education center linking the Olive Branch Mission in Chicago with twelve Christian colleges and seminaries. The Center's objective is to foster personal and corporate discipleship through involvement in urban ministry, participation in a Christian community, and the study of urban life and systems. Specific programs range from weekend field trips to three-week mini-term and semester-long programs. Students live in facilities

ACADEMIC PROGRAMS

owned by the Olive Branch Mission and experience firsthand an inner-city environment. Semester students must take 16 hours of credit.

CUS 210/310 **4 hours**

The City From a Christian Perspective

A survey of the city from biblical, historical, sociological, political, anthropological and ministry perspectives will be used to aid students in developing a biblical theology and Christian response to the city.

Meets cross-cultural requirement. Offered January interterm.

CUS 220/320 **4 hours**

The City From a Multicultural Perspective

An introduction to city life, cultures, neighborhoods and churches. Students survey the city through participant-observations, readings, presentations, internship and public transportation. Methods include journals, discussions and case studies.

Meets cross-cultural requirement. Offered June session.

CUS 230 **4 hours**

Chicago Arts Seminar

A survey of art experiences and expressions in Chicago, including the formulation of a Christian response to the arts. *Meets HUM 230 requirement. Offered semesters.*

CUS 312 **3 hours**

Urban Anthropology and Mission

An application of anthropological insights to ministry with people in modern cities. Issues of human behavior will be examined through participant-observation, quantitative research and experiential learning. *Offered semesters.*

CUS 322 **3 hours**

Community, Culture and Christian Leadership

An integration of the principles of Christian leadership for culturally diverse ministry in a Chicago setting.

Major issues of leadership will be examined to develop personal skills and organizational strategies for leadership and community development. *Offered semesters.*

CUS 393 **4 hours**

Practicum

A hands-on experience to enhance academic knowledge in one's major field of study. A large selection of professional, culturally diverse and service internships are available. Credit involves reports and final evaluations from supervisor and four meetings with internship coordinator. Credit is based on one hour credit for each 40 hours of supervised internship. *Offered semesters.*

Consortium Programs

The Consortium programs are comprised of the Christian College Consortium's Student Visitor Program in addition to other Consortium-approved, off-campus semester programs as described below:

The Christian College Consortium's Student Visitor Program is designed to enrich the participant's educational experience by making the resources of other Consortium colleges available as part of the undergraduate program. Through the Student Visitor Program, one semester or its equivalent can be spent on one of thirteen Consortium campuses without completing lengthy enrollment forms. Credits are transferable to Taylor. Consortium Colleges include Asbury College, Bethel College, George Fox University, Gordon College, Greenville College, Houghton College, Malone College, Messiah College, Seattle Pacific University, Trinity International University, Westmont College and Wheaton College.

Daystar University, a Christian College Consortium program, allows selected second semester sophomore or junior students to spend a fall or spring semester studying at the Athi River campus located outside Nairobi, Kenya. Participants attend classes with over 1,200 African students who are studying for the bachelor of arts degree. Up to 17 hours of academic credit may be transferred while immersed in the radically different culture of East Africa. All instruction is given in the English language and is offered by a faculty of African nationals.

A Consortium agreement with Hong Kong Baptist University (HKBU) allows junior and senior students at Taylor University an opportunity to spend a fall or spring semester studying at HKBU, the only Christian university in the People's Republic of China. While living in campus dormitories with Chinese students, participants can earn from 12 to 17 hours of transferable course credit in classes taught in English. Premier programs include business, music, journalism, physical science, social sciences, English-Chinese translation and the humanities.

Junior and senior business majors have the opportunity to study and gain international internship experience in London through a consortium agreement with Huron University USA in London (Huron). Campus facilities, classrooms, offices and hall of residence are located in South Kensington, London. Students earn 12-17 hours of transferable course credit via traditional American-style classes, British-style tutorials and an internship (required). Students enroll in the one credit hour independent study course Christianity in a Cross-Cultural Setting for Taylor credit while attending Huron.

Taylor University participates in the Oregon Extension, a program of Houghton College, through the Christian College Consortium. This program offers a wide variety of courses in a very personal, highly rigorous academic environment. The fall semester program offers 15 hours of transferable credit under the general category of Contemporary Life and Thought.

Taylor University students interested in Italian culture, arts and humanities may participate in The Orvieto Semester of Gordon College (Orvieto, Italy). Students earn 16 hours of transfer credit. Ideal for students in their junior year.

Contemporary Music Center

This Council for Christian College & Universities off-campus study program provides a curriculum and community designed to speak to the head, heart and souls of young musicians and aspiring music executives. In addition to seminars, lectures and practicum, great attention is given to the actual creation and marketing of original music. Students select courses from an artist or executive track and earn 16 hours of elective credit. *Fall and spring semesters.*

CMC 310 3 hours
Studio Recording

Artists, via both the classroom and lab, will work with faculty, other students and visiting experts to learn how to produce, record, mix and edit recordings in a professional multi-track studio.

CMC 311 3 hours
Inside the Music Industry

Through readings, lectures and seminars delivered by leading industry figures, the course will give up-to-the-minute insight into the inner workings of the music industry. Emphasis will be given to career possibilities and the gifts and skills required to succeed in each of the major areas. Students will gain an understanding of the structure and methodologies of a typical US record company.

CMC 312 3 hours
Performance

In consultation with staff and executive track students, artists will develop a live concert presentation that best utilizes their gifts as musicians, entertainers and communicators. Both informal and public performances will be presented throughout the semester.

CMC 313 3 hours
Essentials of Songwriting

Artists will receive classroom instruction, participate in directed study with staff and work in collaboration with other students to develop their use of form, melody, harmony, rhythm and lyric. Emphasis will be placed on

the song as the vehicle for the artist's creative exploration and public communication.

CMC 314 3 hours
Artist Management

Through lecture, text and visiting music industry experts, executive track students will gain an understanding of the economic, creative and spiritual elements critical to a career in contemporary music. Students identify their gifts and develop a long-term career plan. Students prepare materials necessary to pitch an artist to a record company, and negotiate a mock recording contract.

CMC 315 3 hours
Artists and Repertoire

Executive track students will learn how to create a label business plan; analyze and forecast trends in popular music; assemble a successful artist roster; and, in tandem with the artists, they will plan, budget and produce recording sessions.

CMC 316 3 hours
Music Marketing and Sales

Through classroom instruction and presentations by visiting industry experts, executive track students will become familiar with the role of packaging, retail point-of-purchase materials, publicity, advertising, radio and video promotion, Internet marketing and tour support in the marketing and sale of recorded music. Students will develop comprehensive marketing plans for each semester's Artist recordings.

CMC 320 3 hours
Faith, Music and Culture

The purpose of this course is to help students develop a Christian approach to the creation, marketing and consumption of contemporary music. While engaging in studies of theory, history and criticism, students explore the concept of culture and the nature of popular culture. Students examine popular art and music in contemporary aesthetic, social, cultural and industrial contexts, and explore the issues involved in relating faith and worldview to the production and criticism of commercial music.

CMC 393 1 hour
Practicum

An intensive ten-day practicum in a major music market.

Focus on the Family Institute

Focus on the Family Institute, under the auspices of Focus on the Family in Colorado Springs, provides a unique values-oriented, biblically based education program in which students examine critical family issues. The curriculum is composed of four core courses, a practicum experience in one of the various departments at Focus, and an integrative research

ACADEMIC PROGRAMS

project. This semester studies program crosses academic and professional disciplines. Interaction with various national and international leaders and experts is also provided.

HEART Program

The HEART Program is offered during January interterm for those desiring to serve in developing third world countries. Students live and learn in a simulated third world village. Emphasis is on technical skill learning in agriculture (animals and horticulture), appropriate technology, cross-cultural communication/community development, nutrition/food preparation, and primary health care. Students receive three hours of Taylor credit for this program, which takes place at the Heart Institute in Lake Wales, Florida.

Honours Programme—CMRS, Oxford

The Honours Programme—CMRS, Oxford (OHP) is a partnership program with the Council for Christian Colleges and Universities and the Centre for Medieval and Renaissance Studies (CMRS), affiliated with Keble College of the University of Oxford. OHP offers juniors and seniors with a 3.5 gpa or higher an opportunity to study, research and interact with Oxford dons (professors) while earning sixteen semester hours of Taylor credit. Students may explore areas of their major field by designing two separate tutorials. An interactive seminar offers an opportunity to study a specialized topic of the Medieval, Renaissance, Reformation and Counter-Reformation periods. Each student presents a major scholarly project/paper in an integrative survey course. Travel to significant historical and cultural sites in England on four study tours is included.

OHP 300 8 hours

Oxford Honours Private Tutorial

Students may design two individualized tutorials, in consultation with their home campus faculty, that fit specific needs. These tutorials must remain in the framework of the liberal arts.

OHP 310 4 hours

Oxford Honours Seminar

Five students regularly meet with a tutor for a guided course of study. A listing of seminar choices can be found in the annual CMRS Prospectus in the Academic Affairs Office.

OHP 320 4 hours

Oxford Honours Integrative Course

In the fall semester the integral course comes at the beginning of the term and traces the background knowledge necessary for an understanding of the Middle Ages. In the spring semester the integral course comes at the end of the term providing a conclusion to the semester by consolidating the student's grasp of developments in Europe during the Renaissance and

Reformation, and by looking ahead to the seventeenth century. A major scholarly project or term paper for presentation at a closing symposium is required.

International Business Study Tour

The business department sponsors this business study tour during interterm or in the summer. Students visit various international sites using these locations as their classroom to study trade, economics and other business topics.

ITB 381 3 or 4 hours

International Business Tour

A study tour of selected international locations to focus on regional trade, economics and business topics. Issues of cultural differences, conflicts, compromises and international cooperation are examined. Throughout, the cultural dimension of international business dealings is emphasized. Prerequisites: MKT 231, ECO 211 or 190, sophomore standing within a business division major/minor. Offered interterms.

Irish Studies Program

The Irish Studies Program of Taylor University is designed to help college students expand cultural and spiritual awareness by studying and experiencing the history and culture of Ireland. With an emphasis on the integration of faith, learning and living, the Program seeks to develop an understanding of Ireland and its people through curricular and co-curricular activities. Students earn 16-17 hours of credit. The Program is located in the quiet seaside town of Greystones in County Wicklow, Ireland. Just 20 miles south of Ireland's capital, Dublin, Greystones provides students with a safe and pleasant community, including a harbor, beach and cliff walks.

ISP 200 1 hour

Hill Climbing

This course is designed to introduce students to a variety of basic techniques and principles necessary for a safe and enjoyable hiking experience, as well as promote a lifelong activity that aids in developing a healthy life style. Particular areas of content include gear selection, basic land navigation skills, hiking technique, trip planning, Leave No Trace ethic and first aid. Students complete a variety of reading assignments as well as keep a journal of their hiking experiences. *Part of the Irish Studies Program.*

ISP 220 3 or 4 hours

Contemporary Ireland

This course entails the investigation of the geographic, social, cultural, political, artistic and religious aspects of Ireland. Exploration of these topics occurs through involvement with Irish people, engagement in cultural activities, studying the history, culture, geography, and literature of Ireland, conversations with one another, as

well as personal journaling. This course intends to help students reflect on their values, attitudes, and behaviors and those of their home culture in comparison to the Irish culture. Students are encouraged to develop understanding of and adaptation to a different culture as well as empathize with persons from that culture. *Part of the Irish Studies Program. Meets cross cultural requirement for general education.*

ISP 225/325 **3 hours**

History of Ireland

This course deals with the different people who became permanent settlers in Ireland over the centuries and of the contribution that each has made to the development of an Irish society and economy, and to a distinctive Irish artistic and political life. The early lectures consider the Celts, the Vikings and the Anglo-Normans, but the principal focus is on the modern centuries with a detailed treatment of English and Scottish Protestant settlements in Ireland of the interaction of these settlers and their decedents with the Catholic population. Special attention is given to the major conflicts that occurred, especially those of 1642-52, the 1790s and the current conflict in Northern Ireland. Finally, consideration is given to the Anglo-Irish War of Independence and the Irish Civil War. *Part of the Irish Studies Program. Meets history requirement for general education. History majors who have already fulfilled the general education requirement may take the course for upper division credit, with approval of the professor.*

ISP 230/330 **3/4 hours**

Irish Literature

This course concentrates upon literature written by Irish writers within Irish contexts and landscapes--intellectual and emotional when not physical. Assignments exploit unique opportunities available while studying in Ireland itself, adjacent to England. More complicated is the colonial influence upon Ireland, the island's currently divided space; "the troubles," and the connection between high art and popular expression. Thus, a focus of the course will be how the search for a literary voice not only parallels, but indeed facilitates the search for a national Irish identity. Acknowledging writers' interest in Gaelic language and culture, students read works in English. Noting the role of musical performances in pubs and the rhetoric of the public sphere, the course concentrates upon fiction, poetry, and drama. *Part of the Irish Studies Program. Meets literature requirement for general education. English majors who have already fulfilled the general education requirement may take the course for upper division credit, with approval of the professor.*

ISP 250 **1 hour**

Participation in the Arts

Part of the Irish Studies Program. Meets participation in the arts requirement for general education.

ISP 355 **3 hours**

Celtic Studies

A survey of Christian belief as developed during the history of the church with a special focus on Medieval Christianity in Ireland. *Part of the Irish Studies Program. May substitute for REL 313.*

Israel/Greece Study Tour

The department of biblical studies on the Upland campus sponsors a three-week trip to Israel and Greece during January interterm. The trip focuses on biblical developments of the Old and New Testament eras. Special emphasis is placed on the archaeology of Jerusalem, Jesus' ministry in Galilee, and the life and journeys of the apostle Paul. Students visit key sites in both Israel and Greece.

BIB 103 **3 hours**

Introduction to Holy Land Studies

A study of the biblical background and contemporary significance of Israel. Taught in Israel during January. *This course may count for either BIB 110 or 210, a departmental elective or cross-cultural requirements. Offered interterms.*

Jerusalem University College

The department of biblical studies offers an opportunity for fall or spring semester studies at Jerusalem University College (JUC) in Israel. Choice of several course offerings is available. Students have the opportunity to study Scripture in context, view biblical sites, understand the Arab-Israeli conflict and experience modern and ancient cultures. This program provides a basic understanding of the land and people of the Bible and of the Middle East. *Availability of the program in fall and spring semesters is dependent upon review of current political conditions.*

JUC 300 **12-17 hours**

Holy Land Studies/Israel

Students enrolling in this semester-long program in Bible, geography, history and archaeology will receive 12-17 hours of Taylor credit to be identified on the basis of courses selected when they enroll. *Applicability toward the major, general education and cross-cultural requirements must be determined in advance by petition or course selection.*

Lighthouse Trips

Lighthouse is a ministry of Taylor World Outreach. Lighthouse teams go to different parts of the world to share the light of the gospel, the redemptive love of Jesus Christ, with a world in need. The teams are recruited in the spring for ministry projects that take place the following January. Students must take a required one-credit-hour course in cross-cultural ministry during the fall semester followed by the trip in January, earning three cross-cultural credit hours. The

ACADEMIC PROGRAMS

ministries include evangelistic outreach through the performing arts, work and service projects, practical missionary training, and missions surveys and are designed to optimize the cross-cultural, interpersonal and ministry aspects of the international experience.

IAS 120 **1 hour**

Introduction to International Ministry

An overview of cross-cultural mission, of American cultural distinctives, and of host nations' cultural distinctives is presented. *The class is offered each fall in preparation for participating in cross-cultural ministry during January interterm. Grade only.*

IAS 320 **3 hours**

Cross-Cultural Outreach

IAS 120 or permission of the instructor is required for this month-long experience of ministry that meets the general education cross-cultural requirement. Additional practicums may be selected in philosophy/religion, Christian education, social work, elementary education or music during the field experience. *Offered interterms.*

Literary London

A study of literature and culture is offered in England annually by the English department during interterm. Students may receive credit in general education, literature or cross cultural studies. The group focuses its activities in central London with field trips to surrounding areas such as Stratford-upon-Avon, Canterbury, Oxford, Dover and Salisbury. Students are encouraged to attend plays and musicals and to participate in British life.

ENG 233 **3 hours**

Literary London

A study-tour conducted each January in England, combining study of selected major British authors with extensive sightseeing in London and surrounding counties. *Meets general education literature requirement. Offered interterms via Upland campus.*

Lithuania Christian College

Lithuania Christian College (LCC), located in the beautiful port city of Klaipeda, and Taylor University have developed a one-semester (either spring or fall), study-abroad program. The program allows Taylor students to enroll in twelve to seventeen hours of university courses including subjects in English, Christian studies, business, history, German, psychology, philosophy and counseling.

LCC 370 **12-17 hours**

Study in Lithuania

This semester program offers a variety of courses taught in English. Applicability toward major, general education and cross-cultural requirements must be

determined in advance of course selection. *Permission by program director is required.*

Los Angeles Film Studies Center

The Los Angeles Film Studies Center (LAFSC), located adjacent to Burbank, California, provides a values-based education for skills acquisition and on-the-job training for students interested in the various aspects of the film industry. Serving as a fall or spring semester extension campus for the Council for Christian Colleges and Universities member colleges, the LAFSC incorporates a semester-study program with internship experiences to equip students to be a positive Christian presence in the film industry. *Applicability to a major must be determined in advance by the department.*

FSC 310 **3 hours**

Introduction to Filmmaking

An introduction to the theory and practice of motion picture filmmaking. Topics will include familiarity with filmmaking equipment; basic motion picture techniques; converting ideas to images; the use of lighting, editing, and sound in film; and the role of acting, directing and good storytelling in the filmmaking process. Students make several short super 8mm films that manifest their faith in content and process.

FSC 311 **1 hour**

Inside Hollywood

An overview of the creative and operational aspects of the Hollywood film business, including the Christian's role in working within the entertainment business.

FSC 312 **3 hour**

Screenwriting

An introduction to contemporary screenwriting, including an understanding of dramatic structure, character and dialog development, and the writing process. Students complete a full-length screenplay for a feature film or "movie-of-the-week." Emphasis is given to the role of Christian faith and values as they relate to script content.

FSC 313 **3 hours**

Seminar on Independent Film Production

An introduction to the process of producing an independent feature film. Topics include legal structures, business plans, preproduction activities such as scheduling and budgeting, and an overview of the producer's role in production, and distribution. Attention is given to the Christian's unique contribution to producing.

FSC 320 **3 hours**

Faith, Film and Culture

A study of the relationship between film and popular culture, with emphasis on Christianity's role in these arenas. The course examines how faith, film and culture

mutually influence one another. It includes an overview of the historical relationship between the church and the movies, an understanding of a theology of the arts, a cultural studies approach to the nature of the arts in popular culture, and the Christian's role in identifying, discerning and ultimately influencing movie content.

FSC 492 **6 hours**

Internship

A nonpaying internship in some aspect of the Hollywood film or television industry as arranged by the LAFSC. The internship is to serve as a laboratory that provides students real-life exposure to the industry.

Middle East Studies Program

The Council for Christian Colleges and Universities sponsors a Middle East Studies Program (MES) in Cairo, Egypt. Students who are juniors and seniors are exposed to the vast resources of Cairo during the fifteen-week fall or spring semester. Courses such as Introduction to Arabic Language, People and Cultures of the Middle East, Islamic Thought and Practice in the Middle East, and Conflict and Change in the Middle East maximize the educational, experiential impact of the curriculum. The program includes two travel components: one to Israel/Palestine and one to Jordan, Syria and Turkey. Involvement in a local service project is an important component of the program.

MES 100 **4 hours**

Introduction to Arabic Language

While focusing on spoken Arabic, students are given a solid grammatical introduction to the language. Students are also introduced to the major genres of Arabic literature with consideration of how the Christian faith relates to themes encountered in Arabic literature.

MES 310 **4 hours**

People and Cultures of the Middle East

This course seeks to acquaint students with the enormous varieties of peoples and cultures found in the Middle East. Literature, music, dance and food are integrated into the learning experience. The course examines the basic structure of historical and contemporary societies and cultures with a special emphasis on those found in Egypt, Jordan, Syria and Turkey.

MES 312 **4 hours**

Conflict and Change in the Middle East

The purpose of this course is to help students understand the historical, political and religious transformations that have occurred in the last century. The Arab-Israeli conflict will receive special emphasis with the goal of helping students understand the complexity of the issues surrounding the current attempts to establish a lasting peace. The course includes an extended travel component based in Jerusalem.

MES 322 **4 hours**

Islamic Thought and Practice in the Middle East

This course examines the doctrines, rituals, jurisprudence, and historical vision of Islam with an emphasis on contemporary expressions of Islam in the Middle East.

Oxford Study Program

The Taylor Oxford Study Program offers an alternative approach to major study during January interterm. Learning is facilitated by a tutorial method at England's Oxford University. The program consists of various group meetings to assimilate British culture. Each Taylor student meets weekly with an Oxford tutor on a topic of the student's choice for Taylor credit. Students are hosted in homes of British church families.

Russian Studies Program

Students may earn up to 16 hours of credit while discovering firsthand the richness of the Russian language, culture and history through a unique living/learning semester abroad sponsored by the Council for Christian Colleges and Universities. The Russian Studies Program (RSP) makes use of the resources found in Moscow, center of the former Soviet government and current political and economic debate; Nizhni Novgorod, located on the Volga River 230 miles east of Moscow in the Russian heartland and the focus of post-Communist economic reform; and St. Petersburg, where Eastern and Western influence are wed in a city rich with history and culture. The semester includes the opportunity to participate in a service project and to live with Russian families. Applicability to a major must be determined in advance by the department.

RSP 100 **4 or 6 hours**

Russian Language Study

While primary focus of the Russian language course is on conversational Russian, other goals include equipping students to be comfortable with basic reading and writing in Russian. Placement in this course of study corresponds to level of proficiency. Contact with students, faculty and host families facilitates language acquisition.

RSP 310 **4 hours**

Russian Peoples, Culture and Literature

Using the resources of Moscow, St. Petersburg and Nizhni Novgorod, students study the Russian people and culture throughout history using well-known works of Russian literature to examine changes in Russia. Works by Tolstoy, Dostoyevsky, Gorky and Bulgakov are used. Visits to appropriate sites, including homes of literary figures, museums, and historic cities and villages are included in this seminar.

ACADEMIC PROGRAMS

RSP 311 3 hours

Russia in Transition

Students are introduced to the complexities of transition from a centrally planned economy to a free market system and establishment of democratic institutions as they take an in-depth look at Russia since 1991. Students discuss the changes and their impact on Russia's economy, political institutions and the life of the Russian people. The seminar includes service projects in selected educational institutions, orphanages, businesses and other organizations in the Nizhni Novgorod region, as well as travel throughout western Russia.

RSP 312 3 hours

History and Sociology of Religion in Russia

This seminar delves into the history of religion in Russia dating from the beginnings of Christianity in the tenth century to the present day, with emphasis on Orthodoxy and Protestantism, including study of the persecution during the Soviet era and the flourishing of religious activity in post-Soviet years. The course also looks at the current government regulations from various points of view.

RSP 313 2 hours

International Relations and Business

Students explore issues related to the newly-arising world of business in Russia. Cultural differences, economic potential, ethics and government policy will be examined.

Semester in Spain

The department of modern languages participates in the Semester in Spain program of Trinity Christian College. In this program, students earn up to sixteen hours of credit while studying with faculty members who are natives of Spain. Students live with families in Seville, Spain. The city's theatres, galleries, museums and 400-year-old university provide many opportunities for cultural activities.

SPA 300 12-17 hours

In addition, students enroll in an Orientation to the City class, which examines urban issues including the responsibilities and challenges for the Christian.

PHYSICAL EDUCATION AND HUMAN PERFORMANCE

Three PHP courses are required to meet the general education requirement at Taylor University - PHP 100 (1 hour) and two different PHP 200 courses (1 hour each). Elementary education majors satisfy one hour of PHP 200 by taking PHP 250. PHP 100 is a prerequisite to any course taken to satisfy the PHP 200 requirement.

Physical Education and Human Performance Courses

PHP 100 1 hour

Fitness for Life

A course on the importance of wellness, including the spiritual basis, and how individuals can achieve a state of wellness in their lives. Content includes the health-related components of physical fitness, hypokinetic diseases, nutrition, AIDS and sexuality, substance abuse, cancer, and stress management. Students are expected to engage in a program of regular physical activity during the semester, and a battery of tests is given to assess each student's level of physical fitness. *This course, a requirement for all students, satisfies one of the three general education requirements in PHP.*

PHP 200 1 hour

General Physical Education

These courses are designed to encourage students to adopt an active physical lifestyle and to maintain physical fitness and wellness throughout their lives. Students learn about activities and develop skills for participation in lifetime sports. A variety of courses are offered each semester from the list below. *Prerequisite: PHP 100.*

The individualized physical education course is designed for students who fit into one of the following three

categories: (1) the student has a physical problem that prohibits completion of another PHP 200 course; (2) the student would like to do an activity that is not offered as an PHP 200 course; and (3) the student is near graduation and cannot schedule another PHP 200 course. Students design personal physical fitness programs that must include cardiovascular activities and then engage in those physical fitness programs throughout the semester. Physical fitness assessments are administered before and after the course, and a cognitive assignment is required. Students must apply to and be approved by the PHP instructor in order to register for the course.
 Prerequisites: PHP 100 and PHP 200 (1 credit).

The athletic participation course is designed for students who compete on an intercollegiate athletic team. Students must select and register for this course in the term in which they are participating in the sport and must meet the prerequisites. Credit will not be given for athletic participation retroactively. Students must apply to and be approved by the associate registrar and the athletic director in order to register for this course.
 Prerequisites: PHP 100.

SOCIAL WORK

Social work is one of the major human service professions focused on enhancing the social functioning of individuals, families, groups, organizations and communities. Services are provided to all people with particular emphasis on disadvantaged populations. A variety of practice settings including hospitals, family and children's service agencies, schools, residential facilities, health care facilities, home-based services, business and industry, mental health agencies, and developmental disabilities agencies are used as service learning experiences.

The goals of the social work program at Taylor are (1) to prepare baccalaureate level social workers for beginning-level generalist practice, (2) to prepare students for graduate social work education, and (3) to integrate Christian principles with professional social work values and ethics. The social work curriculum includes five content areas: human behavior and the social environment, practice, policy, research, and field instruction.

Taylor's social work program is accredited by the Council on Social Work Education (CSWE) and offers a bachelor of arts (includes language requirement) or bachelor of science degree in social work. Graduates are prepared to apply for state credentialing (licensure, certification, or registration) as a beginning-level social work practitioner in most states.

Due to recent changes in Taylor University's general education requirements, academic program changes in the major(s) and/or minor(s) may be required. Therefore, these changes may become effective in the next year for all students entering under this 2002-2003 catalog.

Entrance and Graduation Requirements

Entry into Taylor's social work education program begins during the sophomore year when students (1) satisfactorily complete the pre-entry courses SWK 200, 231, SOC 100, and PSY 200; (2) complete a minimum of 30 hours of volunteer experience, preferably at a social services agency; (3) receive the approval of the social work education department.

Students in the social work major are expected to complete a minimum of 78 hours including SWK 200, 231, 351, 354, 355, 362, 393, 441, 451, 452, 492; one social work elective from SWK 320, 330, 340, or 380; SOC 100, 220, 355; JUS 353; PSY 200, 300; and supporting courses including ECO 190, POS 100, BIO 143. Attainment of a minimum 2.5 gpa is required in the major.

The bachelor of arts and bachelor of science degrees are offered in social work. Students considering work in areas that are bilingual are encouraged to take appropriate language courses. The bachelor of arts degree requires two years of one foreign language.

SUMMER HONORS PROGRAM

This program offers academically-accomplished high-school students an opportunity to get a head start on college through a tuition free, five-week summer session taking from five to seven credits. Summer Honors participants are challenged academically, spiritually, and socially. Career assessments, Bible studies, and group trips to parks, museums, and sporting events allow students to experience firsthand the excitement of being a Taylor Fort Wayne student.

Students choose two or three classes such as psychology, science, or physical education. Every student also takes the interdisciplinary course, God, Humanity, and Knowledge. This class challenges students to think

critically, write effectively, and develop their personal potential.

Eligibility requirements include completion of junior year in high school (must be a current, high-school-age student); a minimum 3.3 cumulative high-school gpa on a 4.0 scale; must be in top 25 percent of class (flexible if student comes from a high-school class of less than 50); acceptable SAT/ACT or PLAN/PSAT scores; written recommendation from a high-school guidance counselor; official high-school transcript; application completed by May 1; residence on campus for the five weeks; nonrefundable application fee; and associated costs for room, board, and textbooks.

Alpha Chi Honor Society

Chi Alpha Omega is a campus-wide scholastic honor society, election to which is limited to not more than 10 percent of the seniors and 5 percent of the juniors. Chi Alpha Omega members are eligible to join the national scholastic honor society, Alpha Chi.

SYSTEMS

See Computing and System Sciences.

THE APPLICATION PROCESS

Through the Admissions Office, prospective students may obtain information on how to become involved in Taylor University Fort Wayne's unique educational experiences, which weave together scholarship in the liberal arts tradition, Christian commitment and awareness, strategic career development, and a closely knit, residential campus community.

Secondary School Preparation

Applicants to Taylor University Fort Wayne should have graduated from an accredited secondary school (a GED is also acceptable) and present satisfactory aptitude test scores. Aptitude test scores are used to help interpret a student's high school transcript, the primary document in the evaluation of academic potential. Recommendations from a guidance counselor and pastor are important, as are a student's achievements in co-curricular activities. Applicants should have pursued a challenging college preparatory course load, including four years of English, three or four years of mathematics, three or four years of laboratory science, and two years of social science. Two years of foreign language are recommended. Introductory courses in music, art, and basic computing are also encouraged.

Application Procedures

Application materials may be requested by phone (1-800-233-3922) or by writing to the Office of Admissions. In addition, students may apply online at www.tayloru.edu/fw/admissions. Students are encouraged to submit the required credentials early in the academic year preceding their desired enrollment.

Required credentials include an application form, high school transcript, recommendations from a guidance counselor and pastor, and aptitude test scores (either the SAT I or ACT). The director of admissions may request a personal interview.

Taylor University recommends that college entrance examinations first be taken during a student's junior year of high school. For tests to be considered official, they must be sent from the high school or testing service directly to the Office of Admissions, Taylor University Fort Wayne, 1025 West Rudisill Boulevard, Fort Wayne, Indiana 46807.

Nontraditional Students

Applicants to Taylor University Fort Wayne who are 24 years of age or older are considered nontraditional students. The university recognizes that the factors indicating an individual's potential for success in college change over time. In evaluating applications and transcripts of nontraditional students, every effort is

made to be sensitive to the additional maturity and growth that life experience provides.

Required credentials for nontraditional students include an application form, a personal recommendation, high school transcripts (or GED), and transcripts from any college attended. In addition, a personal interview and/or SAT I/ACT scores (or alternative) may be required before an admission decision is made.

Transfer Students

Transfer students are welcomed at Taylor. Taylor University Fort Wayne accepts in transfer those courses carrying grades of C- or above from accredited institutions.

Required credentials for transfer students include an application form, recommendation from pastor, and transfer verification form and official transcripts from *each* college attended. Generally, a minimum college gpa of 2.5 is required. Standardized test scores are required to determine proficiencies in math, reading, and writing. The transfer policy is listed in this catalog under Academic Regulations.

Regular Admission

Students may apply for admission after they have completed their junior year of high school. Most students accepted into degree programs at Taylor University Fort Wayne are admitted under regular admission status. Admission decisions are made on a rolling basis.

Provisional Status

Students who do not meet the minimum academic standards but who show unusual promise for college success may be granted provisional admission. Provisionally accepted students will follow a prescribed schedule of no more than 13 credit hours and will meet regularly with an advisor from the ACE. The prescribed first-semester schedule includes New Student Orientation, Biblical Literature I, Fitness for Life, an English class appropriate to proficiency level, Applied Learning Techniques, and an introductory course to the student's major. Tutoring will be provided in specified classes. Students admitted under this classification must earn a gpa high enough to avoid academic probation at the end of two semesters in order to remain at Taylor. Provisional acceptance status does not restrict participation in intercollegiate athletics. For additional information, contact the director of the ACE.

Guest Status

Students are considered guests when they are not seeking a degree from Taylor University and fall into one of the following categories:

ADMISSIONS

- Students who desire to take one or two courses at Taylor for the specific purpose of transferring the credit earned to another institution.
- Those high school students who wish to take college courses and apply these hours to credits-in-escrow.
- Those students who attend one of the Christian College Consortium schools and desire to compliment their preparation with course work at Taylor.
- Those individuals who wish to take one or two courses solely for the purpose of self-improvement
- Guest students may earn no more than 24 credit hours with this status. Transfer credit is not accepted while the student holds guest status. Financial aid is not available to guest students. Students who wish to apply credits toward a degree must apply for regular admission to the university through the Admissions Office.

International Students

International students desiring admission should provide the following for consideration:

- TOEFL score of at least 550 on the paper-based test or 213 on the computer-based test. Scores must not be more than two years old. When registering, students should indicate code 1802 to have the scores sent directly to Taylor. The TOEFL may be waived if the student is a citizen of Great Britain, Australia, Canada, New Zealand, or the British West Indies or if the student has studied in one of the above-mentioned countries or in the United States within the last two years and has a good academic record.
- Certificate showing completion of secondary school, including the results of any examinations. Official English translations of the certificates are required.
- SAT or ACT scores. These scores are recommended for students who wish to be considered for merit scholarships. They are also used to determine proficiency requirements in math, reading, and writing.

An application will not be evaluated until the student submits a completed application (including essays), completed recommendation forms, official academic records and test scores, TOEFL scores, an affidavit of support, and a signed Life Together Covenant.

International students have to show evidence of financial support before full acceptance can be granted. The Form I-20 will not be issued until documentation showing sources of financial support is submitted. International

students may work on campus part time during the academic year, but the income generated will not be sufficient to cover education costs.

Matriculation Deposit

Taylor University Fort Wayne requires a \$100 matriculation deposit for all new degree-seeking. All traditional students are required to live on campus unless they are commuting from their parents' home. In addition, all new residential students are required to submit a \$40 room deposit with their housing application.

The matriculation deposit confirms a student's desire to attend Taylor University Fort Wayne. When the deposit has been received and accepted, a place in the student body is secured. Matriculation deposits are honored in the order in which they are received, as openings are available.

For students enrolling for the fall term, the matriculation deposit may be paid anytime after the student's acceptance. For students who cancel their acceptance before May 1, the matriculation deposit is fully refundable. A request for a refund must be submitted in writing before May 1. Refunds will not be made after May 1.

For students enrolling for the spring term, the matriculation deposit may be paid any time after the student's acceptance. For students who cancel their acceptance before November 1, the matriculation deposit is fully refundable. (A request for a refund must be submitted in writing before November 1.) Refunds will not be made after November 1.

Advanced Placement or Credit by Examination

To seek advanced standing or college course credit, an applicant may take an Advanced Placement Examination administered by the College Entrance Examination Board. Students who have passed an Advanced Placement Examination may be eligible for placement at the next level of the college sequence and may receive college credit if the overall quality of their performance merits such recognition. Score levels vary between subjects; score levels considered passing may be obtained from the Office of Academic Assessment.

Advanced credit may also be gained through the subject exams of the College Level Examination Program (CLEP). Additional information regarding advanced placement may be secured from the Office of Academic Assessment or the Registrar's Office.

The Hoosier College Preparatory Program

The Hoosier College Preparatory Program (HCPP) is a vital component of Taylor University's urban outreach.

Its primary goal is to prepare elementary and secondary school students for a college education by addressing academic, financial, and personal barriers to success.

Taylor University students are involved in year-round initiatives that provide academic enrichment for students in grades K-12 and opportunities to explore a variety of issues related to college preparedness.

Supported by a grant from the Lilly Foundation, HCPP has three main components that are strengthened by supportive relationships with college students and caring adults, including Academic Mentoring Centers, Kids-to-College Summer Project, and Village Scholars Program.

STUDENT EXPENSES

Students attending Taylor University are paying only a part of the actual *cost* of their education. Each student receives an educational subsidy to the extent that the amount billed is less than the institution's cost of providing the educational experience. Income from contributions, earnings on the endowment, grants, and other sources offsets the total cost of a Taylor education in the determination of student costs.

The college reserves the right to increase rates if and when necessary.

Annual Costs

Refer to the Taylor University Fort Wayne Tuition and Fee Schedule for the current costs for an academic year. This publication is available in the Business Office.

Other Charges

Certain classes may require the student to purchase materials for specific projects or may require a basic materials charge. These costs vary by course and cover only the materials used by the individual student. Certain other charges are assessed for courses requiring private or special instruction and for administrative costs for special services and transportation.

Advance Payment

All returning students are required to pay an advance payment of \$100 to secure their registration for fall semester. Advance payment is due by June 1. Refund of the \$100 advance payment to returning students is granted as follows: Through June 30, a full refund will be granted; July 1-14, a return of \$75 will be given; July 15 and after, no refund will be granted.

College Level Examination Program

An examination fee is charged for each test administered, and an additional cost exists for each hour of college credit awarded.

Advanced Placement Credit

A fee is assessed for each hour of college credit awarded.

Student Insurance

Taylor University requires all students to carry health insurance. Taylor University facilitates an insurance program that is available to all students to help meet this requirement. If health insurance is covered via another method (i.e. parent coverage or other plan), the insurance must be waived by written confirmation. Coverage is available for single students, for husbands and wives, and for families. Rates are available upon request from the Business Office.

Payment of Bills

The bill for fall semester is mailed to registered students at their Taylor University e-mail address and a copy to their permanent postal address approximately August 1, with payment due August 20. Initial billing for interterm and/or spring semester is mailed approximately January 1 and due January 20. One copy is mailed to the student's Taylor University e-mail address and one to the permanent postal address. Statements are mailed each subsequent month to students who owe a balance or have had transactions to their account during that billing cycle. Any new charges that may occur are due the 20th of the month in which they are billed.

There are two payment options available:

- Payment in full by the due date (20th of the month in which charges are billed).
- Tuition Management Service (TMS): This method of payment provides for monthly payments beginning in May, June, or July in anticipation of fall enrollment. There is a nominal one-time fee, and there are no interest charges for this service. Full TMS guidelines are available from the Business Office.

Additional information may be found in the Tuition and Fees Schedule. This publication is available in the Business Office.

Taylor charges interest based on the following policy: Any balance of fees not paid by the due date when first billed, or deferred pursuant to one of the payment options described above, will be subject to an annual percentage rate of 13 percent.

A student's account must be current to avoid a Business Office hold on registration, housing, transcripts, and/or diploma release.

Emergency Funds

Two emergency funds are available for student use. The Taylor University Emergency Loan is a short-term loan that permits a student to borrow up to \$300 for a period of 60 days for school-related purposes. For more information, contact the Business Office.

The Taylor Parents Association raises financial resources each year to be allocated for student emergencies. Medical costs not covered by insurance and emergency travel in case of death or severe sickness of immediate family are two of the most frequent reasons for allocations of this fund. Other emergency costs will be considered. Contact the dean of students for more information.

FINANCE

University Withdrawal Procedures

Withdrawal forms may be secured from the dean of students.

In cases of withdrawal of full-time students from the university, refunds of student charges for tuition and room and board are based on the refund schedule.

Basic fees are nonrefundable. No refund will be given for withdrawals after the end of the sixth week.

Refunds are based on the total term bill and on the date the official withdrawal form is completed. The matriculation fee and housing deposit are forfeited for students who complete registration but must withdraw before May 1. Any deviations from the refund policy are at the discretion of the vice president for the Ft. Wayne campus and dean of students.

If a student is receiving financial aid, funds will be returned to the aid source(s) according to the Taylor University refund and repayment policy. Copies of this policy (including calculation examples) are available upon request from the Financial Aid Office.

FINANCIAL AID

The following information regarding financial aid is accurate at the time of the catalog printing but is subject to change due to changing federal and state regulations and institutional policies and budgetary constraints. For the most current information, please refer to the financial aid section of our website, www.tayloru.edu/fw/departments/financialaid or contact the financial aid office.

The financial aid programs at Taylor recognize that it is the basic responsibility of students and their families to

finance a college education. However, the rising cost of education has made it necessary for many students to enlist financial assistance outside their personal or family resources. Financial aid can help many qualified students attend Taylor regardless of financial circumstances.

The financial aid programs offer assistance to students in need in the form of scholarships, grants, loans, and employment. Financial aid is awarded primarily on the basis of financial need, except in the case of merit scholarships that require superior academic achievement and ability. If the student's aid package is based on financial need, the total aid package (including merit and outside scholarships) cannot exceed the student's financial need.

Financial need is defined as the difference between a family's resources and the total cost of attending college. If a difference exists between the total cost of attending Taylor (including all tuition, fees, room, board, books, supplies, and personal expenses) and the ability of the family to meet these educational costs, the student is determined to have financial need. An evaluation of financial need includes consideration of the parents' and student's income and assets, family size, and number of family members in college.

To determine the extent of the student's financial need and the family's ability to pay for educational expenses, Taylor uses the Free Application for Federal Student Aid (FAFSA) and the Taylor University Financial Aid Application. An analysis of these statements yields the amount that the family is expected to contribute.

Students enrolled in Taylor University's established study abroad programs will receive financial aid as though they were on campus. Students may only receive institutional financial aid for their first study abroad program. Federal financial aid is available for additional study abroad programs. No financial aid (federal or institutional) will be awarded to students attending study abroad programs not offered through Taylor University.

Students who plan to enroll on a part-time basis should consult the director of financial aid about the availability of financial aid programs. Many aid programs require that a student be enrolled full time (a minimum of 12 credit hours per semester).

To continue to receive need-based financial aid, a student cannot be on extended academic probation and must meet the criteria established in the Taylor University Satisfactory Academic Progress Policy. Copies of this policy are available upon request from the Financial Aid Office. Satisfactory academic progress for financial aid applicants/ recipients shall be measured both qualitatively and quantitatively. In order to

maintain eligibility to receive financial aid, the maximum time period for a full-time student to complete his/her course of study shall be the equivalent of five academic years or until he/she has completed graduation requirements of a bachelor's degree, whichever period is less. The maximum number of terms students transferring to Taylor University may receive financial aid will be prorated based on their entering enrollment status. Students enrolled on less than a full-time basis are subject to the above standards applied proportionally to their credit hour load.

How to Apply for Financial Aid

Students should begin the application process for financial aid as soon as possible after January 1. Those only interested in merit-based programs need not submit any financial aid forms. The Financial Aid Office automatically awards merit-based scholarships after receiving the students' SAT scores and class rank information from the Admissions Office.

In order to receive need-based financial aid, these steps must be followed:

- Be accepted for admission to Taylor University. Students may apply for financial aid prior to their acceptance at Taylor, but financial aid will not be awarded until acceptance is finalized.
- Complete the FAFSA as soon as possible after January 1 and mail it to the processor. Also complete the Taylor University Financial Aid Application and send it directly to the Financial Aid Office. A certificate of mailing should be acquired from the post office as proof of postmark. Indiana students whose forms are postmarked after March 1 will not be eligible for state aid. Please also consider the following:
 1. The FAFSA may be picked up in high-school counseling offices or university financial aid offices. The Taylor University Financial Aid Application is only available from the Office of Financial Aid.
 2. In order to avoid unnecessary delays in processing, the Taylor Financial Aid Office strongly recommends that a family complete its income tax returns before completing the FAFSA. However, if this is not possible, the FAFSA must be completed using estimated tax information in order to meet the deadline.
 3. The release of information to Taylor University Fort Wayne should be clearly requested on the proper page of the FAFSA. Our code number is E00624.
 4. Additional forms may be required in order to receive state aid from Pennsylvania, Vermont, Alaska, Rhode Island or Massachusetts.

Students should check with their high-school guidance officer regarding which forms are required by their state.

5. *Remember to be considered for state aid, Indiana residents must have their FAFSA postmarked by March 1.* No other form is required.

In order to receive timely consideration in the awarding of financial aid, please submit the indicated forms and respond promptly to requests for any additional information or documentation.

Grants

The following grants are available to qualifying students. Please consult the Financial Aid Office regarding the appropriate applications.

- Taylor University General Grants award up to \$9,000 per year.
- Church Matching Grants award up to \$1,200 per year, half from the student's church and half from Taylor.
- Dollars for Scholars awards up to \$1,000, half from Taylor.

Federal Aid

Anyone may apply for federal aid by completing the Free Application for Federal Student Aid (FAFSA). The following grants are available to qualifying students:

- The Federal Pell Grant is based on financial need as determined by the FAFSA. It offers a maximum of \$3,750 per year (amount subject to change on a yearly basis).
- The Federal Supplemental Educational Opportunity Grant is based on financial need as determined by the FAFSA. It replaces an equal amount of Taylor General Grant. A maximum of \$3,750 per year is provided.

Loans

Students may apply for the following loans by completing the appropriate applications:

- The Federal Perkins Loan is based on financial need as determined by the FAFSA. It loans a maximum of \$1,500 per year for freshmen and \$650 for sophomores, according to financial need. Repayment begins nine months after the student leaves school. A 5 percent interest rate is charged. Taylor University awards the loan, which must be signed for every year it is received.

- The Subsidized Stafford Loan is a bank loan, and a separate request form must be completed. It is based on financial need as determined by the FAFSA. The loan provides a maximum of \$2,625 per year for freshmen, \$3,500 per year for sophomores, and \$5,500 per year for juniors and seniors, depending on financial need. Repayment begins six months after the student leaves school. This loan has a variable interest rate that is capped at 8.25 percent. It is available through applications provided on line or by the Financial Aid Office. To insure disbursement for the August payment, applications must be in the Financial Aid Office by July 1.
- The Unsubsidized Federal Stafford Loan is not based on financial need. Interest payment is required from the date of disbursement. Otherwise, it operates the same as a subsidized loan. It cannot exceed the maximum loan limits stated above when combined with a subsidized loan.
- The Federal PLUS (Parent Loan) is a bank loan, and a separate application must be completed. It is not based on financial need and may not exceed the cost of attendance minus other aid. Repayment begins 60 days after the final disbursement of each academic year. Federal PLUS has a variable interest rate capped at 9 percent. It may be sought on line or from the Financial Aid Office.

Work

Federal Work Study is based on financial need as determined by the FAFSA. Students are allowed to earn a maximum of \$1,800 per year.

State Aid

Students from Indiana may qualify for the following:

- The 21st Century Scholarship is based on financial need as determined by the FAFSA. It provides a maximum of \$3,674 per year (amount subject to change of yearly basis).
- The Higher Education Grant is based on financial need as determined by the FAFSA. It provides a maximum \$3,679 per year (amount subject to change on yearly basis).
- The Freedom of Choice Grant is based on financial need as determined by the FAFSA. It offers a maximum of \$5,081 per year (amount subject to change on yearly basis).

The following states offer applicable state grants: Pennsylvania, Massachusetts, Alaska, Rhode Island, and Vermont state grants are awarded to students even if they attend out-of-state colleges. These grants are based on financial need as determined by the FAFSA and/or on additional forms.

OBJECTIVES OF STUDENT DEVELOPMENT AND SERVICES

Student Development is dedicated to upholding its objectives, which are detailed as follows:

- To provide the environment, resources, and programs that maximize the potential for Christian students to grow in their understanding and expression of their Christian faith.
- To provide programs that promote ethnic and cultural understanding.
- To provide professional counseling and health care services for students.
- To create a Residence Life program that encourages personal growth and fosters the practice of the Life Together Covenant.
- To provide safe and comfortable housing facilities for students.
- To provide a campus community that is safe and secure for students.
- To provide orientation services that will aid students in their transition to Taylor University and college life.
- To assist students with career planning that will result in professional preparation for placement.
- To insure a student body profile, both in numbers and quality, that is supportive of Taylor's strategic educational and institutional planning.
- To provide an intercollegiate athletic opportunity through which the student athlete can be developed, tested, and encouraged to achieve his/her maximum physical, emotional, intellectual, and spiritual potential.

ATHLETICS

Athletics is an integral part of the "whole person" concept of education at Taylor University Fort Wayne. The total development of the student athlete is the paramount goal in the athletic program. In practical terms, participation in athletics provides an avenue through which student athletes are developed, tested, and encouraged to achieve their maximum potential physically, emotionally, intellectually, and spiritually. Athletic competition is designed to assist and support student athletes in their understanding of a Christian response to a fundamental human experience.

Intercollegiate Athletics

Taylor University Fort Wayne provides intercollegiate competition in two sports for men and two sports for

women. Women's volleyball and men's soccer are scheduled during the first half of the fall semester. Overlapping the fall semester and continuing during interterm and the spring semester are the sports of men's basketball and women's basketball.

Taylor University Fort Wayne participates in athletics as a member of the United States Collegiate Athletic Association.

Intramural Sports Program

The Intramural Sports Program is provided for student enjoyment by the athletic department in cooperation with Student Development. Intramurals are designed to provide a wide variety of activities for meeting the recreational and competitive needs of the TUFW student body. Flag football, volleyball, and basketball are provided for both men and women; coeducational competition is featured in the spring softball games. Floor hockey is a popular winter activity for men and women. Individual competition in cross-country events, tennis, and chess takes place throughout the academic year.

STUDENT DEVELOPMENT

Taylor University Fort Wayne Student Development expands the "whole person" education of students through programs designed to enrich and support the students' classroom experience. These programs include residence life, Taylor Student Organization, student ministries, campus safety, career development, counseling services, health services, leadership development, new student orientation, student activities and organizations, and student publications.

Residence Life

Taylor University Fort Wayne places a strong emphasis on community development. The purpose of Residence Life is to create an environment that fosters the basic values of Christian community. Residence Life's program is based on a model that includes the spiritual, intellectual, emotional, physical, social, and vocational dimensions of a student's life.

Residence hall facilities at Taylor University Fort Wayne are designed as living-learning centers where students are challenged to learn, grow, and apply their faith. Taylor University Fort Wayne strives to provide a community living experience through which students are exposed to a variety of learning opportunities that go beyond the scope of their classroom experiences. Residence hall directors are professionally trained to help students develop a high degree of self-direction and responsible citizenship. They serve as educators, counselors, and members of the faculty.

STUDENT AFFAIRS

Housing

The residence hall facilities are designed to provide a safe and comfortable physical environment for students. Residence halls remain locked 24 hours a day. Residents gain admittance by use of a security card issued to them at the beginning of each academic year.

Housing Deposit

Students who have been admitted to Taylor University Fort Wayne and have paid the matriculation fee will automatically receive residence hall application materials from Student Development. These materials must be returned to Student Development before a residence hall assignment can be made. A \$50 housing deposit must be paid to Student Development and is returned when a student leaves the university or cancels an acceptance. (Please note the refund policy.) Charges for damage to residence hall property and other university-administered facilities are deducted from this housing deposit.

Residence Requirements

All single, traditional (under age 24) students who are enrolled in 12 or more hours per semester are required to live in a university residence hall unless they are living in the home of their parent(s)/guardian(s). Students seeking exception to this policy must fill out an Off-Campus Request Form and receive approval from the dean of students.

Room Assignments

Room and roommate assignments are made prior to the beginning of fall semester for freshmen and transfers. Assignments are made as residence hall applications are received; those who return their forms early stand a better chance of being assigned to the hall and roommate of their choice. Returning students participate in a room draw that allows them to select their own roommate and residence hall room. The university reserves the right to assign space as it deems appropriate.

Hall Regulations

Specific residence hall regulations are listed each year in the Student Handbook. The responsibility for determining residence hall regulations rests with the residence hall staff and the Community Life Committee. Changes in regulations will be made from time to time when such changes are considered to be in the best interest of the total university community.

Room Furnishings

Residence hall rooms are furnished with the following: window coverings, beds, mattresses, desks and chairs, dressers, and closet space. In some halls, built-in bookcase space is available.

Residents in Schultz Hall, Bethany Hall, and Wiebke House are allowed to build lofts. Approval must be obtained from the residence hall director before construction begins. All structures must meet the guidelines of the loft policy to insure proper fire safety.

Student Government

Students participate in the affairs of Taylor University Fort Wayne through the Taylor Student Organization (TSO), membership on faculty-student committees, and personal interaction with faculty and administrators. The president of TSO serves as the official spokesperson for students.

Spiritual Life and Student Ministries

Taylor University Fort Wayne is committed to the strategic task of helping students develop a growing intimacy with God - knowing Him and loving Him. Chapel meets every Monday, Wednesday, and Friday mornings and serves as the nucleus of spiritual life on campus. Attendance at chapel is expected of every student. Students are also expected to attend a local church of their choice. Small group Bible studies are a part of each residence hall wing's activities; many students choose to form their own Bible study and prayer groups as well.

Student Ministries offers the student opportunities to become involved in practical ministry. Taylor World Outreach (TWO) is the agency through which most of these opportunities are offered. Students are exposed to world-wide ministry through World Opportunities Week in early November each year. The Practical Missionary Training arm of TWO sponsors short-term, mission outreach projects both in the U.S. and abroad. Students also are encouraged to participate in local ministries such as outreach to the county jail and juvenile detention center, nursing homes, social service agencies, and literacy building efforts.

Campus Safety

The Campus Safety Office provides a variety of services to the students, faculty, and staff of Taylor University Fort Wayne. The university employs a full-time director and a staff of student officers that provides coverage for the afternoon through early-morning hours. The director of campus safety works in conjunction with local, state, and federal law enforcement agencies to ensure a safe campus environment. Campus Safety also oversees the campus motor pool, identification cards, emergency telephones, motor vehicle registration, and parking problems.

Taylor University Fort Wayne complies with the Student Right to Know and Campus Security Acts of 1990, which requires annual publication of campus crime statistics.

Career Development

The Career Development Office is responsible for assisting students in ascertaining their career interests and broadening their awareness of the numerous opportunities available through a liberal arts education. This office also assists students in securing employment through job postings and computerized listings such as Intercristo. Taylor University Fort Wayne cooperates with other universities and colleges in the Fort Wayne area to provide access to potential employers for seniors and alumni in a job fair setting.

Counseling Services

Individual counseling is available to students on a no-fee basis. Students struggling with stress management, interpersonal relationships, family problems, or any other concern may make appointments to see the campus counselor. Students with severe or ongoing psychological problems may be referred to a Christian psychologist or psychiatrist in the Fort Wayne area. These professional services are available at the student's expense.

The campus counselor can be reached at extension 32375.

Health Services

Because of the abundance of health-care providers in the Fort Wayne area, Taylor University Fort Wayne contracts with a local hospital to provide health services to our students. Residential students are charged a fee each semester that allows them access to medical services that deal with common illnesses and injuries. Nonresidential students may elect to enroll in this service.

Leadership Development

Taylor University Fort Wayne students gain valuable experience in leadership both through academic course work and practical opportunities. Students who are interested in being resident assistants, orientation leaders, Taylor Student Organization (TSO) officers, or Taylor World Outreach (TWO) leaders first enroll in the leadership course offered the initial seven weeks of spring semester. Through selection and election, leaders are chosen to serve the following academic year. These students receive additional training and do advance planning during the remainder of the spring semester for the following fall.

New Student Orientation

The purpose of New Student Orientation at Taylor University Fort Wayne is to provide continuing services to aid new students in their transition to Taylor, to integrate new students into the life of the institution, and to assist in the students' understanding of their own relationship to the intellectual, social, cultural, and spiritual climate of Taylor University. The program consists of Welcome Weekend, which assists in the initial adjustment to the college environment, and a one-hour course required of all freshmen students.

The course consists of a weekly one-hour lecture series and a weekly one-hour, follow-up small group discussion for the first ten weeks of each semester. Topics such as relationships, library research skills, time management, study strategies, and career decision-making are addressed. A special section addressing topics unique to nontraditional students is offered.

Student Activities and Organizations

The academic year at Taylor University Fort Wayne is complemented by a variety of social functions including professional entertainment by Christian artists, films, banquets, and talent/variety shows. Recreational activities such as bowling, roller skating, and miniature golf are also popular. Entertainment opportunities in the Fort Wayne community that TUFW students enjoy include professional theatre, the philharmonic orchestra, and professional ice hockey, basketball, and baseball.

A variety of clubs and organizations are available on campus for students with specialized interests. Some are related to academic majors, some are social in nature, and some exist for special populations such as multicultural students or married students. Freshman, sophomore, junior, and senior classes also elect officers to plan activities for their constituencies.

Student Publications

Students with writing ability, photographic skills, or artistic skills are invited each year to assist in the production of the campus yearbook, the "Vine."

Students with writing ability and who desire experience in journalism are encouraged to be staff members of The Express, the campus student newspaper.

COMPLIANCE

Taylor University complies with applicable federal and state statutes related to institutions of higher education, including the Student Right to Know Act of 1990, as amended; the Federal Family Rights and Educational Privacy Act of 1974, as amended; the Americans with Disabilities Act of 1990, as amended; Section 504 of the Rehabilitation Act of 1973; and all federal and state nondiscrimination laws.

Services for Students with Disabilities

Taylor University complies with the federal mandates outlined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Reasonable accommodations are made to give students with documentation of their disabilities an equal opportunity for success. These services are provided through the ACE located in the Zondervan Library.

The Student Right to Know Act of 1990

The Student Right To Know Act of 1990 (Public law 101-542 as amended) requires colleges and universities to maintain records of student enrollment, graduation, and participation in athletically-related financial aid. This data is available upon request from the Office of Administration and Planning, Taylor University, 236 West Reade Avenue, Upland, IN 46989-1001, (765-998-4627).

Taylor Policy of Nondiscrimination and Compliance

It is the policy of Taylor University to provide equal employment opportunity to employees and candidates for employment. Within the parameters of the university's Statement of Faith and Life Together Covenant, no discrimination shall exist against any employee or candidate for employment due to race, color, national origin, or sex. This policy is applicable to the policies governing recruitment, placement, selection, promotion, training, transfer, rates of pay, and all other terms and conditions of employment.

Compliance with this policy is the personal responsibility of all personnel, especially those whose duties are related to the hiring of new employees and the status or tenure of current employees. The university is committed to recruiting, employing, and promoting qualified members of groups who have not been discriminated against by the university but may be the victims of systematic, institutional, and societal forms of exclusion and discrimination. Further, as an Equal Opportunity/Affirmative Action Employer, the university will cooperate fully in the implementation of applicable laws and executive orders.

As an equal opportunity institution, Taylor University complies with all federal and state nondiscrimination laws. Direct inquiries to the Office of Academic Affairs, Taylor University, 236 West Reade Avenue, Upland, IN 46989-1001, 765-998-5204, or the Office of Civil Rights, D.H.E.W., Washington, D.C.
